

Typing Time

Typing Time, developed for grades 6-8, is a new addition to the incredibly successful line of South-Western keyboarding software. *Typing Time* combines the latest technology with a superior and time-tested method of instruction to provide an all-in-one program covering letter keys, numbers and symbols, and numeric keypad basics. Through the effective use of animation, movies, and skillbuilding games, *Typing Time* teaches correct finger placement, builds basic skills, then works on speed and accuracy. The separate full-color *Typing Time* text contains activities for extra practice and reinforcement.

The main screen provides a menu from which you may select keyboarding, numeric keypad, or skillbuilding lessons. A built-in word processor allows for open screen keying. Games, movies, and 3-D animations show proper keying techniques. Help is always available at the touch of a button.

Students are motivated to improve by playing exciting games like *Paintball Planet* and *Library Mystery*. The only way to win is to meet or exceed speed and accuracy goals!

Casey introduces each new letter and the correct reach. Students key lines to learn reach combinations.

Animated hands on the keyboard demonstrate proper positioning and key reaches as students learn top-row numbers and symbols.

In four lessons, students learn the proper reach and positioning for the numeric keypad.
