Lun Est Lautre Des Relations Entre Hommes Et Femmes:

, *Relations entre hommes et femmes en Espagne aux XVI^e et XVII^e siècles* Augustin Redondo, 1995 femmes ne sont pas des hommes comme les autres (Les) Janine Mossuz-Lavau, Anne de Kervasdoué, 1997-03 Les changements survenus dans la seconde partie du XX^e siècle ont considérablement loigné les femmes du profil adopté par leurs mères. Aujourd'hui les femmes ne sont plus très loin de former la moitié de la population active : elles ont investi en masse l'enseignement supérieur ; elles ont délaissé les bancs de l'Eglise et armées de la législation sur la contraception et la dépénalisation de l'avortement, elles sont devenues libres de leur corps. Toutes ces transformations conduisent à tracer le portrait d'une femme qui serait devenue le clone de l'homme. On peut se poser la question si l'on se souvient des propos des féministes dans les années 1970 qui reprenaient les théories galataristes de Simone de Beauvoir. Plus récemment, certains sont allés jusqu'à annoncer la venue d'une société androgyne. Mais qu'en pensent les femmes et les hommes de ce pays ? Comment les femmes se voient-elles par rapport aux hommes ? Comment se définissent elles et décrivent-elles leurs compagnons ? Pour répondre à ces questions, Janine Mossuz-Lavau et Anne de Kervasdoué ont effectué une longue enquête auprès d'une centaine de femmes aux statuts les plus divers : profession, provenance géographique, état de vie, etc. Il en ressort une prise de conscience très aiguë de ce qui est aujourd'hui l'identité féminine. Politologue, Janine Mossuz-Lavau est directrice de recherche au CNRS et la fondation nationale des Sciences politiques. Elle a publié "Les Français et la politique", Odile Jacob, 1994. Anne de Kervasdoué a également publié "Questions de femmes et Questions d'hommes", Odile Jacob, 1996. Beyond French Feminisms R. Célestin, E. DalMolin, I. Courtivron, 2016-04-30 This volume, a collection of essays by a number of high-profile personalities working in philosophy, literature, sociology, cinema, theatre, journalism and politics, covers a number of recent and crucial developments in the field of French Feminisms that have made a reassessment necessary. "Beyond French Feminisms" proposes to answer the question what is new in French Feminism at the beginning of the twenty-first century. The essays reflect the shift from the theoretical and philosophical approaches that characterized feminism twenty years ago to the more social and political questions of today. Topics include the parity and PACS debates, the France-USA dialogue, the multicultural issues and the new trends in literature and film by women. **French Women in Politics: Writing Power** Raylene L. Ramsay, 2003-01-01 Although more women in France have entered political life than ever before, the fact remains that there are fewer women representatives in the French parliament than there were after the Second World War. In a new and original approach, the author presents an overview and analysis of the emerging body of texts by or on women who have held high political office in France. The argument is that writing about women and politics has not just described or reflected women's slow but now substantial entry into political life; it has played a major part in shaping the parity debate and its outcomes. Interviews with political women such as Huguette Bouchard, Simone Veil or Edith Cresson inserted in the text demonstrate the emergence and circulation of a new common discourse focused on the issue of whether women in politics make or should

make a difference A close reading of the various texts examined in this book and their connection to new public counter discourses in France suggest that a re writing of power is indeed occurring **Alterities** Thomas Docherty,1996 Alterities marks an advance to a new stage of critical theory Dealing with literature from Shakespeare and Donne to Calvino with philosophy from the medieval to the contemporary with cinema from popular to art film and with political theory from Marx to Lyotard Baudrillard and Badiou Thomas Docherty intervenes in all the major contemporary cultural debates to propose and practice a new criticism whose theoretical foundations lie in a postmodern ethics ecopolitics and an austere attention to the radical difficulties of art Bound together by the cohesive drive of Docherty s intelligence and the coerciveness of the arguments he enlarges about alterity and historicity Alterities rehabilitates the question of why we bother about art and proposes new modes of critical engagement with contemporary culture *Genre et fondamentalismes/Gender and Fundamentalisms*

Fatou Sow,2018-09-26 When why and how can religion and culture be both sources and places of expression for fundamentalisms particularly in relation to politics Those are the central questions asked throughout this book alongside a discussion on the result when religion strengthened by culture is used as a political tool to access moral and social power Cultural and religious messages often form the basis of decisions laws and programs made in politics and have a direct effect on society in general and on women and gender relations in particular The various forms taken by fundamentalisms in some African countries and the contexts under which they have emerged the ways in which they re shape identities and relationships between men and women are also analysed in this book These fundamentalisms are frequently sources of concern in social debates in feminist and feminine organizations as well as in academia and politics The manipulation of cultures and religions are becoming progressively political and consequently can cause social discrimination or even physical moral and symbolic violence **Le Corps dans le roman des écrivaines syriennes contemporaines** Martina Censi,2016-05-02 Le Corps dans le roman des crivaines syriennes contemporaines de Martina Censi explore les repr

