Lyrics Of The Middle Ages:

Lyrics of the Middle Ages James Wilhelm, 2019-06-03 Originally published in 1990 the main purpose of this anthology is to present the vernacular secular lyric of the Middle Ages although it also includes Latin literature of the Middle Ages and the influence of the hymn Lyrics of the Middle Ages Hubert Creekmore, 1961 **Lyrics of the Middle Ages** Hubert Creekmore, 1961 **German and Italian Lyrics of the Middle Ages** Frederick Goldin, 1973 German and English or Italian and English on facing pages Bibliography p 437 438 **Lyrics of the Middle Ages** Hubert Creekmore, 1959 From the Introduction The literature of the Middle Ages has been unduly neglected in this century especially in the lyric phase by both the teacher and the reader For the reader let it be said that he has had scant opportunity to do otherwise than neglect unless he sought out old books in a library New books have offered him little more than the scattered introductory sections in anthologies of translation and the scholarly collections of early English poetry Two or three recent anthologies of medieval writing give so little lyric poetry that it seems to have been considered rather a necessary blemish among the pages of prose than a brilliant manifestation of the spirit of the times This collection is intended to fill the gap in a modest way but is not a remedy for academic deficiencies I may touch upon later It is I believe the first anthology to present only medieval poetry in translation in a broader than national scope As for those teachers whom I charge at the outset they tend in the main to stress medieval historical events social and economic revolutions and religious thought When they turn to literature at all it is usually to the long narrative poems romances and epics The student has it is true in English courses a smattering of medieval creative writing before Chaucer tossed at him The Shepherd s Play or Everyman fragments from Morte Arthur or Gawaine and the Green Knight Beowulf and a handful of lyrics The effect of this isolation from the main stream of European literature in lyric poetry particularly is to instill in the student the notion that for a thousand years almost nothing was written that might interest him It is then easy for him to accept the term Dark Ages and seek brighter reading matter elsewhere page xv

Poetry in Motion David Alexander Murray, 2019 *Poetry in Motion* traces the fascinating travels of medieval courtly song around most of western Europe and tells the story of what poetry poets and their scribes had to say about vernacular languages 0The medieval courtly lyric the site for the first extended literary exercises in Occitan French Italian and German is one of the foundations of how we think about European literature Since the nineteenth century it has in many accounts underpinned a system of linguistically informed national traditions David Murray shows in *Poetry in Motion* how categorizing poetry under headings like French or Italian poetry can obscure the thinking of medieval poets and scribes about what constituted a language Rather than existing within a series of rigidly distinct linguistic systems Murray demonstrates that song moved in a fluid environment where linguistic boundaries could be easily crossed Aided by its melody metrical form or quotation in a larger text a song could travel and elicit meaningful reactions and interactions far from home Combining literary studies with philology manuscript studies and musicology *Poetry in Motion* shows the truly European reach of song in the Middle Ages 0After undergraduate and graduate studies in Cambridge David Murray completed his PhD in Medieval European Literature at King s College London in 2015 After teaching in Paris he is now part of the ERC funded project Music and Late Medieval European Court Cultures based at the University of Oxford He is currently writing a monograph about the musical culture of the court of Pilgrim von Puecheim Archbishop of Salzburg 1365 1396
