Militants And Migrants Rural Sicilians Become American Workers:

Militants and Migrants Donna R. Gabaccia,1988 **New Immigrants and the Radicalization of American Labor, 1914-1924** Thomas Mackaman,2017-01-26 Millions of immigrants from eastern and southern Europe were by 1914 doing the dirtiest most dangerous jobs in America s mines mills and factories The next decade saw major economic and demographic changes and the growing influence of radicalism over immigrant populations From the bottom rungs of the industrial hierarchy immigrants pushed forward the greatest wave of strikes in U S labor history lasting from 1916 until 1922 while nurturing new forms of labor radicalism In response government and industry supported by deputized nationalist organizations launched a campaign of 100 percent Americanism Together they developed new labor and immigration policies that led to the 1924 National Origins Act which brought to an end mass European immigration American industrial society would be forever changed **Italian Immigration in the American West** Kenneth Scambray,2021-12-14 In this carefully researched and engaging book Kenneth Scambray surveys the lives and contributions of Italian immigrants in thirteen western states He covers a variety of topics including the role of the Roman Catholic Church in attracting and facilitating Italian settlement the economic political and cultural contributions made by Italians and the efforts to preserve Italian culture and to restore connections to their ancestral identity The lives of immigrants in the West differed greatly from those of their counterparts on the East Coast in many ways The development of the West with its cheap land and mining forestry and agriculture industries created a demand for labor that enabled newcomers to achieve stability and success Moreover female immigrants had many more opportunities to contribute materially to their family s well being either by overseeing new revenue streams for their farms and small businesses or as paid workers outside the home Despite this success Italian immigrants in the West could not escape the era s xenophobia Scambray also discusses the ways that Italians perceived by many as non White interacted with other Euro Americans other immigrant groups and Native Americans and African Americans By placing the Italian immigrant experience within the context of other immigrant narratives Italian Immigration in the American West provides rich insights into the lives and contributions of individuals and families who sought to build new lives in the West This unique study reveals the impact of Italian immigration and the immense diversity of the immigrant experience outside the East s urban centers **Round-Trip to America** Mark Wyman,2018-07-05 Historians of migration will welcome Mark Wyman s new book on the elusive subject of persons who returned to Europe after coming to the United States Other scholars have dealt with particular national groups but Wyman is the first to treat every major group Wyman explains returning to Europe as not just the fulfillment of original intentions but also the result of anger at bosses and clocks nostalgia for waiting families nativist resentment and heavy handed Americanization programs and a complex of other problems Wyman s nine broad conclusions about the returnees deserve to be read by everyone concerned with international migration *Migration, Class and Transnational Identities* Val Colic-Peisker,2010-10-01 Val Colic Peisker harnesses

concepts and theories from sociology anthropology and political science to compare the vastly different experiences of two Croatian immigrant cohorts in the city of Perth Western Australia The populations explored represent an earlier group of working class migrants arriving from communist Yugoslavia from the 1950s to 1970s and a later group of urban professionals arriving in the 1980s and 1990s as independent or skills based migrants This latter group integrated into professional ranks but also used their Australian experience as a stepping stone in becoming part of a highly mobile global professional middle class Employing a refined theoretical analysis this rich ethnography challenges the domination of the ethnic perspective in migration studies and the idea of ethnic community itself It emphasizes the importance of class focusing on the intersection of class ethnicity and gender in the process of migration migrant incorporation and transnationalism In theorizing the connection of the two migrant cohorts with their native Croatia the study introduces concepts of ethnic and cosmopolitan transnationalism as two distinctive experiences mediated by class

Immigrants in the Lands of Promise Samuel L. Baily, 2016-11-15 Most studies of immigration to the New World have focused on the United States Samuel L Baily's eagerly awaited book broadens that perspective through a comparative analysis of Italian immigrants to Buenos Aires and New York City before World War I It is one of the few works to trace Italians from their villages of origin to different destinations abroad Baily examines the adjustment of Italians in the two cities comparing such factors as employment opportunities skill levels pace of migration degree of prejudice and development of the Italian community Of the two destinations Buenos Aires offered Italians more extensive opportunities and those who elected to move there tended to have the appropriate education or training to succeed These immigrants who adjusted more rapidly than their North American counterparts adopted a long term strategy of investing savings in their New World home In New York in contrast the immigrants found fewer skilled and white collar jobs more competition from previous immigrant groups greater discrimination and a less supportive Italian enclave As a result rather than put down roots many sought to earn money as rapidly as possible and send their earnings back to family in Italy Baily views the migration process as a global phenomenon Building on his richly documented case studies the author briefly examines Italian communities in San Francisco Toronto and Sao Paulo He establishes a continuum of immigrant adjustment in urban settings creating a landmark study in both immigration and comparative history

