Joining Children on the Spiritual Journey Catherine Stonehouse, 1998-03-01 Understanding how a child's faith forms is crucial to knowing how adults can most significantly enhance the child's spiritual development. This book provides parents, teachers, and Christian education leaders with valuable insights into spiritual formation during childhood. With a biblical perspective as a starting point and a recognition of the crucial role of both the family and the faith community, Stonehouse reviews important contributions from noted child development experts Erik Erikson, Jean Piaget, Lawrence Kohlberg, and James Fowler. This overview gives insight into the processes of psychosocial, cognitive, and moral development in children and adolescents. Stonehouse concludes with solid guidelines for designing children's ministries. By carefully setting the stage through liturgy, sacred stories, and parables, Christian educators can help children meet with God. Quiet times of godly play, carefully adapted to the age level of the child, enable adults to join with children on the journey toward deeper intimacy with God.

A Journey Into Being Christine Ramos, 2006-06 UPDATED AND REVISED SECOND EDITION From the author: When it comes to getting guidance about the arrival of new life, the sources are plenty: Healthcare practitioners, books, magazines, websites, and well-meaning friends and family members can all offer valuable information. But what about gaining insight about childbearing from a consciousness and spiritual perspective? When I was pregnant with my second child, I sought a different type of guidance, one that spoke to the true depth of carrying another life inside me. As a spiritual person and empath, I knew enough to understand that nothing is random. I wanted to learn about the soul of my unborn child and why I would be the one honored to be his or her parent. I craved to know the process of spirit uniting with physical body. When does it happen and can the mother sense it? Is it possible to communicate with the consciousness of your baby before birth? Can you be so attuned to your child that you can intuit their inner happenings on a vibrational level? I had nowhere to turn to for the answers to these deeper questions. So I began my quest to put it all together. It meant delving deep to make sound premises backed by available research and reliable observation. The nurse in me demanded empirical evidence, but I also wanted the warmth of personal accounts. A Journey Into Being is a cumulation of medical, scientific, spiritual, and Eastern wisdom. It will take you where science meets spirituality on the transformational passage of the soul as it prepares for life, unites with the physical body, and undergoes birth. It will provide guidance on how to know and nurture a child's inner being. Once we view new life through the lens of spirit, many questions and mystifying issues surrounding the arrival of new life will become clearer, like: How do I nurture my child on a more

intuitive level Why are some babies more sensitive or reactive than others Why do I feel like I've known my newborn all my life How can I connect spiritually to my child during pregnancy Was I chosen to be my child's parent What is the true meaning of life reality consciousness How do we reconcile the idea of a just Higher Being when cruel things can happen to innocent children A Journey Into Being is not just for those who are parents or wish to become parents It can help anyone gain greater insight into the eternal nature of consciousness and explore the course of their own journey into physical being or of those they love This book is my tribute to every precious child as each brings the promise of positive change for a more loving universe *What about the Kids?* Marlene Winell,1996 **Real Kids, Real Faith** Karen Marie Yust,2004-04-05 In a culture that has lost touch with love compassion and meaning how can parents be intentional about building a spiritual foundation for their children's development In looking to their own upbringing for guidance parents often feel even more at a loss they don't want to make the same mistakes their parents did so they either become too strict or they take a completely hands off approach A pastor a teacher and a mother Karen Marie Yust offers a refreshing array of resources and provisions to guide and sustain parents and children on their mutual journey Drawn from a three year study of children's spirituality as well as the best in theological tradition and literature Real Kids Real Faith provides insight and a variety of helpful tips for nurturing children's spiritual and religious formation Yust challenges the prevailing notion that children are unable to grasp religious concepts and encourages parents to recognize children as capable of authentic faith *Spiritual Nurturing for Intuitive Children* Michelle Henderson,2022-01-07 If you are a psychic medium or spiritual coach you have certainly come across families that were blessed with intuitive children Wanting to work with these families their children guiding them through the challenges that they need to overcome to embrace and enhance such psychic abilities is no easy task In *Spiritual Nurturing for Intuitive Children* Michelle Henderson offers guidance to all sorts of healers on how to provide parents the tools and knowledge it requires to fully integrate psychic children to their families With practical exercises the book covers important topics as Why parent training Accepting and welcoming the intuitive child Encouraging the powerful role of parents Navigating the challenges of raising psychic children Fully integrating the family Supporting spiritually evolved children in different life stages and Celebrating spiritual growth What if instead of discouraging children's spiritual growth parents could be educated about the spiritual world Embrace the love forgiveness faith and non judgmental behavioral strategies to nourish the intuitive side of children and their families Our world needs our children to understand what true love and acceptance really is **Nurturing Child and Adolescent Spirituality** Karen-Marie Yust,Aostre N. questions and broadens the base of knowledge and investment in this important domain of life. It specifically and intentionally focuses on theological and philosophical perspectives from within religious traditions, creating space for the religious traditions to find their voices. *Nurturing Child and Adolescent Spirituality* is firmly grounded in the language and priorities of religious studies and helps stimulate explorations of whether and how religious communities are tapping their own wisdom and strengths in nurturing today's young people in a complex and changing world. *Nurturing Child and Adolescent Spirituality* will set the stage for new waves of scholarship and dialogue within and across traditions, disciplines, and cultures that will enrich understanding and strengthen how the world's religious traditions and others understand and cultivate the spiritual lives of children and adolescents around the globe. *Spiritual Parenting* Hugh Prather, Gayle Prather, 1996

