Mac Coleridge Chronology:

Platonic Coleridge James Vigus, 2009 The ambivalent curiosity of the young poet Samuel Taylor Coleridge 1772 1834 towards Plato but I love Plato his dear gorgeous nonsense soon developed into a philosophical project and the mature Coleridge proclaimed himself a reviver of Plato's unwritten or esoteric systems James Vigus's study traces Coleridge's discovery of a Plato marginalised in the universities and examines his use of German sources on the divine philosopher and his Platonic interpretation of Kant's epistemology It compares Coleridge's figurations of poetic inspiration with models in the Platonic dialogues and investigates whether Coleridge's esoteric system of philosophy ultimately fulfilled the Republic's notorious banishment of poetry

features outcomes of the way that language and literature are at once the products of major change and its agents Cohen tracks these features from ancient times to the present distinguishing five main overlapping stages Within that framework he shows that European literature s ongoing internal and external relationships are most visible at the level of form rather than of thematic statement or mimetic representation European literature emerges from world literature before the birth of Europe during antiquity whose Classical languages are the heirs to the complex heritage of Afro Eurasia This legacy is later transmitted by Latin to the various vernaculars The uniqueness of the process lies in the gradual displacement of the learned language by the vernacular long dominated by Romance literatures That development subsequently informs the second crucial differentiating dimension of European literature the multicontinental expansion of its languages and characteristic genres especially the novel beginning in the Renaissance This expansion ultimately results in the reintegration of European literature into world literature and thus in the creation of today s global literary system The distinctiveness of European literature is to be found in these interrelated trajectories Anti-Jacobin Novels Charles Lloyd,2005 **Modern music and musicians for vocalists: Encyclopedia]: v. 1.
