American Health Care Charles J. Dougherty, 1988-03-03 Is our present health care system biased against people with limited education and income Does every American have a moral right to health care If so what kinds of care and how much In a provocative look at American health care delivery Charles J Dougherty considers these and many other questions His

book fills an important niche in contemporary medical ethics and public health literature by combining a description and analysis of the American health care system as it actually operates today with an assessment of recent philosophical writings on justice In the first section Dougherty describes inequalities in health care delivery to blacks the poor and the less educated He then reviews the philosophical theories of utilitarianism egalitarianism contractarianism and libertarianism applies them to health care issues and argues for a moral right to health care He considers available policy alternatives concluding that the empirical data and our understanding of justice and human rights should commit us to a national health care plan supported by national health insurance