American Ethnic History Jason J. McDonald, 2007-05-25 This book provides a new framework for examining and comprehending the varied historical experiences of ethnic groups in the United States Thematically organized and comparative in outlook it explores how historians have grappled with questions that bear upon a key aspect of the American experience ethnicity How did the United States come to have such an ethnically diverse population What contribution if any has this ethnic diversity made to the shaping of American culture and institutions How easily and at what levels have ethnic and racial minorities been incorporated if at all into the social and economic structures of the United States Has incorporation been a uniform process or has it varied from group to group As well as providing readers with an accessible yet

authoritative introduction to the field of American ethnic history the book serves as a valuable reference tool for more experienced researchers Key Features Adopts a comparative and thematic approach that helps to demystify this complex and controversial subject Provides an orderly and readable introduction to the main issues and debates surrounding the topic Detailed and broad ranging discussion of historiography enables readers to find more specialized works on topics in which they are interested *Redirecting Ethnic Singularity* Yiorgos Anagnostou, Yiorgos D. Kalogeras, Theodora

Patrona, 2022-05-03 Winner Vasiliki Karagiannaki Prize for the Best Edited Volume in Modern Greek Studies Promotes the understanding of Italian Americans and Greek Americans through the study of their interactions and juxtapositions *Redirecting Ethnic Singularity* Italian Americans and Greek Americans in Conversation contributes to U S ethnic and immigration studies by bringing into conversation scholars working in the fields of Italian American and Greek American studies in the United States Europe and Australia The work moves beyond the single group approach an approach that privileges the study of ethnic singularity to explore instead two ethnic groups in relation to each other in the broader context of the United States The chapters bring into focus transcultural interfaces and inquire comparatively about similarities and differences in cultural representations associated with these two groups This co edited volume contributes to the fields of transcultural and comparative studies The book is multi disciplinary It features scholarship from the perspectives of architecture ethnomusicology education history cultural and literary studies and film studies as well as whiteness studies It examines the production of ethnicity in the context of American political culture as well as that of popular culture including visual representations documentary film TV series and low brow crime fiction It includes analysis of literature It involves comparative work on religious architecture transoceanic circulation of racialized categories translocal interconnections in the formation of pan Mediterranean identities and the making of the immigrant past in documentaries from Italian and Greek filmmakers This volume is the first of its kind in initiating a multidisciplinary transcultural and comparative study across European Americans *Chains of Gold* Marcelo Borges, 2009-06-02 Why did migrants from southern Portugal choose

Argentina instead of following the traditional path to Brazil Starting with this question this book explores how at the turn of the twentieth century rural Europeans developed distinctive circuits of transatlantic labor migration linked to diverse immigrant communities in the Americas It looks at transoceanic moves in the larger context of migration systems examining their connections and the crucial role of social networks in migrants geographic mobility and adaptation Combining regional and local perspectives on both sides of the Atlantic *Chains of Gold* provides a vivid account of the trajectories of migrant men and women as they moved from rural Portugal to contrasting places of settlement in the Argentine pampas and Patagonia

Cultures in Contact Dirk Hoerder, 2002-11-21 Analysis of migrations regional interregional continent wide and global and the resulting cultural interactions and societal changes *America in Italian Culture* Guido Bonsaver, 2024-02-10 When Italy unified in 1861 America was emerging as a world power and advances in communication allowed Italians a view of American

life to which they could aspire America in Italian Culture traces this huge cultural shift looking at how US fiction comics music and film came to dominate Italian culture even as the countries went to war **Moving Europeans, Second Edition** Leslie Page Moch, 2009-09-18 Praise for the first edition By far the best general book on its subject Moving Europeans will remain a standard reference for some time to come Charles Tilly Moch has reconceived the social history of Europe David Levine Moving Europeans tells the story of the vast movements of people throughout Europe and examines the links between human mobility and the fundamental changes that transformed European life This update of a classic text describes the Western European migration from the pre industrial era to the year 2000 For this new edition Leslie Page Moch reconsiders the 20th century in light of fundamental changes in labor years of conflict and the new migrations following the end of colonial empires the fall of communism and globalization This new edition also features a greatly expanded and up to date bibliography *Surviving the City* Xinyang Wang, 2001 Exploring the multifaceted Chinese experience in New York City Xinyang Wang persuasively illustrates that economic forces more than racism influenced immigrants' life decisions [Are Italians White?](#) Jennifer Guglielmo, Salvatore Salerno, 2012-11-12 This dazzling collection of original essays from some of the country's leading thinkers asks the rather intriguing question Are Italians White Each piece carefully explores how when and why whiteness became important to Italian Americans and the significance of gender class and nation to racial identity

