Critchley Features a fully updated bibliography Wide ranging content makes this an invaluable dictionary for students of a diverse range of disciplines Indian Doctoral Dissertations in English Studies K. Naseem,2000 Indian Research In English Studies Has A Long And Rich Tradition But Unfortunately It Has Failed To Make Any Notable Impact On The Academic World This Is Largely Due To The Fact That Most Of The Indian Doctoral Dissertations In English Studies Lie Buried In University Libraries And Are Inaccessible To Aspiring Researchers No Attempt Has Been Made So Far To Establish Any Link Or Coordination Between Research Activities Of Different Universities Institutes This Has Resulted In A Total Neglect Of Earlier Research And Unnecessary Duplication The Present Volume Is Designed To End This Unhappy Situation By Providing A Complete And Authentic Account Of Research Carried Out In Indian Universities Not Only In British American Commonwealth And Indian English Literature But Also In Comparative Studies Translation Studies Language Linguistics And Entries On The Above Mentioned Are Arranged Subject Wise In Chronological Sequence And Are Followed By A Separate Section On Individual Authors In Alphabetical Order Thus It Provides A Consolidated View Of Indian Research In English And Serves As An Invaluable Reference Manual It Is A Step Towards Orientation And Systematisation Of Indian Research In English Studies And Will Help To Make Research A Well Informed Well Planned And Meaningful Exercise The Dematerialisation of Karl Marx Leonard Jackson,2014-07-22 This volume constitutes both an attack on modern left wing literary theory the main product of the last Marxist renaissance in the past thirty years and a defence of the one element of Marxism which in the general collapse modern theorists have been happiest to lose its economic materialism It traces Marxist theory from its beginnings in Hegelian idealism to its end in Althusser's structuralism and concludes that while Marxist economics will not work and the type of revolution prophesied was fantasy the principle of historical materialism remains intact and defensible This will be a key text in literary and cultural studies as well as being of interest to students on philosophy and sociology courses *After Marx* Colleen Lye,Christopher Nealon,2022-03-17 After Marx showcases the importance of Marxist literary study for an era of intersectional politics and economic decline **Karl Marx's Social and Political Thought** Bob Jessop,Russell Wheatley,1999 **Cultural Materialism** Andrew Milner,2013-02-01 This book places cultural materialism in relation to earlier paradigms such as literary humanism and Marxism and explains how the new paradigm has been applied to important areas such as cultural studies media studies and literary studies *Literature* Arther Trace,2002-04-02 Literature examines the declining influence of the literary arts in America particularly during the last half century and attempts to analyze the problem by calling attention to four particular threats which appear to be besieging them They are 1 the replacing of the authority of the imagination by the authority of the sciences 2 the rise of certain literary and critical theories in recent decades which have seriously weakened the study of literature in both the schools and the colleges 3 problems in producing fully literate high school graduates largely as a result of faulty methods of teaching reading and doubtful philosophical principles which have seriously weakened the study of literature in the schools

and 4 the threat of the electronic age to the preservation of the printed page upon which literature depends for its very survival All of these forces have served to trivialize literature and are on their way to destroying it as a major cultural force in modern America This book also attempts to redeem literature and to help restore literature as a major discipline superior in importance to other disciplines by offering a theory of literature which will demonstrate that literature is in fact as Sir Philip Sidney insisted the highest form of earthly learning *White Heron* Louis A. Renza,1985 This is not only a brilliant book but a lovable one a joy to read not only for its insights but for its modesty its playfulness its wholesomeness of outlook on literature and the critical activity This is not primarily a book for Sarah Orne Jewett scholars nor it is just for Americanists or even academics It is a book for anyone who has been deeply touched by literature and has thought about the relation between the moving and the great Leslie Brisman Yale University Edgar Allan Poe and the Masses Terence Whalen,2021-09-14 Edgar Allan Poe has long been viewed as an artist who was hopelessly out of step with his time But as Terence Whalen shows America s most celebrated romantic outcast was in many ways the nation s most representative commercial writer Whalen explores the antebellum literary environment in which Poe worked an environment marked by economic conflict political strife and widespread foreboding over the rise of a mass audience The book shows that the publishing industry far from being a passive backdrop to writing threatened to dominate all aspects of literary creation Faced with financial hardship Poe desperately sought to escape what he called the magazine prison house and the horrid laws of political economy By placing Poe firmly in economic context Whalen unfolds a new account of the relationship between literature and capitalism in an age of momentous social change The book combines pathbreaking historical research with innovative literary theory It includes the first fully documented account of Poe s response to American slavery and the first expos of his plot to falsify circulation figures Whalen also provides a new explanation of Poe s ambivalence toward nationalism and exploration a detailed inquiry into the conflict between cryptography and common knowledge and a general theory of Poe s experiments with new literary forms such as the detective story Finally Whalen shows how these experiments are directly linked to the dawn of the information age This book redefines Poe s place in American literature and casts new light on the emergence of a national culture before the Civil War *Imperial Leather* Anne McClintock,2013-10-01 *Imperial Leather* chronicles the dangerous liaisons between gender race and class that shaped British imperialism and its bloody dismantling Spanning the century between Victorian Britain and the current struggle for power in South Africa the book takes up the complex relationships between race and sexuality fetishism and money gender and violence domesticity and the imperial market and the gendering of nationalism within the zones of imperial and anti imperial power Class Issues Amitava Kumar,1997-08 *Class Issues* offers a plan for the construction of an alternative public sphere in the rapidly changing space of the academic classroom **BOOK JACKET** **Reading Postcolonial Theory** Bibhash Choudhury,2016-02-26 This book is an essential introduction to significant texts in postcolonial theory It looks at seminal works in the moments of their

making and delineates the different threads that bind postcolonial studies Each chapter presents a comprehensive discussion of a major text and contextualises it in the wake of contemporary themes and debates The volume Studies major texts by foremost scholars Edward W Said Chinua Achebe Albert Memmi Gayatri Chakravorty Spivak Paul Carter Homi Bhabha Frantz Fanon Ashis Nandy Robert J C Young Ngũgĩ wa Thiong'o and Sara Suleri Shifts focus from colonial experience to underlying principles of critical engagement Uses accessible jargon free language Focused engaging and critically insightful this book will be indispensable to students and scholars of literary and cultural studies comparative literature and postcolonial studies

The Technology of the Novel Tony E. Jackson, 2009-06-29 2009 Outstanding Academic Title Choice The connection between speech and writing in human language has been a matter of philosophical debate since antiquity By plumbing the depths of this complex relationship Tony E Jackson explains how the technology of alphabetic writing has determined the nature of the modern novel Jackson's analysis begins with the universal human act of oral storytelling While telling stories is fundamental to human experience writing is not Yet the novel perhaps more than any other literary form depends on writing In fact as Jackson shows quite clearly it is writing rather than print that most shapes the forms and contents of the genre Through striking new readings of works by Austen Mary Shelley Dickens Forster Woolf Lessing and McEwan Jackson reveals how the phenomena of speech and storytelling interact with the technological characteristics of writing He also explains how those interactions induced the generic changes in the novel from its eighteenth century beginnings to postmodernism and beyond His claims grounded in a contemporary understanding of human cognitive capacities and constraints offer a fresh interpretive approach to all written literature An essential text in the study of the written word The Technology of the Novel provides new insights into the evolving nature of one of the modern world's most popular narrative forms

Reading Victorian Fiction Andrew Blake, 2016-01-03 A study of the interrelationship of the Victorian novel with other forms of writings arguing that the whole literary culture was concerned with the production of Victorian values including novels an active part in the compromise between aristocratic and middle class cultures in this period
