**OS X Server Essentials 10.9** Arek Dreyer, Ben Greisler, 2014 This is the official curriculum of Apple s Mavericks 201 OS X Server Essentials 10 9 course and preparation for Apple Certified Technical Coordinator ACTC 10 9 certification as well as a top notch primer for anyone who needs to implement administer or maintain a network that uses OS X Server on Mavericks This book provides comprehensive coverage of OS X Server and is part of the Apple Pro Training series the only Apple certified books on the market Designed for help desk specialists technical coordinators and entry level system administrators this guide teaches you how to install and configure OS X Server on Mavericks to provide network based services You ll also learn to use tools for efficiently managing and deploying OS X Server In addition to learning key concepts and experiencing hands on practical exercises throughout the book also covers the learning objectives to help you prepare for the industry standard ACTC certification Provides authoritative explanations of OS X Server setup and management on Mavericks Focused lessons take you step by step through practical real world exercises Lesson review questions summarize what you learn to prepare you for the Apple certification exam Lesson files available for download The Emerging Domain of Cooperating Objects Pedro José Marron, Stamatis Karnouskos, Daniel Minder, Aníbal Ollero, 2011-01-19 There are a number of different system concepts that have gained much relevance in the area of embedded systems over the past couple of years First there is the classic concept of embedded systems where the focus is on control systems for physical processes Secondly the notion of pervasive computing has evolved where the vision foresees everyday objects having some form of computation capacity and in most cases sensing and communication facilities Thirdly the notion of wireless sensor networks has arisen where small computing devices are able to sense their environment and cooperate in order to achieve a well defined goal These three types of quite diverse systems share a lot of commonalities on the one hand and on the other hand have some

complementary aspects in common that make a combination of these systems into a coherent system vision promising In particular the important notions of control heterogeneity wireless communication dynamic and ad hoc nature and cost are prevalent to various degrees in each of these systems A future system concept needs to combine the strong points of all three system concepts in at least these functional aspects It has to provide support for the control of physical processes like today s embedded systems do have as good support for device heterogeneity and spontaneity of usage as required by pervasive and ubiquitous computing approaches and has to be as cost efficient and wirelessly agile as wireless sensor networks are These new systems consist therefore of individual entities or objects that jointly strive to reach a common goal which will typically be a goal in sensing or control and are dynamically and loosely federating themselves for cooperation taking care not to overtax their available resources This book presents a roadmap to these concepts which are summarized as cooperating objects

*macOS Support Essentials 10.15 - Apple Pro Training Series* Adam Karneboge,Arek Dreyer,2020-01-13 macOS Support Essentials 10 15 Apple Pro Training Series The Apple Certified Way to Learn This is the official book for the macOS Support Essentials 10 15course and you can use it to prepare for the Apple Certified Support Professional ACSP 10 15 exam It s a top notch primer for anyone who needs to support troubleshoot or optimize macOS Catalina such as IT professionals technicians help desk specialists and ardent Mac users This is the only Apple Pro Training Series book that covers macOS Catalina You ll find in depth step by step instructions on everything from upgrading updating reinstalling and configuring macOS Catalina to configuring network services like the Content Caching service This book covers updated system utilities and new features in macOS Catalina including Voice Control and other accessibility features user privacy settings notarized apps Startup Security Utility and the separation of the startup disk into a read only APFS System volume and a read write APFS Data volume This book includes the following content Authoritative explanations of underlying technologies troubleshooting system administration and much more Focused lessons that take you step by step through practical real world tasks A Web Edition that provides the full text of the book online The Apple Pro Training Series includes self paced learning tools and is the official curriculum of the Apple Training and Certification program After you complete this book take the macOS Support Essentials 10 15 exam as a step towards becoming an Apple Certified Support Professional Work through this book independently or attend a class at an Apple Authorized Training Provider or both to prepare for the exam To learn more visit training apple com Also in the Apple Pro Training Series Final Cut Pro X Logic Pro X
