Luke Proclamation Commentaries By Danker Frederick W:

Luke, Judaism, and the Scholars Joseph B. Tyson, 1999 This survey of the history of critical scholarship on the Gospel of Luke and the Acts of the Apostles draws particular attention to the interpretation of Luke's treatment of Jews and Judaism. It notes that the Holocaust was a major turning point in the history of New Testament scholarship. **An Introduction to The Gospels** Mitchell G. Reddish, 2011-09-01 An Introduction to the Gospels is designed to be a textbook for courses on the Gospels for use at the college and beginning seminary level. Reflecting the most recent scholarship and written in an accessible style, the volume covers all four of the Gospels including a survey of the world of the Gospels. The book opens with a discussion of the origin, development, and interrelationships of the Four Gospels. After a chapter-length treatment of each canonical Gospel and the non-canonical Gospels, the work concludes with a discussion of the historical Jesus debate. In *An Introduction to the Gospels*, Mitchell G. Reddish provides a solid, convenient survey of the Gospels in an accessible textbook format, presents up-to-date scholarship in a field that has been dominated by older texts, gives a balanced presentation of the content of the Gospels. The Way According to Luke Paul Borgman, 2006-03-10 Among the classics of ancient Greek and Jewish literature, the story of Luke Acts has few rivals. Yet we moderns miss much of the meaning of Luke's two-part drama because we read it like any other text and not as it would have been heard by ancient listeners in public performance by a skilled storyteller. *The Way according to Luke* unlocks the big picture of Jesus' mission by attending to the repetition patterns and other clues of oral narrative. In this single volume, Paul Borgman lays out a holistic view of the organic unity between Luke and Acts while demonstrating that the meaning of Luke Acts is uniquely embedded in its narrative. Borgman's distinctive work makes available both the satisfying pleasure of reading the Bible as great literature and the rewarding insight gained from receiving Scripture as it was originally delivered. *What are They Saying about Luke?* Mark Allan Powell, 1989 *The Assumed Authorial Unity of Luke and Acts* Patricia Walters, 2009-02-12 This book reassesses the case for single authorship via an innovative statistical analysis that reveals significant stylistic differences between Luke and Acts. **Rethinking the Acceptable Year** Christopher James Luthy, 2019-11-13 The biblical Jubilee has enjoyed increasing prominence in Lukan and missional literature, much of which has been based on suggested Jubilee allusions throughout Luke Acts, especially Luke 4:16-30. This study questions the presence of such allusions, arguing that the suggested references are better understood within the broader and more explicit tradition of the Basileia of God. Every suggested Lukan textual and thematic reference to the Jubilee is examined with particular attention given to the Nazareth episode (Luke 4:16-30), which is often cited as the most explicit Jubilee reference. The study also addresses some fundamental issues which have informed recent exegeses, including Luke's use of the term, the theme of the Basileia of God throughout Luke Acts, and the importance of Isaiah 61, both the first-century traditions that may have influenced Luke as well as how Luke employed the text throughout his two-part work. *The Conclusion of Luke-Acts* Charles B. Puskas, 2009-01-01 The conclusion of Luke Acts is

regarded as one of the most important chapters of Luke's two volume work. Several significant Lukan themes are found in Acts 28, all of which make some contribution to the purpose and aim of the author in writing Luke Acts: the Gentile mission, the triumph of God's Word, and the relationship of Christianity with Judaism and Rome. Acts 28 contains many historical problems that have been debated for centuries, including the statements of the figure of Paul in Acts 28 and the abrupt ending. Puskas compares the conclusion of Acts with other important chapters of Luke Acts: the introduction of the Gospel, the conclusion of Acts, the defense of Paul, chapters as well as other passages. In this significant chapter of Acts 28, there are still fundamental problems of exegesis that need to be addressed. What is the literary function of Acts 28? What is Luke trying to tell his readers in the text?

