Psalms I-LXXII James Glentworth Butler,1892 [The Bible-work](#) James Glentworth Butler,1892 **The Sacred Combe** Simon Barnes,2016-01-14 Reflections on the natural world and our place within it from one of our finest natural history writers nature writing at its very best We ve all got one A secret special place Hidden Enclosed A little greener and more fertile than the world outside Here the birds are slightly more exotic slightly more confiding the grass greener and the fruit sweeter To know such a place to love such a place is part of being human Sometimes it s a place of myth like the Garden of Eden Sometimes it exists in fictional form like Narnia or Shangri La Sometimes it comes in memories of a golden day in childhood or in a glorious doomed love affair Sometimes it s a real place that we daren t go back to for fear that it or we had changed And just occasionally it s a real place A place where you leave a small piece of your heart and return as often as you can so as not to lose it It s a place of privilege Simon Barnes found such a place when he woke in his first morning in the Luangwa Valley in Zambia to find elephants eating the roof of his hut It was a homecoming and he has been faithful to that passion ever since Here he has known peace danger discomfort fear and a profound sense of oneness with the Valley with all nature and with the world With the Valley he found completion This book explores the special places of the mind and the world with special reference to the Luangwa Valley and the glorious support of the Valley s great artist Pam Carr It s a book about the quest for paradise and the eternal human search to find such a paradise everywhere **My Lion's Heart** Gareth Patterson,2014-09-15 Environmentalist independent researcher and author Gareth Patterson has spent his entire adult life working tirelessly for the greater protection of African wildlife and more particularly for that of the lion Born in England in 1963 Gareth grew up in Nigeria and Malawi From an early age he knew where his life s path would take him it would be in Africa and his life s work would be for the cause of the African wilderness and its wild inhabitants His is an all encompassing African story From his childhood in West and East Africa to his study of a threatened lion population in a private reserve in Botswana to his work with George Adamson celebrated as the Lion Man of Africa we witness Gareth s growing commitment to his life s mission This is nowhere more evident than in his account of his life as a human member of a lion pride experiencing life and death through its eyes as he successfully rehabilitated three famous orphaned lion cubs back into a life in the wilds At considerable risk to his own personal safety he exposed the sordid canned lion industry in South Africa bringing this shameful practice to international attention After moving to the Western Cape he took up the fight for the African elephant notably the unique endangered Knysna population and published his astonishing findings in his 2009 book

The Secret Elephants Perhaps unsurprisingly given the stressful nature of his work Gareth suffered a massive physical and mental breakdown in his forties which he discusses here for the first time with an openness that underlines his courage Lesser men might have been broken but his lion's heart fought back and he ultimately overcame his illness Gareth Patterson's long awaited autobiography is a moving account of one man's single minded dedication to the preservation of Africa's wildlife It is also a stark reminder that if the human race does not want to lose Africa's priceless wild heritage there is no time to waste The lion is my totem animal and this is the story of my life in Africa for the lion
