Militarism Karl Paul August Friedrich

Liebknecht,2023-07-18 Written by Karl Liebknecht a German revolutionary socialist and anti war activist this book argues against the glorification of war and the military and advocates for peace and the rights of workers It includes a detailed analysis of the role of the military in capitalist societies and argues that soldiers should not be used as tools of suppression against the working class This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

American Militarism and Anti-Militarism in Popular Media, 1945-1970 Lisa M. Munday,2012-01-27 Scholars have characterized the early decades of the Cold War as an era of rising militarism in the United States but most Americans continued to identify themselves as fundamentally anti militaristic To them militaristic defined the authoritarian regimes of Germany and Japan that the nation had defeated in World War II aggressive power hungry countries in which the military possessed power outside civilian authority Much of the popular culture in the decades following World War II reflected and reinforced a more pacifist perception of America This study explores military images in television film and comic books from 1945 to 1970 to understand how popular culture made it possible for a public to embrace more militaristic national security policies yet continue to perceive themselves as deeply anti militaristic

Antimilitarism C. Cockburn,2012-04-11 A lively first hand account of the ideas and activities of women and men in anti war anti militarist and peace movements The author looks at the tensions and divergences in and between organizations and their potential for cohering into a powerful worldwide counter hegemonic movement for violence reduction