The Shepherd-flock Motif in the Miletus Discourse (Acts 20:17-38) Against Its Historical Background Bernard Aubert, 2009. The Shepherd Flock Motif in the Miletus Discourse Acts 20:17-38 Against Its Historical Background provides a comprehensive survey of the use of the shepherd flock motif in the ancient world for the readers of the New Testament. This review of Ancient Near Eastern, Jewish, Greco-Roman, and Christian sources is guided by a motific approach that integrates the concept of metaphor, Semantics, and the comparative method. A chief concern of this study is to apply this knowledge to the study of Luke Acts, especially the Miletus Discourse Acts 20:17-38. The shepherd flock motif appears to be central in this speech and helps to integrate other motifs and themes in this discourse, such as the kingship motif. The Shepherd Flock Motif in the Miletus Discourse Acts 20:17-38 Against Its Historical Background is indispensable to the study of motifs in the New Testament and contributes meaningfully to the scholarly research on Luke Acts.

The Last Shall Be First John York, 2015-01-29. Many recent studies recognize the feature of reversal in individual narratives in Luke. What contribution do they make to Luke's eschatology, and how do they enable us to define the historical audience of Luke's Gospel? York's study focuses on the numerous sayings, parables, and narratives in Luke that exhibit a double or bipolar reversal of fortunes. It concludes that this rhetorical form is a fundamental element in Luke's understanding of the death and resurrection of Jesus and the nature of life in the Kingdom inaugurated by Jesus.

Mark's Gospel--Prior or Posterior? David Neville, 2002-08-01. The similarities and difference of arrangement and order of episodes in the gospels of Mark, Matthew, and Luke have always been one of the major criteria for resolving the Synoptic Problem. How important and how reliable are arguments based on such considerations, and where might they lead? Here Neville reviews these issues in detail, explaining the significance of his conclusions for understanding the literary relationships among the three Synoptic gospels and particularly for the competing theories of Markan priority, the standard two source hypothesis, and Markan posteriority, the Griesbach hypothesis.

Passions of the Christ F. Scott Spencer, 2021-05-04. Senior New Testament scholar F. Scott Spencer focuses on a neglected area in the study of Jesus and the Gospels: the emotional life of Jesus. This book offers a fresh reading of the Gospels through the lens of Jesus's emotions: anger, grief, disgust, surprise, compassion, and joy. These emotions motivate Jesus's mission and reveal to Gospel readers what matters most to him. Amid his passions, Jesus forges his character.

"Go Into All the World" A Study of the Great Commission Texts Dr. Daniel L. Butler, 2009-09-01

The Great Commission stands as the single most important aspect of New Testament mandates and without its realization Christianity would have died; believers would have failed to pass Christian truths to others. Obviously, Jesus' mandate to make disciples continues to impact the world, and through this manuscript, author Dr. Daniel Butler has thoroughly examined the Great Commission texts. Furthermore, by considering the only history book of the church in the New Testament, Acts, the study examines the church's understanding, implementation, and fulfillment of Jesus' commissioning words. Although the Great Commission may appear flawed with discrepancy at first, the student of this material will walk with the author through each of Jesus' commissioned texts in detail, compare their similarities, contrast any differences, and emerge with a consolidated grasp of Jesus' mandate to make disciples. By reconciling every potential discrepancy, distilling the commission elements into a summary, and examining the disciples' response in the book of Acts, the student of this study will experience enlightenment and understanding through grasping Jesus' most important words and observing the early church's fulfillment.

Lectionary Preaching Workbook Russell F. Anderson, 1997

Bigger, stronger, better. Russell Anderson has taken the most original and successful lectionary resource in history and improved on it. He has kept all of the traditional features that have made it a classic, such as overviews of each liturgical season, commentaries compatible with the Revised Common Roman Catholic and Episcopal lectionaries, an introduction to the featured gospel narrator, Luke, in Cycle C, theological reflections for exploring the relationships between the texts, and wide margins for note-taking. Instead of stopping there, he added a 7x10 one-size-fits-all format, a suggested sermon title for each week, a Sermon Angle briefly explicating the theological theme for the day, sometimes providing two or three and two to four illustrative stories per chapter. Contained are crisp, tightly written lectionary helps that zero in on the critical themes of the texts, augmented with illustrative materials. The Prayer of the Day suggestions summarize and apply the themes in helpful language. The Reverend Dr. Dennis Anderson, President, Trinity Lutheran Seminary, Pastor, Anderson's ability to relate eternal truths in the language of our 20th-century society will enable those informed by his writings to communicate the TRUTH in a way that will gain attention and guide the living of life.

