Wisdom Nan C. Merrill,2010-07-15 This inspiring book contains admonitions challenges and encouragements for the reader to move up another step on the spiritual ladder In short these are spiritual self help exercises for personal improvement The gentle hints and suggestions come in the form of meditations and brief contemplative insights which will help the hesitant inquirer who is making the first gestures towards inner contentment Gathering Those Driven Away Wendy

Farley,2011-09-12 This book is a powerful expression of Jesus Christ given in the midst of the brokenness and hostilities of this world as experienced by those who are marginalized and persecuted in contemporary society Drawing on broader sources in the Christian tradition Farley maintains the power of Jesus of Nazareth as the expression of the Divine Eros in Wisdom to break powers of sin and provide a vision of life which is an alternative Empire to present ways and where love reigns as norm Multisensory God Connections Linda Van Soest Tintle,2022-12-27 In this book the author shares the story

of her personal spiritual learning quest and the specific strategies that were effective for her spiritual growth During a particularly demanding time of her life Linda felt a longing for peace and spiritual connectedness In those very busy days she questioned whether she was following the Great Commandment to love the Lord your God with all your heart with all your soul with all your mind and with all your strength Luke 10 27 She was dissatisfied with the lack of spiritual growth she experienced in the habits of praying silently and passively reading devotionals Learning to love God with heart soul mind and strength became a focus of private study and journaling which led to this book Linda began integrating short practical routines throughout her days creating several brief periods of daily spiritual connectedness Utilizing multisensory learning strategies that she used with her students she discovered more meaning in her spiritual life She concluded that part of loving God fully means loving him more actively as opposed to having a passive and lukewarm relationship with God Linda feels passionate about sharing these multisensory teaching methods for personal spiritual growth evidence based effective strategies that are widely used in academic settings but are rarely used in spiritual learning The author suggests practical ideas for connecting with God throughout busy days ways requiring more involvement and more mental focus Also Linda offers spiritual learning ideas which address individual differences in learning styles and types of intelligence as opposed to the same methods for everyone Following the ideas in this book will keep your mind more focused on your relationship with God throughout the routines of your day while bringing more passion to your spiritual learning **Centering Prayer for**

Prayer for Everyone is the most welcoming and accessible guide to Christian contemplative practice available Focusing on five practices lectio divina visio divina walking meditation chanting the Psalms and the silent practice of centering prayer this practical guide collects in one volume everything needed to learn these practices including concise instructions readings and programs Clearly formatted so that instructions and programs are easy to find at a glance Centering Prayer for Everyone can inspire beginners to enter the practices immediately and includes detailed instructions for starting and facilitating both in person and digital prayer groups This inclusive handbook explicitly welcomes everyone to these practices whatever their beliefs or doubts including Christians meditators from other traditions twelve step members and anyone filled with longing for spiritual transformation and connection with God **Extension** ,1980 *The Publishers Weekly* ,2002 **Book**

Review Index ,2004 Every 3rd issue is a quarterly cumulation **Psalms for Praying** Nan C. Merrill,2006-12-05 Every commentary on the Book of Psalms has had to face the issue that many of these prayers commemorate and celebrate wrath and vengeance What is needed is not ingenious exegetical rationalization of ancient texts but the kind of transformation into a work of piety and art that is provided here Addressed are the needs of a world seeking to counter individual and societal injustices by a global peace born of personal peace through prayer and practice In short here is the Book of Psalms recast in the light of the continuing revelation and evolution of the authentic religious spirit of the scriptures **American Book Publishing Record** ,2002 **Forthcoming Books** Rose Arny,2002-04 **The Catholic Library World** ,2002

Catholic and Protestant Translations of the Imitatio Christi, 1425-1650 Maximilian von Habsburg,2016-04-08 The Imitatio Christi is considered one of the classic texts of Western spirituality There were 800 manuscript copies and more than 740 different printed editions of the Imitatio between its composition in the fifteenth century and 1650 During the Reformation period the book retained its popularity with both Protestants and Catholics with the exception of the Bible it was the most frequently printed book of the sixteenth century In this pioneering study the remarkable longevity of the Imitatio across geographical chronological linguistic and confessional boundaries is explored Rather than attributing this enduring popularity to any particular quality of universality this study suggests that its key virtue was its appropriation by different interest groups That such an apparently Catholic and monastic work could be adopted and adapted by both Protestant reformers and Catholic activists including the Jesuits poses intriguing questions about our understanding of Reformation and Counter Reformation theology and confessional politics This study focuses on the editions of the Imitatio printed in English French German and Latin between the 1470s and 1650 It offers an ambitious and comprehensive survey of the process of translation and its impact and contribution to religious culture In so doing it offers a fresh analysis of spirituality and devotion within their proper late medieval and early modern contexts It also demonstrates that spirituality was not a peripheral dimension of religion but remains at the very heart of both Catholic and Protestant self perception and identity
