Lyrical Ballads 1800 Revolution And Romanticism 17891834

A Gutmann

Lyrical Ballads 1800 Revolution And Romanticism 17891834:

Lyrical Ballads, 1800 William Wordsworth, 1997 The 1800 edition of Lyrical ballads consists of two volumes The first contains most of the poems of the 1798 volume though in a different order together with a Preface in which Wordsworth working from Coleridge's notes delivers the first sustained exposition by either poet of their shared convictions on the nature of poetry and its language The second contains wholly new poems including the Lucy poems There was a boy The Brothers and Michael In its two volume form Lyrical Ballads is reissued in 1802 and 1805 as the new voice of Wordsworth's poetry comes gradually to be heard Parodies of the Romantic Age Graeme Stones, 2022-07-30 This volume collects together a wealth of material ranging from verse parodies originally published in pamphlet form to longer works such as P G Patmore's parodies of the works of Byron Lamb and Hazlitt *Parodies of the Romantic Age Vol 5* Graeme Stones, John Strachan, 2020-04-29 This volume collects together a wealth of material ranging from verse parodies originally published in pamphlet form to longer works such as P G Patmore's parodies of the works of Byron Lamb and Hazlitt Coleridge and Shelley Sally West, 2016-05-23 Sally West's timely study is the first book length exploration of Coleridge's influence on Shelley's poetic development Beginning with a discussion of Shelley's views on Coleridge as a man and as a poet West argues that there is a direct correlation between Shelley's desire for political and social transformation and the way in which he appropriates the language imagery and forms of Coleridge often transforming their original meaning through subtle readjustments of context and emphasis While she situates her work in relation to recent concepts of literary influence West is focused less on the psychology of the poets than on the poetry itself She explores how elements such as the development of imagery and the choice of poetic form often learnt from earlier poets are intimately related to poetic purpose Thus on one level her book explores how the second generation Romantic poets reacted to the beliefs and ideals of the first while on another it addresses the larger question of how poets become poets by returning the work of one writer to the literary context from which it developed Her book is essential reading for specialists in the Romantic period and for scholars interested in theories of poetic influence **The Poetics of Discovery Materiality, Aesthetics and History in British Literature, 1798-1869** Matthias Peter Rudolf, 2007 The Selected Poems of Joanna Baillie, 1762-1851 Joanna Baillie, 1999 Joanna Baillie's poetry ranges from songs and lyrical ballads to dramatic monologues and realistic blank verse This edition of her work gives readers the opportunity to assess her significance and her craft **Joanna Baillie, Romantic Dramatist** Thomas C. Crochunis, 2004-02-24 This superb collection of new essays offers a unique insight into the work of a leading women dramatist of the Romantic era Contributors offer contextual material for those new to Baillie's work examinations of the relationships between her plays and the philosophical and scientific writing of the era discussion of Baillie's theatrical methods extended interpretations of individual plays Ending years of neglect of Baillie's crucial work this volume is essential reading for those working on Romanticism women's writing or drama of the late eighteenth and early
