Lawrence* Dr. Anjani Sharma, 2021-05-14 The question of gender roles has intrigued novelists for ages The general drama of the universe revolves around the battle of sexes for determining gender roles and dominance of power Not many novelists of the twentieth century dared to voice so passionately the problems of relationship between the sexes in a changing world that saw urbanization industrialization and the World War eroding the age old foundation of the society as D H Lawrence did The new age demanded a revision and reconstruction of gender roles and Lawrence the first English working class novelist boldly disrupted the rigid boundary of the beings He navigated his way from self observed chronicles of his adolescence to the sophisticated assessor of women and understood the importance of their role in the regeneration of man Lawrence often quarreled and contradicted himself before proposing a prophetic ideal man woman relationship for the society That is why he is hailed as a priest of love and a prophet against mechanized existence His purpose was so big that his novels still make such nerve racking readings and have not escaped the critical gaze of many This book attempts to explore the causes of failure of relationship between man and woman in the modern age through the study of some of his best novels It investigates the new kind of relationship based on gender balance proposed by him that believes in the necessity to revive the vitality in sexuality to reform the human race In attempting to discuss his novels the book approaches the psychoanalytical method and analyses what psychology operates behind his characters that perform different roles      *Literary Fiction* Geir Farner, 2014-01-30 Insofar as literary theory has addressed the issue of literature as a means of communication and the function of literary fiction opinions have been sharply divided indicating that the elementary foundations of literary theory and criticism still need clarifying Many of the classical problems that literary theory has been grappling with from Aristotle to our time are still waiting for a satisfactory solution Based on a new cognitive model of literature as communication Farner systematically explains how literary fiction works providing new solutions to a wide range of literary issues like intention function evaluation delimitation of the literary work as such fictionality suspense and the roles of author and narrator along with such narratological problems as voice point of view and duration Covering a wide range of literary issues central to literary theory offering new theories while also summarising the field as it stands *Literary Fiction* will be a valuable guide and resource for students and scholars of the