The Reverend Dr. Reuben T. Swanson, Former Bishop, Nebraska Synod, Lutheran Church in America; Former Secretary, Evangelical Lutheran Church in America; Russell F. Anderson is pastor at Holy Cross Evangelical Lutheran Church in Omaha, Nebraska. He received his master of divinity degree from the Lutheran School of Theology at Chicago and his doctor of ministry degree from McCormick Theological School in Chicago. He has published his own worship and homiletical resources under the banner *Worship Windows*.

Luke Frederick W. Danker, 1976

Luke concentrates on the Third Gospel's thematic exploration of God's selection of Israel as the fulfillment of his purpose. Frederick W. Danker examines the unique qualities of Luke's emphasis on the Hellenistic Benefactor model for an

interpretation of the mission of Jesus and the church his preference for the terms Christ and Lord and his reliance on the early church's Bible to document his theology are considered in depth The book is invaluable for preachers students and others interested in the historical understanding and contemporary interpretation of the Third Gospel *The Narrative Unity of Luke-Acts* Robert C. Tannehill, Tannehill shows how the narrative contributes to the impact of Luke's literary whole The study further shows that Luke's use of recurring words patterns of repetition and contrast irony pathos and many other features of this narrative contribute to the total fabric of Luke's masterpiece *Cleansed Lepers, Cleansed Hearts* Pamela Shellberg, 2015 Pamela Shellberg shows that Luke's use of the language of clean and unclean has particular first century medical connotations that make it especially powerful for expressing his understanding of the universal salvation prophesied by Isaiah and by Jesus Shellberg traces how the stories of Jesus cleansing of leprosy in the Gospel become the pattern for the divine cleansing of Gentile hearts throughout Acts and one of Luke's primary expressions of the means of God's salvation and favor through the dissolving of distinctions between Jew and Gentile *The Shape of Luke's Story* Robert C. Tannehill, 2005-11-01 Because of Luke's unique literary achievement in the Gospel of Luke and Acts these two works raise a variety of interesting and important issues for the exegete In this important collection of essays Tannehill demonstrates why he has been in the forefront of Luke Acts research for more than three decades His nuanced approach to the intersection of literary theological and social features in the texts marks these as required reading for any interpreter of the gospels

Early Christ Groups and Greco-Roman Associations Richard S. Ascough, 2022-06-20 Over the past two and a half decades there has been an increasing interest in how the data from the associations known primarily from inscriptions and papyri can help scholars better understand the development of Christ groups in the first and second centuries Richard Ascough's work has been at the forefront of promoting the associations and applying insights from inscriptions and papyri to understanding early Christian texts This book collects together his most important contributions to the scholarly trajectory as it developed over a two decade period A fresh introduction orients the sixteen previously published articles and essays which are arranged into three sections the first dealing with associations as a model for Christ groups the

second focused on how associations and Christ groups interacted over recruitment and the third on two key elements of group life meals and memorializing the dead **He of Whom it is Written** Jaroslav Rindoš, 2010 Scholarly discussion concerning Elijah in Luke is affected mainly by the detection of the many allusions to Elijah in connection with Jesus and at the same time by noting the absence of some associations of Elijah with John the Baptist familiar from the Gospel according to Mark This twofold observation has brought many scholars to rethink whether or not Luke continues to present John as the Elijah who was to come In Luke's perspective John is the Elijah promised by Malachi acting in the spirit and power of the Elijah of old Luke furthermore agrees with Malachi that the promised messenger prepares for the Lord These and several other claims concerning the theme are proposed to the reader as the fruit both of the scholarly discussion and of an analysis of the appropriate Lucan texts in this monograph
