The Origin And Development Of Vaisnavism: From 200 Bc To Ad 500 Third Revised & Enlarged Edition Suvira Jaiswal, 2015-12-10 Description This edition is revised and enlarged to update the material and impart more depth to author's strikingly original interpretations especially those relating to Narayana and Vasudeva Kṛṣṇa. It questions the general assumption that the sentiment of personal devotion of bhakti formed a basic component of pre-Aryan aboriginal cults from which it was borrowed by later sectarian religions. The author argues that religious consciousness being an ideological reflex of man's real life process its structure also undergoes changes in conformity with the changing social relations. The adoption of the principle of ahimsa and of vegetarianism in Vaisnavism is explained in its social context. It is shown how Puranic Vaisnavism evolved in the process of revitalizing Brahmanism through assimilating a number of orthodox non-conformist and tribal elements. The absorption of mother goddess Śrī Lakṣmī in the Vaisnava pantheon is a case in point. The revised edition throws fresh light on the Narsimha incarnation of Viṣṇu and the remodeling of some Vaisnava rituals. Finally it highlights the social role of this religion and indicates the extent of its influence in post-Maurya and Gupta times. *The Origin and Development of Vaisnavism from 200 BC to AD 500* Suvira Jaiswal, 1981 **The Origin and Development of Vaiṣṇavism** Suvira Jaiswal, 1981 *The Origin and Development of Vaiṣṇavism* Suvira Jaiswal, 1967 *Origin and Development of Vaisnavism in Manipur* Dvijendranārāyaṇa Gosvāmī, 2010 **Sikhism, Origin and Development** Dalbir Singh Dhillon, 1988 *Origin and Development of Viṣṇu Cult* Muralidhar Mohanty, 2003 **Krishna** Edwin Francis Bryant, 2007 In the West Krishna is primarily known as the speaker of the Bhagavad Gītā. Art and History, 2021-12-30 *Art and History: Texts, Contexts and Visual Representations in Ancient and Early Medieval India* seeks to locate the historical contexts of premodern Indian art traditions. The volume examines significant questions such as: What were the purposes served by art? How were religious and political ideas and philosophies conveyed through visual representations? How central were prescription, technique and style to the production of art? Who were the makers and patrons of art? How and why do certain art forms, meanings and symbols retain a relevance across context? With contributions from historians and art historians seeking to unravel the interface between art and history, the volume dwells on the significance of visual representations in specific regional historical contexts, the range of symbolic signification attached to these and the mythologies and textual prescriptions that contribute to the codification and use of representational forms. Supplemented with over 60 images, this volume is a must-read for scholars and researchers of history and art. **Ritual, State and History in South Asia** A.W. van den Hoek, D.H.A. Kolff, M.S.
