Modern Fiction:

Modernist Fiction Randall Stevenson, 1992-09-24 To many writers of the early twentieth century modernism meant not only the reshaping or abandonment of tradition but also an interest in psychology and in new concepts of space time art and language Randall Stevenson's important new analysis of the genre presents a lucid comprehensive introduction to modernist fiction covering a wide range of writers and works Drawing on narrative theory and cultural history Stevenson offers fresh insights into the work of such important modernists as Henry James Joseph Conrad Ford Madox Ford D H Lawrence Wyndham Lewis Dorothy Richardson May Sinclair Virginia Woolf and James Joyce In addition he discusses the work of Marcel Proust an important figure in the development of modernism in Europe This illuminating book places the new imagination of the modernist age in its historical context and looks at how and why the pressures of early twentieth century life led to the development of this distinctive and influential literary form This accessible account of modernism modernity and the novel will be welcomed by students scholars and general readers alike Modernist Fiction and Vagueness Megan Quigley, 2015-02-02 Modernist Fiction and Vagueness marries the artistic and philosophical versions of vagueness linking the development of literary modernism to changes in philosophy This book argues that the problem of vagueness language's unavoidable imprecision led to transformations in both fiction and philosophy in the early twentieth century Both twentieth century philosophers and their literary counterparts including James Eliot Woolf and Joyce were fascinated by the vagueness of words and the dream of creating a perfectly precise language Building on recent interest in the connections between analytic philosophy pragmatism and modern literature Modernist Fiction and Vagueness demonstrates that vagueness should be read not as an artistic problem but as a defining quality of modernist fiction Modernist Fiction R.W. Stevenson, 2014-09-11 In the revised edition of this popular text Randall Stevenson has expanded re emphasised and amended his work to make it even more relevant to today's student studying the Modernist period in literature The book covers a wide range of modernist novelists and novels and also provides an invaluable guide to key developments in the genre Stevenson has developed his text by adding a discussion of Conrad's Heart of Darkness which is now taught more regularly than Lord Jim In addition he takes a fresh look at the politics of the Modernists in conjunction with the politics of their texts pointing out the drawbacks of politically progressive readings of many modernist novels Finally in the section on gender Stevenson includes discussions of such significant figures as Djuna Barnes HD Katherine Mansfield and Rebecca West as well as expanding the reference to Gertrude Stein throughout The revisions in this updated text serve to make the authors arguments sharper and allow the text to remain central to the discussion of modernism modernity and the novel *Women Writing Modern Fiction* J. Rossen, 2003-09-30 Many women writers in twentieth century Britain were fascinated by the individual thought processes of their characters Women Writing Modern Fiction draws connections between the works of authors such as Elizabeth Bowen Dorothy L Sayers Olivia Manning Iris Murdoch and A S Byatt who dramatize darkness in

The Persistence of Realism in Modernist Fiction

Paul Stasi, 2022-10-06 Form vs content aesthetics vs politics modernism vs realism these entrenched binaries tend to structure work in early 20th century literary studies even among scholars who seek to undo them The Persistence of Realism demonstrates how realism's defining concerns sympathy class social determination animate the work of Henry James James Joyce Virginia Woolf Samuel Beckett and Ralph Ellison In contrast to the oft told tale of an aesthetically rich modernism overthrowing realism's social commitments along with its formal structures Stasi shows how these writers engaged with realism in concrete ways The domestic novel naturalist fiction novels of sentiment and industrial tales are realist structures that modernist fiction simultaneously preserves and subverts Putting modernist writers in conversation with the realism that preceded them The Persistence of Realism demonstrates how modernism's social concerns are inseparable from its formal

Microscopy, Magnification and Modernist Fiction Patrick Armstrong, 2024-12-26 Exploring how modernism registered shock experiences of the microscopic and extended vision in prose fiction through the work of four modernist writers D H Lawrence Marcel Proust Virginia Woolf and Samuel Beckett this book is the first substantial study of the interrelations between microscopy and modernist fiction Illustrating ways in which optical instruments had the capacity to change displace and reframe ideas of what the world is like this book argues that encounters with the microscopic are often depicted as thresholds between the human and the non human in ways that reverberate through modernist fiction Exploring a period of significant developments in microscopical tools and techniques from the light microscope to the electron microscope this book traces a shift that reconfigured the limits of the observable Crowd Violence in American Modernist Fiction Benjamin S. West, 2013-04-05 This study explores numerous depictions of crowd violence literal and figurative found in American Modernist fiction and shows the ways crowd violence is used as a literary trope to examine issues of racial gender national and class identity during this period Modernist writers consistently employ scenes and images of crowd violence to show the ways such violence is used to define and enforce individual identity in American culture James Weldon Johnson William Faulkner Richard Wright Ernest Hemingway F Scott Fitzgerald and John Steinbeck for example depict numerous individuals as victims of crowd violence and other crowd pressures typically because they have transgressed against normative social standards Especially important is the way that racially motivated lynching and the representation of such lynchings in African American literature and culture becomes a noteworthy focus of canonical Modernist fiction composed by white authors

Contemporary Fiction, Celebrity Culture, and the Market for Modernism Carey Mickalites, 2022-01-13 Arguing that contemporary celebrity authors like Zadie Smith Ian McEwan Martin Amis Kazuo Ishiguro Salman Rushdie Eimear McBride

and Anna Burns position their work and public personae within a received modernist canon to claim and monetize its cultural capital in the lucrative market for literary fiction this book also shows how the corporate conditions of marketing and branding have redefined older models of literary influence and innovation It contributes to a growing body of criticism focused on contemporary literature as a field in which the formal and stylistic experimentation that came to define a canon of early 20th century modernism has been renewed contested and revised Other critics have celebrated these renewals variously arguing that contemporary literature picks up on modernism's unfinished aesthetic revolutions in ways that have expanded the imaginative possibilities for fiction and revived questions of literary autonomy in the wake of postmodern nihilism While this is a compelling thesis and one that rightly questions an artificial and problematic periodization that still lingers in academic criticism those approaches generally fail to address the material conditions that structure literary production and the generation of cultural capital whether in the historical development of modernism or its contemporary permutations This book addresses this absence by proposing a materialist history of modernism's afterlives Diseases and Disorders in Contemporary Fiction James Peacock, Tim Lustig, 2013-04-17 The essays in this collection address the current preoccupation with neurological conditions and disorders in contemporary literature by British and American writers The book places these fictional treatments within a broader cultural and historical context exploring such topics as the two cultures debate the neurological turn postmodernism and the post postmodern and responses to September 11th Considering a variety of materials including mainstream literary fiction the graphic novel popular fiction autobiographical writing film and television contributors consider the contemporary dimensions of the interface between the sciences and humanities developing the debate about the post postmodern as a new humanism or a return to realism and investigating questions of form and genre and of literary continuities and discontinuities Further the essays discuss contemporary writers' attempts to engage the relation between the individual and the social looking at the relation between the syndrome syndrome referring to the prevalence in contemporary literature of neurological phenomena evident at the biological level and existing work in the field of trauma studies where explanations tend to have taken a psychoanalytical form allowing for perspectives that question some of the assumptions that have marked both these fields The current literary preoccupation with neurological conditions presents us with a new and distinctive form of trauma literature one concerned less with psychoanalysis than with the physical and evolutionary status of human beings *Tradition in Modern Novel-theory* Kaushal Kishore Sharma, 1981 Discusses theories of E M Forster Somerset Maugham and Joyce Cary
