Violence and Gender in Africa's Iberian Colonies Andreas Stucki, 2019-05-18 This book examines how and why Portugal and Spain increasingly engaged with women in their African colonies in the crucial period from the 1950s to the 1970s It explores the rhetoric of benevolent Iberian colonialism gendered Westernization and development for African women as well as actual imperial practices from forced resettlement to sexual exploitation to promoting domestic skills Focusing on Angola Mozambique Western Sahara and Equatorial Guinea the author mines newly available and neglected documents including sources from Portuguese and Spanish women's organizations overseas They offer insights into how African women perceived and responded to their assigned roles within an élite that was meant to preserve the empires and stabilize Afro-Iberian ties The book also retraces parallels and differences between imperial strategies regarding women and the notions of African anticolonial movements about what women should contribute to the struggle for independence and the creation of new nation states

Des Empires en carton Nadia Vargaftig, 2016-10-06 Le Portugal et l'Italie, pays vainqueurs de la première guerre mondiale sortent du conflit avec des projets d'expansion coloniale qui portent essentiellement sur le continent africain Les relations internationales et les rapports de force européens ont vite fait de relancer ces projets au rang des illusions contribuant à l'installation des régimes fascistes en Italie et salazariste au Portugal et permettant ceux-ci de prospérer sur le terreau des victoires militaires et des nationalismes frustrés traversant l'étude des expositions nationales des participations aux expositions internationales et des foires coloniales de l'entre-deux-guerres cet ouvrage interroge les modalités de production et de réception d'un phénomène ancien dans le XIXe siècle occidental Il prétend ainsi approfondir les connaissances dans le domaine de l'histoire de la colonisation en valorisant la place du Portugal et de l'Italie parmi les Empires européens tout en largissant l'horizon des exhibition studies longtemps centrées sur le Nord de l'Europe et des Amériques

Portugal, une identité dans la longue durée, 2003-01-01 Le Portugal est une nation

moderne d europe mais aussi un des Etats européens dont les frontières actuelles sont les plus anciennes Cette tension entre le poids de l histoire et la modernité particulièrement vive dans le cas portugais a été l'occasion de se interroger sur quelques idées relatives concernant l'identité du Portugal son espace national ses mythes fondateurs parmi lesquels il faut inclure la Révolution des Oeilllets sa langue ses rapports avec le monde lusophone avec le reste de la péninsule ibérique ***Imperial Migrations*** E. Morier-Genoud,M. Cahen,2012-12-15 This volume investigates what role colonial communities and diaspora have had in shaping the Portuguese empire and its heritage exploring topics such as Portuguese migration to Africa the Ismaili and the Swiss presence in Mozambique the Goanese in East Africa the Chinese in Brazil and the history of the African presence in Portugal **Diaspora** ,2002 **Médias, pouvoirs et identités** PATRAQUIM Luis Carlos,2005-09-01 Partout les médias sont un enjeu de pouvoir et c'est par le biais de ces enjeux que s'expriment les identités ethniques ou politiques les trajectoires professionnelles des journalistes les techniques de reportage les traditions cinématographiques émergentes etc Introduit par un beau texte de l'écrivain mozambicain Luis Carlos Patraquin ce dossier ne prend pas l'exhaustivité Mais en une dizaine d'articles d'auteurs de nationalités brésiliennes britannique française mozambicaine et portugaise il offre une clé supplémentaire d'approche du puzzle lusophone **Creole Societies in the Portuguese Colonial Empire** Philip J. Havik,Malyn Newitt,2015-10-13 In 2004 a conference was held at King's College London to commemorate the centenary of the birth of Charles Boxer The theme of the conference was the development of the culturally mixed Portuguese societies in Asia Africa and America which reflected Boxer's own interest in the social history of Portugal's overseas empire Although the conference papers were published by Bristol University this volume is long out of print and the outstanding quality of many of the contributions has made it necessary for this collection to be republished Portuguese overseas expansion over a period of five centuries led to the formation of many mixed or creole communities which drew culturally not only on Portugal but also on indigenous societies This cross cultural interaction gave rise to a creole Portuguese identity that in many cases outlasted the formal empire itself Reflecting upon the main tenets of Boxer's work this collection provides a broad geographical perspective upon areas of Portuguese presence in Guinea Cape Verde Angola São Tomé Brazil and Goa The chapters cover a wide range of social strata including plantation slave and maroon communities private settler traders and pirates indigenous trade diasporas and Luso African Luso Brazilian and Afro Brazilian groups as well as the formation of Creole elites against the background of shifting racial gender ethnic linguistic and religious boundaries As such this collection represents an exercise in subaltern history which shows that the informal social relations were often more important in the long term than the formal structures of empire **Design in the Borderlands** Eleni Kalantidou,Tony Fry,2014-05-09 This book makes a significant contribution to advancing post geographic understandings of physical and virtual boundaries It brings together the emergent theory of border thinking with innovative thinking on design and explores the recent discourse on decoloniality and globalism From a variety of viewpoints the topics engaged show how design was

historically embedded in the structures of colonial imposition and how it is implicated in more contemporary settings in the extension of epistemological colonialism The essays draw on perspectives from diverse geo cultural and theoretical positions including architecture design theory and history sociology critical theory and cultural studies The authors are leading and emergent figures in their fields of study and practice and the geographic scope of the chapters ranges across Europe the Middle East Africa South America Asia and the Pacific In recognition of the complexity of challenges that are now determining the future security of humanity Design in the Borderlands aims to contribute to thinking futures by adding to the increasingly significant debate between design in the context of the history of Western modernity and decolonial thought

Médias, pouvoir et identités , A l aire de la mondialisation le fait linguistique est marchandisé de manière croissante Ainsi le marché des feuillets brésiliens telenovelas s'est brusquement largi et tend à devenir un phénomène lusophone majeur Si personne ne nie l'influence croissante que le géant brésilien acquiert dans l'aire dessinée par la pratique du portugais la quatrième langue européenne la plus parlée dans le monde le phénomène produit une uniformisation tendancielle des pays de langue portugaise L'analyse des médias d'voile certes des phénomènes de rapprochement provoqués par la communauté de langue mais renforce aussi l'impression que chaque pays reste surtout influencé par son aire d'insertion propre La lusophonie demeure une aire spécifique d'intersection avec d'autres identités et n'est pas en tant que telle une aire culturelle Partout les médias sont un enjeu de pouvoir et c'est par le biais de ces enjeux que se expriment les identités ethniques ou politiques les trajectoires professionnelles des journalistes les techniques de reportage les traditions cinématographiques émergentes etc Bien entendu la vitalité des médias sera plus forte là où le mouvement social a imposé une relative pluralité politique c'est en effet gratifiant pourquoi l'Angola n'est pas directement présent dans ce dossier même si certaines initiatives le plus souvent restreintes la capitale sont prometteuses En revanche les vitalités portugaise brésilienne capverdienne et même mozambicaine apparaissent pleinement quand il s'agit de la troisième vision de générations journalistiques du développement d'internet notamment au Cap Vert l'archipel de tous les réseaux Introduit par un beau texte de l'écrivain mozambicain Luis Carlos Patrício ce dossier ne présente pas l'exhaustivité Mais en une dizaine d'articles d'auteurs de nationalités brésiliennes britanniques française mozambicaines et portugaises il offre une clé supplémentaire d'approche du puzzle lusophone
