Macgonigals Way:

Summary of Jane McGonigal's Imaginable Everest Media,2022-04-25T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The future starts when you start thinking about it It takes a long time for the full benefits of the future to kick in but when they do they can be extremely powerful 2 The future starts when you feel ready for dramatic change It is a completely subjective truth The future starts whenever you feel ready for dramatic change big change scary change prayed for change or even crazy change 3 Ten years is a magic number when it comes to social change Things that are small experiments today can become ubiquitous and world changing in ten years 4 When we think on a ten year timeline we become more optimistic and hopeful about what we can change through our own efforts We feel time spaciousness which makes us less risk averse and more creative

Summary of Jane McGonigal's Reality Is Broken Everest Media,2022-06-21T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 We all have a bias against games today We can t help it This bias is part of our culture and it s even woven into the way we use the words game and player in everyday conversation 2 All games share four defining traits a goal rules a feedback system and voluntary participation The goal is the specific outcome that players will work to achieve It focuses their attention and continually orient their participation throughout the game 3 The four traits of games are challenge feedback a clear win condition and arbitrary limitations on your freedom to work in the most efficient way The opposite of gameplay is not a game 4 The most important difference between digital and non digital games is the intensity of the feedback they provide In computer and video games the interactive loop is satisfyingly tight There seems to be no gap between your actions and the game s responses

Summary of Jane McGonigal's Imaginable Milkyway Media,2023-01-19 Buy now to get the main key ideas from Jane McGonigal s Imaginable Jane McGonigal a game designer and researcher runs simulations that help people imagine future situations And they re not just for games In Imaginable 2022 Jane explains how future forecasting can help us deal with potential threats stretch our imaginations and become more resilient and adaptable for when the unthinkable does happen It is important to learn techniques that futurists use in order to train our brains to plan for the future The same techniques will also help us heal from the pandemic induced trauma we have all experienced To help us learn Jane takes us through exercises with multiple future scenarios

Summary of Jane McGonigal's SuperBetter Everest Media,2022-05-09T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The purpose of Part 1 is to help you tap into your psychological strengths when you play games When you play games with purpose you tap into three core psychological strengths your ability to control your attention and thoughts your power to turn anyone into a potential ally and your natural capacity to motivate yourself and supercharge your heroic qualities 2 The science of games has focused almost exclusively on digital games and this book is grounded in the science of games It focuses on the kinds of games that scientists have

dedicated the most time and energy to understanding 3 You can prime your brain to be more open to creative solutions and more receptive to surprising ideas by turning your palms up This mind body response stems from physical behaviors we exhibited thousands of years ago before we invented language 4 The highly immersive quality of good games is a clue to how our attention works In this chapter we ll look at video game research that reveals the power we have to prevent anxiety depression trauma and physical pain by learning to control our attention **Educational Trauma** Lee-Anne

Gray,2019-10-16 This book deconstructs and analyzes the impact of education based trauma Drawing on wisdom from the fields of education psychology neuroscience history political science social justice and philosophy Gray connects the dots across different forms of education trauma that can occur throughout a student s life from bullying and anxiety to social inequity and the school to prison pipeline With respect to learning memory social group dynamics democracy and mental health this book serves as a call to arms demanding civil rights for all students and for education to fulfill its ultimate duty as a force for the common good **Out of the Blue: Six Non-Medication Ways to Relieve Depression** Bill

O'Hanlon,2014-04-21 Medication doesn t always work for or isn t always desired by depression sufferers This book provides therapists with concise and easy to implement strategies to keep their client s treatment medication free These include identifying repeating patterns shifting their relationship to depression imagining future possibilities and restarting brain growth **Summary of Kelly McGonigal's The Upside of Stress** Everest Media,2022-03-31T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 How you think about something can change its effect on you The field of mindset science has demonstrated that a single brief intervention can improve your health happiness and success years into the future 2 The effect you expect is the effect you get For example telling yourself that watching television burns calories can lead to weight loss but telling yourself that housekeeping is exercise can lead to weight loss and better health 3 The effects of how we view things can be seen in the body For example when people believe that physical labor is exercise their bodies respond positively When they believe that a milkshake is an indulgent treat their bodies respond negatively 4 I was invited to experience the stress of a mock job interview and how my body reacted to it from the perspective of a participant in a study by Alia Crum The video that was shown to me before the interview opened with the message that stress is enhancing while the other video opened with the message that stress is debilitating **The Wide**

World Magazine ,1922 **Chicago's Historic Irish Pubs** Mike Danahey,Allison Hantschel,2011-02-28 From dancing at Hanleys House of Happiness to raising pints at Kellys Pub on St Patricks Day the history of the Irish community in Chicago is told through stories of its gathering places Families are drawn to the pub after Sunday church in the midst of sporting events following funerals and during weddings In good times and bad the pub has been a source of comfort instruction and joya constant in a changing world Based on interviews with tavern owners musicians bartenders and scholars Chicagos Historic Irish Pubs explores the way the Irish pub defines its block its neighborhood and its city **The Last Raid** Will

Fowler,2016-04-04 When Germany occupied the originally demilitarised Channel Islands in 1940 Hitler ordered the area to be staunchly fortified with colossal permanent structures like Battery Moltke on Jersey As it was the only piece of the British Isles in Nazi control he was determined that the islands should remain German forever Churchill was equally obsessed urging numerous commando raids and harebrained schemes for the invasion and liberation of the islands But when France was freed in 1944 the Channel Islands were completely bypassed German troops were cut off from their supplies and the island population began to starve Occupied for almost the entire war these quintessentially English islands serve as a fascinating microcosm of what Britain might have been like under Nazi rule With one German soldier to every three islanders resistance had to remain at a low level possession of a radio merited a prison sentence The Last Raid is an atmospheric account of life under German occupation as well as the political manoeuvring behind the scenes With the first detailed account in English of the Granville Raid a unique German commando operation Will Fowler combines the social experience of war with the military to form a fascinating chronicle of the fight for the Channel Islands during the Second World War

Alternate Reality Game Designer Jane McGonigal Anastasia Suen,2014-01-01 Do you like the challenge and adventure of video games As Jane McGonigal was growing up she had fun playing early video games As an adult she saw games as an outlet for problem solving and teambuilding McGonigal started creating alternate reality games ARGs which may be based online but take place mainly in the real world She enjoys challenging others to engage in modern issues and to work together as in her game World Without Oil and in The Lost Ring which she created for the 2008 Summer Olympics McGonigal was named one of the world s top innovators by MIT s Technology Review and her 2010 TED Talk Gaming Can Make a Better World is one of the most watched of all time But how did she get there Find out how she developed her passion for games to become the public face of game design

Open Participatory Security Jesse Paul Lehrke,2017-08-15 Our modern security systems have recently come under a lot of criticism as too bureaucratic and unadaptable too secretive and untrustworthy and too obsessed with information technology rather than human needs Yet listing failures is easy security is never perfect The question is why current approaches fail and whether there are viable alternatives The root of their shortcomings is in the interaction of the very pillars of our security system in the contemporary context While our enemies have adopted the technologies of the Information Age changing how they organize and fight these same technologies have only created more vulnerabilities for states Governments have been generally unwilling to maximize their use of these technologies because it would require the wider release of information and the opening of organizational structures to include society in security making Yet countering diffuse modern threats striking deep into our states and across our economies requires mobilizing the diffuse skills and variation of modern society Open approaches for mobilizing participation and coproduction have the capabilities needed to improve contemporary security policy making problem solving and provision Moreover open participatory security can be effective not only for technical security but also for restoring trust
