M Comme Monet:

The Studio, 1900 **La France** Claude Rivière, 1920 *Origins of Impressionism* Gary Tinterow, Henri Loyrette, 1994

This handsome publication which accompanies a major exhibition at The Metropolitan Museum of Art is a lively and engaging account of the artistic scene in Paris in the 1860s the years that witnessed the beginnings of Impressionism For the first time the interactions and relationships among the group of painters who became known as the Impressionists are examined without the overworn art historical polarities commonly evoked academic versus avant garde classicist versus romantic realist versus impressionist A host of strong personalities contributed to this history and their style evolved into a new way of looking at the world These artists wanted above all to give an impression of truth and to have an impact on or even to shock the public And they wanted to measure up to or surpass their elders This complex and rich environment is presented here the grand old men and the young turks encounter each other the Salon pontificates and the new generation moves fitfully ahead benignly but always with determination *Origins of Impressionism* gives a day by day year by year study of the genesis of an epoch making style Bibliographies and provenances are provided for each of the almost two hundred works in the exhibition and there is an illustrated chronology With more than two hundred superb colorplates this informative survey is an essential work for both the general reader and the scholar

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The New France** Denys Amiel, 1919 **Nineteenth Century Art** Dugald Sutherland MacColl, 1902 **Impressionists in England (Routledge Revivals)** Kate Flint, 2016-02-05 First published in 1984 The late nineteenth and early twentieth centuries represent not only era of rapidly changing artistic methods but a crucial evolution in art criticism This book gathers together a wide range of the criticism that greeted the work of the Impressionists artists in the English Press The selected examples of praise and antagonism reflect the sentiments expressed in the comments of prominent newspaper and periodical critics The selection shows the importance of Impressionist art to English art criticism and wide comprehension of the formal qualities in painting It also demonstrates how forward looking critics created new criteria for the discussion of modern painting Monet's Minutes André Dombrowski, 2023-01-01 A stunning exploration of the vital links between Claude Monet s Impressionism and the time technologies that helped define modernity in the nineteenth century Monet s Minutes is a revelatory account charting the relationship between the works of Claude Monet 1840 1926 founder of French Impressionism and one of the world s best known painters and the modern experience of time Andr Dombrowski illuminates Monet s celebration of instantaneity in the context of the late nineteenth century time technologies that underwrote it Monet s version of Impressionism demonstrated an acute awareness of the particularly modern pressures of time but until now scholars have not examined the histories and technologies of time and timekeeping that informed Impressionism s major stylistic shifts Arguing that the fascination with instantaneity rejected the dulling cultures of newly routinized and standardized time Monet s Minutes traces the evolution of Monet s art to what were then

seismic shifts in the shape of time itself In each chapter Dombrowski focuses on the connections between a set of Monet's works and a specific technology or experience of time while providing the voices of period critics responding to Impressionism Grounded in exceptional research and analyses this book offers new interpretations of key works by Monet and a fresh perspective on late nineteenth century art society and modern temporality *Compte-rendu complet et exact des travaux de la cour d'Assises de la Drôme au sujet de l'assassinat de M. le vicomte de Dampmartin, maire d'Uzès*, 1853

Consuming Painting Allison Deutsch, 2021-02-01 In *Consuming Painting* Allison Deutsch challenges the pervasive view that Impressionism was above all about visual experience Focusing on the language of food and consumption as they were used by such prominent critics as Baudelaire and Zola she writes new histories for familiar works by Manet Monet Caillebotte and Pissarro and creates fresh possibilities for experiencing and interpreting them Examining the culinary metaphors that the most influential critics used to express their attraction or disgust toward painting Deutsch rethinks French modern life painting in relation to the visceral reactions that these works evoked in their earliest publics Writers posed viewing as analogous to ingestion and used comparisons to food to describe the appearance of paint and the painter's process The food metaphors they chose were aligned with specific female types such as red meat for sexualized female flesh confections for fashionably made up women and hearty vegetables for agricultural laborers These culinary figures of speech Deutsch argues provide important insights into both the fabrication of the feminine and the construction of masculinity in nineteenth century France *Consuming Painting* exposes the social politics at stake in the deeply gendered metaphors of sense and sensation Original and convincing *Consuming Painting* upends traditional narratives of the sensory reception of modern painting This trailblazing book is essential reading for specialists in nineteenth century art and criticism gender studies and modernism **Compte rendu des séances de l'Assemblée nationale législative** France.
