Dangerous and Dishonest Men: The International Bankers of Louis XIV's France G. Rowlands, 2014-11-20 At the start of the eighteenth century Louis XIV needed to remit huge sums of money abroad to support his armies during the War of the Spanish Succession This book explains how international bankers moved French money across Europe and how the foreign exchange system was so overloaded by the demands of war that a massive banking crash resulted , **The School of Montaigne in Early Modern Europe** Warren Boutcher, 2017-03-09 This major two volume study offers an interdisciplinary analysis of Montaigne's Essais and their fortunes in early modern Europe and the modern western university Volume one focuses on contexts from within Montaigne's own milieu and on the ways in which his book made him a patron author or instant classic in the eyes of his editor Marie de Gournay and his promoter Justus Lipsius Volume two focuses on the reader writers across Europe who used the Essais to make their own works from corrected editions and translations in print to life writing and personal records in manuscript The two volumes work together to offer a new picture of the book's significance in literary and intellectual history Montaigne's is now usually understood to be the school of late humanism or of Pyrrhonian scepticism This study argues that the school of Montaigne potentially included everyone in early modern Europe with occasion and means to read and write for themselves and for their friends and family unconstrained by an official function or scholastic institution For the Essais were shaped by a battle that had intensified since the Reformation and that would continue through to the pre Enlightenment period It was a battle to regulate the educated individual's judgement in reading and acting upon the two books bequeathed by God to man The book of scriptures and the book of nature were becoming more accessible through print and manuscript cultures But at the same time that access was being mediated more intensively by teachers such as clerics and humanists by censors and institutions by learned authors of past and present and by commentaries and glosses upon those authors Montaigne enfranchised the unofficial reader writer with liberties of judgement offered and taken in the specific historical conditions of his era The study draws on new ways of approaching literary history through the history of the book and of reading The Essais are treated as a mobile transnational work that travelled from Bordeaux to Paris and beyond to markets in other countries from England and Switzerland to Italy and the Low Countries Close analysis of editions paratexts translations and annotated copies is informed by a distinct concept of the social context of a text The concept is derived from anthropologist Alfred Gell's notion of the art nexus the specific types of actions and agency relations mediated by works of art understood as indexes that give rise to inferences of particular kinds Throughout the two volumes the focus is on the particular nexus in which a copy an edition an extract is embedded and on the way that nexus might be described by early modern people **History of the Reformation in Europe in the Time of Calvin (Vol. 1-8)** J. H. Merle d'Aubigne, 2023-11-24 In History of the Reformation in Europe in the Time of Calvin J H Merle d'Aubign meticulously chronicles the profound socio religious upheavals of 16th century Europe emphasizing the

Reformation's intricate theological debates and its transformative impact on society. The work is meticulously structured across eight volumes employing a narrative style that combines rigorous scholarship with a narrative flair, allowing readers to grasp the complexities of the period while engaging with the vibrant personalities of reformers. D'Aubign situates Calvin not only as a pivotal theological figure but as a leader whose ideas resonated across Europe, influencing various social and political dimensions of the Reformation movement. J.H. Merle d'Aubign, a Swiss historian and Protestant theologian, was deeply influenced by the religious turbulence of his time, having lived through both the Reformation's aftermath and the rise of liberalism in Europe. His background as a pastor instilled in him a profound commitment to theological accuracy and an understanding of the moral and spiritual struggles faced by those involved in the Reformation. This personal connection to the subject matter lends a unique authenticity to his comprehensive and insightful exploration of Calvin's role. This monumental work is essential for anyone seeking to comprehend the Reformation's lasting impacts and the theological debates that shaped modern Christian thought. Both scholars and general readers will appreciate D'Aubign's dedication to historical accuracy combined with a compelling narrative. *History of the Reformation in Europe in the Time of Calvin* serves as an indispensable resource that not only informs but also inspires reflection on the enduring significance of religious transformation.

Reformation in Geneva Jon Balserak, 2021-02-01 *A Companion to the Reformation in Geneva* describes the course of the Protestant Reformation in the city of Geneva from the sixteenth to the eighteenth centuries. It explores the beginnings of reform in the city, the struggles the reformers encountered when seeking to teach, minister to, educate, and discipline the inhabitants of Geneva, and the methods employed to overcome these obstacles. It examines Geneva's relations with nearby cities and how Geneva handled the influx of immigrants from France. The volume focuses on the most significant aspects of life in the city, examines major theological and liturgical subjects associated with the Genevan Reformation, and describes the political, social, and cultural consequences of the Reformation for Geneva. Contributors include Jon Balserak, Sara Beam, Erik

de Boer Michael Bruening Mathieu Caesar Jill Fehleison Emanuele Fiume Herv Genton Anja Silvia Goeing Christian Grosse Scott Manetsch Elsie McKee Graeme Murdock William G Naphy Peter Opitz Jennifer Powell McNutt Jameson Tucker Theodore G Van Raalte and Jeffrey R Watt This volume is a scholarly and very accessible introduction to the Genevan Reformation that covers history religious developments and impact balancing the perspectives of both historians and theologians The contributors present an extraordinarily well rounded view of Geneva during the Reformation It will be a tremendous aid to scholarship and the book that the next generation of scholars will use both as a handy reference and as the starting point for future work Amy Nelson Burnett University of Nebraska Lincoln **Physics of Complexity S.**
