1. To him be hark'ns ev'ry thing, To us bring, but with us, and joy; Know that the Lord is God above, And none can say, and he do more.

2. How wide your's, without our aid, Made us of clay, and how'd he save, And when the world was young to draw'd, He brought us to his fold a - gain.

3. We'll sound thy praise with thankful songs With all the heart to our Father's name; And earth, with her ten thousand tongues, Shall fill thy courts with swelling praise.

4. Wide as the world is thy command; True as a star, and by thy love, Firm as a rock thy word shall stand; When calling thou shalt us to save.

Marcus Lafayette Swan

New Harp Of Columbia:

The New Harp of Columbia Marcus Lafayette Swan, William H. Swan, 2001 In the small towns and rural areas of early America church sponsored singing schools proliferated as a way of both improving congregational singing and drawing communities together Congregants attending these schools were taught a form of musical notation in which the notes were assigned different shapes to indicate variations in pitch a method that worked well with singers having little understanding of standard musical notation These schools eventually became major social events that drew hundreds of attendees and today countless enthusiasts carry on the shape note tradition The New Harp of Columbia originally published in Knoxville in 1867 was a shape note tunebook used in East Tennessee singing schools It was based on an even earlier publication The Harp of Columbia 1848 In 1978 the University of Tennessee Press published a facsimile edition of The New Harp with an introduction by Dorothy D Horn Ron Petersen and Candra Phillips that detailed the history of shape note singing as well as the story of the tunebook itself and its original compilers W H Swan and M L Swan That edition went out of print in 1999 Now for this restored edition of the tunebook the Press has reprinted not only the full text of its 1978 facsimile edition but has included additional tunes that were part of the original 1848 Harp of Columbia A few verses to some songs favored by contemporary singers have also been added and a new foreword by Larry Olszewski and Bruce Wheeler brings the story of the tunebook and its users up to date Included in the book are old psalm and hymn tunes anthems fuguing pieces and folk hymns a total of more than two hundred pieces that represent a fascinating slice of Americana As a reviewer for the Journal of Church Music noted of the 1978 facsimile The book is a worthwhile addition to any church musician's library especially those interested in the development of American sacred music over the past two centuries This publication marks a significant new step in preserving an important musical tradition

A Companion to the New Harp of Columbia Marion J. Hatchett, 2003 The shape note tradition first flourished in the small towns and rural areas of early America Church sponsored singing schools taught a form of musical notation in which the notes were assigned different shapes to indicate variations in pitch this method worked well with congregants who had little knowledge of standard musical notation Today many enthusiasts carry on the shape note tradition and The New Harp of Columbia recently published in a restored edition by the University of Tennessee Press is one of five shape note singing manuals still in use Jacket *The New Harp of Columbia* Marcus Lafayette Swan, 1921 **The New Harp of Columbia by M.L. The New harp of Columbia : a system of musical notation, with a note for each sound, and a shape for each note, containing a variety of most excellent Psalm and hymn tunes, odes and anthems, happily adapted to church service, singing-schools and societies ,1867 *The new harp of Columbia* M.L. Swan, 1907 Presidential Praise C. Edward Spann, Michael Edward Williams, 2008 Presidential Praise Our Presidents and Their Hymns offers the most

comprehensive coverage ever written of the influence of hymns on the lives and administrations of America's presidents. Each chapter begins with Michael Williams's concise presentation of each president's path to the White House and his accomplishments and failures as president. C. Edward Spann then introduces how each president regarded music, whether or not he was musical, and music in the White House during each president's administration. These hymns may be related to developments in the life of the president, including his spiritual journey, major decisions he had to make as president, or even his selection of the inaugural Scripture. Spann then tells the story of how the hymn was written, both the words and the music. Presenting this scholarly material in an inspiring manner is part of the delight of the book. In doing so, the book covers a panorama of hymnody from 1614 to the 1980s. After an interpretation of the words, it is demonstrated why the chosen hymns were meaningful to each president. The format of each chapter reveals this special emphasis that can't be found elsewhere.

