Lytton Strachey By Himself:

Lytton Strachey by Himself Lytton Strachey, 1971 **Lytton Strachey by himself: a self-portrait, ed** Lytton Strachey, *The Rise of Gay Rights and the Fall of the British Empire* David A. J. Richards, 2013-04-22 This book argues that there is an important connection between ethical resistance to British imperialism and the ethical discovery of gay rights By closely examining the roots of liberal resistance in Britain and resistance to patriarchy in the United States this book shows that fighting the demands of patriarchal manhood and womanhood plays an important role in countering imperialism Advocates of feminism and gay rights in particular the Bloomsbury Group in Britain play an important public function in the criticism of imperialism because they resist the gender binary's role in rationalizing sexism and homophobia in both public and private life The connection between the rise of gay rights and the fall of empire illuminates larger questions of the meaning of democracy and of universal human rights as shared human values that have appeared since World War II The book also casts doubt on the thesis that arguments for gay rights must be extrinsic to democracy and that they must reflect Western as opposed to African or Asian values To the contrary gay rights arise from within liberal democracy and its critics polemically use such opposition to cover and rationalize their own failures of democracy *Bloomsbury and France* Mary Ann Caws, Sarah Bird Wright, 1999-12-02 Bloomsbury on the Mediterranean is how Vanessa Bell described France in a letter to her sister Virginia Woolf Remarking on the vivifying effect of Cassis Woolf herself said I will take my mind out of its iron cage and let it swim Complete heaven I think it Yet until now there has never been a book that focused on the profound influence of France on the Bloomsbury group In *Bloomsbury and France* Art and Friends Mary Ann Caws and Sarah Bird Wright reveal the crucial importance of the Bloomsbury group's frequent sojourns to France the artists and writers they met there and the liberating effect of the country itself Drawing upon many previously unpublished letters memoirs and photographs the book illuminates the artistic development of Virginia and Leonard Woolf Clive Bell David Garnett E M Forster Lytton Strachey Dora Carrington and others The authors cover all aspects of the Bloomsbury experience in France from the specific influence of French painting on the work of Roger Fry Duncan Grant and Vanessa Bell to the heady atmosphere of the medieval Cistercian Abbaye de Pontigny the celebrated meeting place of French intellectuals where Lytton Strachey Julian Bell and Charles Maugham mingled with writers and critics to the relationships between the Bloomsbury group and Henri Matisse Pablo Picasso Gertrude Stein Andre Gide Jean Marchand and many others Caws and Wright argue that Bloomsbury would have been very different without France that France was their anti England a culture in which their eccentricities and aesthetic experiments could flower This remarkable study offers a rich new perspective on perhaps the most creative group of artists and friends in the 20th century *The Progress of a Biographer* Hugh Kingsmill, 2022-02-13 First published in 1949 *The Progress of a Biographer* follows a general principle that there are absolute truths which an individual can in some degree apprehend and live by but which churches and institutions can only obscure and pervert This

principle is followed for the sketches in this book most of which were written between the end of World War II and the spring of 1948 The subjects range from P G Wodehouse to Karl Marx from W B Yeats to Thackeray and from Rainer Maria Rilke to Lloyd George Believing that to understand a man's work one must form a coherent impression of the man the author has tried to suggest the leading characteristics and governing impulses of his subjects His intention has been to clarify rather than to criticise though doubtless the affect may sometimes be one of criticism falling short of clarification The book will be of interest to students across disciplines but will particularly appeal to students of English literature