Spiritual Parenting is a guide to the naturally intuitive and spiritual core of every child. It refutes the current notions of the basic nature of children and teenagers while offering a radically new way to approach parenting. In the words of authors, counselors, and ministers, Hugh and Gayle Prather: "This book reflects our deep personal conviction that parenting is a spiritual path, a form of worship. In their characteristically warm style, the Prathers offer a book of principles that parents can use to understand and protect their children at home, at school, and in the world. While one does not have to believe in God to understand these principles, say the Prathers, parents must approach child care as a spiritual task. They offer ways to keep this essential focus amid the bewildering complexities involved in guiding children toward adulthood. With joy and a sense of humor, the Prathers offer stories and anecdotes about their own children and the children of families they have counseled to help today's parents break through conflicting ideas and emotions and learn to enjoy their children at all stages of their growth." BOOK JACKET Title Summary field provided by Blackwell North America, Inc. All Rights Reserved. **Nurturing Spiritual Development in Children by Understanding Our Own Spirituality** Ester R. A. Leutenbergh, Deborah L. Schein, 2017. The purpose of this workbook is to encourage caregivers to be aware of the importance of spirituality and to realize that spiritual development can be nurtured at a very young age. In order to successfully do this, it is important for caregivers to explore and understand their own spirituality. This book introduces the concept of spiritual development, vital for all caregivers, for it references aspects of spiritual development that are common to all people. Each chapter offers insight into how spiritual development unfolds. Readers will find information about various aspects of spiritual development. Space is given for reflection and journal writing. This will provide opportunities to evoke and strengthen the caregivers' spiritual development that will enhance the spiritual development of the children the adults are nurturing. Each chapter concludes with a list of ideas, activities, and spiritual moments that caregivers can share with the children in their lives. *Children's Spirituality in Early Childhood Education* Jennifer Mata-McMahon, Patricia Escarfuller, 2023-07-19. Nurturing the Spirit of a Child Elizabeth Culling, Liz Hoare, 2009 *Understanding Children's Spirituality* Kevin E. Lawson, 2012-03-22 How important is childhood in the spiritual formation of a person How do children experience God in the context of their lives as they grow What does God do in the lives of children to draw them to himself and help them grow into a vital relationship with him How can adults who care about children better support their spiritual growth and direct it toward relationship with God through Jesus Christ These are critical questions that church leaders face as they consider how best to nurture the faith of the children God brings into our lives In this book over two dozen Christian scholars and ministry leaders explore important issues about the spiritual life of children and ways parents church leaders and others who care about children can promote their spiritual formation **Children's Perceptions of the Role of Biblical Narratives in Their Spiritual Formation** Annie George, 2017-02-28 In the Bible storytelling is an important means to pass on the revelation of God God repeatedly commanded the people of Israel to tell his mighty acts to the next generation Invariably churches follow this mandate and use biblical narratives as a means to transmit God's self revelation to enable transformation The author Dr Annie George listens to the voices of children in order to understand their perceptions of how storytelling of biblical narratives help them in their spiritual formation Dr George's research highlights the importance of

evaluating the impact of biblical narratives from a child's perspective as well as emphasising the need to give the same priority to the spiritual transformation of children as with other areas of study and ministry Nurturing Child and Adolescent Spirituality Karen-Marie Yust, Aostre N.