sentations du corps dans un corpus de romans en arabe publi s entre 2004 et 2011 par six crivaines syriennes L auteure conjugue l analyse du texte litt raire avec la critique f ministe et les tudes de genre Par cette approche interdisciplinaire Censi d montre que l attention reserv e par ces crivaines aux repr sentations du corps f minin et masculin t moigne de leurs engagements dans la lutte pour l mancipation des femmes mais aussi et surtout dans celle pour l affirmation de l individu dans la soci t syrienne contemporaine Les corps des personnages marqu s par leur diff rence unique sont le lieu symbolique de la n gociation entre les instances individuelles et collectives In Le Corps dans le roman des crivaines syriennes contemporaines Martina Censi explores the representation of the body in a selection of Arabic novels published between 2004 and 2011 by six Syrian women authors Taking an interdisciplinary approach which combines analysis of the literary texts with Feminist Criticism and Gender Studies Censi demonstrates that by focusing on the representation of female and male bodies these novelists deal not only with feminist issues related to women s emancipation The author reveals that they

also engage in a broader analysis concerning the status of the individual in contemporary Syrian society. Marked by their unique difference, the characters' bodies become the symbolic location for the negotiation between individual and collective claims.

La violence conjugale au Congo-Brazzaville Emmanuel Jovelin, Élisabeth Prieur, 2015-01-01. Qu'est-ce que la violence conjugale? Comment se manifeste-t-elle? Quelles sont les causes? Quel sens les femmes victimes de violences donnent-elles à cet état de fait? Quel accompagnement social? Cet ouvrage propose un voyage en R publique du Congo Brazzaville pour montrer l'autre face de la domination masculine et pour découvrir en quoi la coutume peut aussi permettre des formes de violences caractéristiques. Il est aussi un appel pour dire NON à la violence.

Les chrétiens et l'homosexualité : l'enquête Claire Lesegretain, 2011-03-16. Après les scandales provoqués par la révélation des abus sexuels sur jeunes garçons commis par des membres du clergé aux Etats-Unis, en Irlande, en Autriche, puis le schisme qui a suivi l'ordination d'vêques ouvertement homosexuels dans l'Eglise anglicane puis dans l'église épiscopaliennes, une enquête sérieuse s'imposait. Les hommes d'Eglises sont-ils plus nombreux que dans d'autres milieux à avoir une orientation homosexuelle? Quel discours crédible les Eglises peuvent-elles tenir face à cette réalité? Que dire des personnes vivant en couple homosexuel et engagées dans leur Eglise? Des témoignages, portraits de personnes concernées directement ou indirectement par l'homosexualité, ainsi que de grandes interviews d'experts historiens, psychanalystes, psychologues et théologiens permettent ici d'éclairer ce questionnement et de clarifier les enjeux actuels de la question homosexuelle dans la société et dans les Eglises, et proposent des pistes pour un accompagnement pastoral adapté. Ils en parlent. Livre passionnant, disais-je, par son exhaustivité et par son format. Chaque chapitre est composé d'un texte de l'auteur et d'une ou deux interviews avec des spécialistes. La lecture en est ainsi rendue plus claire et plus vivante; les questions posées lors des interviews faisant souvent écho à celles que l'on se pose en lisant le texte en préambule du chapitre.

Blog Catholique aujourd'hui, 16/03/2013. La beauté du livre c'est sa polyphonie, bien loin d'une perspective qui unifierait de force tous ces témoignages, on assiste à des paroles irréductibles les unes aux autres. Blog du Père Jonathan, 22/04/2011.

Ni Ève ni Marie Françoise Lautman, 1998. Problèmes du genre en Grèce ancienne. Violaine Sebillotte Cuchet, Nathalie Ernoult, 2007. Des femmes grecques dansent la pyrrhique, une danse en armes constitutive de la masculinité phénicienne. Athénien prête serment en prenant moins tout un cortège de divinités féminines, les Sabines, sont aux origines de la concorde romaine et Platon demande aux femmes de la R publique d'assurer les fonctions de gardiennes de la cité de magistrats et de guerriers. C'est autour de ces exemples et de bien d'autres que l'équipe de recherches Phénicie a décide d'ouvrir pour le monde antique le dossier du genre en poursuivant la réflexion menée depuis quelques années sur la question des rapports entre les sexes et la définition des rôles sexuels. Ce livre offre un premier bilan des problèmes que pose l'usage de la catégorisation de genre en histoire ancienne, bilan qui doit faire traiter tous les thèmes possibles, propose une nouvelle approche de la plupart des types de sources disponibles, pigraphiques, papyrologiques, archéologiques, littéraires. Il suggère aussi que la mise en lumière de la dynamique des identités de genre permet de lire différemment l'histoire sociale et politique du monde.