Fighting Prosaic Messages Henry C Amoroso Jr, 2018-04-11 Part historical fiction part memoir part philosophy of education this book begins with a story about a woman's immigration into the U S and how three of her generations struggled in the U S school system The book ends with an analysis of why many students fail in school and what we can do about it Through story and analysis this book offers a critique of the U S education system in 3 parts Part one imagines what the immigration experience was like in the past and reads like historical fiction Part two looks at the ensuing three generations in the present and reads like a memoir Part three gleans lessons from the story as a whole for what we can do better in the future In the historical fiction part a Sicilian woman named Rose emigrates to the U S at the turn of the twentieth century Knowing no English and illiterate but armed with a moral intelligence she struggles in this strange world of the free rubs shoulders with some of the great thinkers of her day and discusses the nature of education with them She's one of the many prosaic heroes history books and schools sometimes forget In the memoir part Rose's son Henry the author's father drops out of school in the eighth grade to help his single mom by selling newspapers he never thought he was smart enough for school anyway His son Henry Jr goes all the way in school to obtain a PhD but struggles to find a voice along the way Henry Jr's son Justin was seemingly born with an expressive voice but in his shuffle to conform to the school system almost lost it In these 3 cases we see 3 types of students who often fail in school in general In the final analysis part the book reflects on these prosaic cases to understand why so many U S students fail The theme that emerges parallels the traditions of Rousseau Dewey and Montessori students at heart are good and educators are most effective when they treat them as such students

learn best by doing and this includes moral doing and students become intrinsically motivated to learn if allowed to think critically creatively and to find their voices If democracy depends on an informed citizenry the questions this book raises about school failure are critical to the future of our nation J A **History from the Bottom Up and the Inside Out** James R. Barrett,2017-08-04 James R Barrett rethinks the boundaries of American working class history by investigating the ways in which working class people s personal lives intersected with their activism and religious racial ethnic and class identities

Work Under Capitalism Chris Tilly,2019-03-15 Work Under Capitalism synthesizes recent institutionalist and Marxist ideas about the organization of production situating production within a social context Starting with the transaction rather than the individual it builds upon a coherent theory and applies it to a wide range of experience from household labour to transformations of health c *Yearbook of Transnational History* Thomas Adam,2018-05-31 The Yearbook of Transnational History is dedicated to disseminating pioneering research in the field of transnational history This inaugural volume provides readers with articles on topics such as soccer travel music and social policy These articles highlight the movement of ideas people policies and practices across various cultures and societies and explore the relations and connections and spaces created by these movements These articles make clear that historical phenomena from travel to music cannot be contained and explained within just one national setting The volume offers further a number of theoretical and methodological articles that provide insights into the concept of transnational history and the approach of intercultural transfer studies Last but not least the volume also includes a number of review articles These review articles provide an examination of books central to teaching transnational history as well as a historiographical exploration of the impact of transnational history on the field of sports history The Making of Urban America Raymond A. Mohl,Roger Biles,2023-10-03 The revised and updated third edition of The Making of Urban America includes seven new articles and a richly detailed historiographical essay that discusses the vast urban history literature added to the canon since the publication of the second edition The authors extensively revised introductions and the fifteen reprinted articles trace urban development from the preindustrial city to the twentieth century city With emphasis on the social economic political commercial and cultural aspects of urban history these essays illustrate the growth and change that created modern day urban life Dynamic topics such as technology immigration and ethnicity suburbanization sunbelt cities urban political history and planning and housing are examined The Making of Urban America is the only reader available that covers all of U S urban history and that also includes the most recent interpretive scholarship on the subject The Heart and the Island Chiara Mazzucchelli,2015-08-04 Makes the case for a distinctly Sicilian American literature In The Heart and the Island Chiara Mazzucchelli explores the strong bond between Sicilian American writers and the island of Sicily Self contained yet connected to the mainland geographically separated from yet politically united to the rest of Italy Sicily occupies a unique position Throughout the twentieth century the sense of a distinct sicilianit or Sicilianness has manifested itself in a corpus of texts that although subsumed under the broader context

of Italian literature have distinguished themselves as examples of an exquisitely Sicilian literary experience Mazzucchelli argues that a parallel phenomenon *sicilianamericanit* has emerged in the United States Focusing on the island's geography history and culture she examines how many American authors of Sicilian descent derive inspiration from their ethnic milieu and lay out a recognizable set of Sicilian culture markers in their works thereby producing a literature that is distinctly Sicilian American Drawing on both Italian and Italian American scholarship *The Heart and the Island* is the first full length study of Sicilian American literature and it opens a space for new interdisciplinary discussions on what it means to be Italian on both sides of the ocean *The Heart and the Island* makes a distinctive contribution to the field of Italian American studies provocatively extending it as well as continuing the invaluable work of providing reflection on a variety of narratives distinguished by generic innovation and distinctive responses to *sicilianit* Chiara Mazzucchelli has beautifully advanced the field interweaving with skill and poise the voices of Sicilian and Sicilian American writers Mary Jo Bona author of *By the Breath of Their Mouths Narratives of Resistance in Italian America*

Getting the books **Militants And Migrants Rural Sicilians Become American Workers** now is not type of inspiring means. You could not solitary going later than ebook store or library or borrowing from your connections to log on them. This is an utterly simple means to specifically acquire lead by on-line.