The Living Church, 2003-07 **Great Smoky Mountains Folklife** Michael Ann Williams, 2010-04-08 The Great Smoky Mountains at the border of eastern Tennessee and western North Carolina are among the highest peaks of the southern Appalachian chain. Although this area shares much with the cultural traditions of all southern Appalachia, the folklife here has been uniquely shaped by historical events, including the Cherokee Removal of the 1830s and the creation of the Great Smoky Mountain National Park a century later. This book, surveying the rich folklife of this special place in the American South, offers a view of the culture as it has been defined and changed by scholars, missionaries, the federal government, tourists, and people of the region themselves. Here is an overview of the history of a beautiful landscape, one that examines the character typified by its early settlers, by the displacement of the people, and by the manner in which the folklife was discovered and defined during the nineteenth and twentieth centuries. Here also is an examination of various folk traditions and a study of how they have changed and evolved.

Terra Incognita Anne Bridges, Russell Clement, 2014 Terra Incognita is the most comprehensive bibliography of sources related to the Great Smoky Mountains ever created. Compiled and edited by three librarians, this authoritative and meticulously researched work is an indispensable reference for scholars and students studying any aspect of the region's past. Starting with the de Soto map of 1544, the earliest document that purports to describe anything about the Great Smoky Mountains, and continuing through 1934, with the establishment of the Great Smoky Mountains National Park, today the most visited national park in the United States, this volume catalogs books, periodicals, and journal articles, selected newspaper reports, government publications, dissertations, and theses published during that period. This bibliography treats the Great Smoky Mountain Region in western North Carolina and east Tennessee systematically and extensively in its full historic and social context. Prefatory material includes a timeline of the Great Smoky Mountains and a list of suggested readings on the era covered. The book is divided into thirteen thematic chapters, each featuring an introductory essay that discusses the nature and value of the materials in that section. Following each overview is an annotated bibliography that includes full citation information and a bibliographic description of each entry. Chapters cover

the history of the area the Cherokee in the Great Smoky Mountains the national forest movement and the formation of the national park life in the locality Horace Kephart perhaps the most important chronicler to document the mountains and their inhabitants natural resources early travel music literature early exploration and science maps and recreation and tourism Sure to become a standard resource on this rich and vital region Terra Incognita is an essential acquisition for all academic and public libraries and a boundless resource for researchers and students of the region *The Core Repertory of Early American Psalmody* Richard Crawford, 1984-01-01

Dictionary of Southern Appalachian English Michael B. Montgomery, Jennifer K. N. The Hymn, 2004 *Holy Manna* Amanda Leigh Rogers, 2021 This project explores the identity and sustainability of the shaped note singing tradition among the community of the Friends of the New Harp of Columbia A pattern emerged in fieldwork of song ownership songs that each member considered to be theirs Songs of ownership intertwine with education preservation and mediation of multiple realities to provide a link between identity and preservation and between the past present and future The community actively preserves their musical tradition through song ownership The sustainability and survival of songs of ownership is emphasized in two ways an emphasis on participation not performance and an emphasis on rudiment education Participation and education are ways the old harp community is disrupting the current narrative that exists about mountain music and identity This end of the line narrative of mountain music and identity is problematic because it distances the observer from the tradition keeping it observed in the past instead of relevantly engaged in the present A phenomenon of tune variation presented itself in the fieldwork Hood's bi musicality

model worked for basic acquisition of harp singing However due to the minutia of tune variations within the community the fact that there is not creative agency to prove fluency per Hood and the variations were not necessarily set systems but socially predicated variants a companion model was needed to account for the variants within systems especially the ones creating sub cultures and communities The term chosen for these variations is socio musical variation *America's Music, from the Pilgrims to the Present* Gilbert Chase,1992 A history of American music its diversity and the cultural influences that helped it develop
