them on the education and safety of our children on housing medical care rebuilding the cities and what we can still do in the future As in Swift Yahoos populate the essays of this book the drug dealers the local political hacks the anti Semites the racists the women bashers the arms traffickers the whole unsavory cast As in Mencken boobs run loose in the White House and in the halls of Congress From time to time a Candide like character named D emas Yiddish for the the truth appears and asks embarrassing questions about the ways of our civilisation which his interlocutor is hard pressed to answer And yet after Howard Fast recounts the inanity and brutality of these years he offers a humane vision of what America and the rest of the world could be These essays should hold a place in 20th century letters as a statement of unsurpassed passion on the theme war and peace

**Eleven Presidents** Ivan Eland,2017-11-01 Presidents who claimed to limit government often actually did the opposite History often looks unfavorably on presidents who may have actually contributed smart and important policies Were Harding and Coolidge really as ineffective as their reputations maintain Did Hoover not do enough to end the Depression Was Reagan a true champion of small government conservatism We all know that the American president is one of the most powerful people in the world But to understand the presidency today we often have to learn from the past Author Ivan Eland offers a new perspective in Eleven Presidents on the evolution of the executive office by exploring the policies of eleven key presidents who held office over the last one hundred years Warren G Harding Calvin Coolidge Herbert Hoover Dwight D Eisenhower Richard Nixon Gerald Ford Jimmy Carter Ronald Reagan George H W Bush Bill Clinton and George W Bush The book combines an exploration of how political currents shape historical legacies with an in depth analysis of presidents actual policies An important revealing book about the presidency legacy and the formation of history Eleven Presidents is essential reading for understanding the American presidency *Iran* United States.
