Menard,1989 To find more information on Rowman Littlefield titles please visit us at www.rowmanlittlefield.com **Race Riots & Resistance** Jan Voogd,2008 Race Riots and Resistance uncovers a long hidden tragic chapter of American history Focusing on the Red Summer of 1919 in which black communities were targeted by white mobs the book examines the contexts out of which white racial violence arose It shows how the riots transcended any particularity of cause and in doing so calls into question many longstanding beliefs about racial violence The book goes on to portray the riots as a phenomenon documenting the number of incidents describing the events in detail and analyzing the patterns that emerge from looking at the riots collectively Finally and significantly Race Riots and Resistance argues that the response to the riots marked an early stage of what came to be known as the Civil Rights Movement

Organized Crime in the United States, 1865-1941 Kristofer Allfeldt,2018-02-06 Why do Americans alternately celebrate and condemn gangsters outlaws and corrupt politicians Why do they immortalize Al Capone while forgetting his more successful contemporaries George Remus or Roy Olmstead Why are some public figures repudiated for their connections to the mob while others gain celebrity status Drawing on historical accounts the author analyzes the public's understanding of organized crime and questions some of our most deeply held assumptions about crime and its role in society **Corruption and Reform** Edward L. Glaeser,Claudia Goldin,2007-11-01 Despite recent corporate scandals the United States is among the world's least corrupt nations But in the nineteenth century the degree of fraud and corruption in America approached that of today's most corrupt developing nations as municipal governments and robber barons alike found new ways to steal from taxpayers and swindle investors In *Corruption and Reform* contributors explore this shadowy period of United States history in search of better methods to fight corruption worldwide today Contributors to this volume address the measurement and consequences of fraud and corruption and the forces that ultimately led to their decline within the United States They show that various approaches to reducing corruption have met with success such as deregulation particularly free banking in the 1830s In the 1930s corruption was kept in check when new federal bureaucracies replaced local administrations in doling out relief Another deterrent to corruption was the independent press which kept a watchful eye over government and business These and other facets of American history analyzed in this volume make it indispensable as background for anyone interested in corruption today Nebraska : an Illustrated History Frederick C. Luebke,2005-01-01 A unique history of Nebraska is presented in these pages drawing on fifty eight short topical chapters and a rich gallery of illustrations Professor Frederick C Luebke's lifelong commitment to the study of his state informs the book in every detail as does his concern for clear and readable narrative The treasure trove of images many never published before cast new light on many aspects of Nebraska's history These include the culture of the state's Native peoples and their lives today the building of the transcontinental railroad the hardship endured by European immigrants and the contributions of women African Americans

Hispanic Americans and Asian Americans to the state This is a book that every Nebraskan will want to own read and enjoy This second edition includes updated chapters on the current social economic and political climate of Nebraska and some new illustrations The Women Who Built Omaha Eileen Wirth, 2022-05 2023 Nebraska Book Award During the 1930s the Federal Writers Project described Omaha as a man's town and histories of the city have all but ignored women However women have played major roles in education health culture social services and other fields since the city's founding in 1854 In The Women Who Built Omaha Eileen Wirth tells the stories of groundbreaking women who built Omaha including Susette Bright Eyes LaFlesche who translated at the trial of Chief Standing Bear Mildred Brown an African American newspaper publisher Sarah Joslyn who personally paid for Joslyn Art Museum Mrs B of Nebraska Furniture Mart and the Sisters of Mercy who started Omaha's Catholic schools Omaha women have been champion athletes and suffragists as well as madams and bootleggers They transformed the city's parks co founded Creighton University helped run Boys Town and so much more in ways that continue today Men of No Reputation Kimberly Harper, 2024-02-05 Men of No Reputation is the first account to explore the life of Robert Boatright one of America's most gifted but forgotten confidence men Boatright's story provides a rare window into the secret world of Missouri's criminal past which influenced the methods of confidence men across the country Boatright took the preexisting big store confidence scheme and perfected it With the assistance of a talented coterie of confederates known as the Buckfoot Gang this dean of modern confidence men fleeced the gentry of the Midwest on fixed athletic contests in the turn of the century Ozarks Working in concert with a local bank and an influential Democratic boss Boatright seemed untouchable A series of missteps however led to a string of court cases across the country that brought his criminal enterprise to an end And yet the con continued Boatright's successor John C Mabray and his cronies many of whom had been in the Buckfoot Gang preyed upon victims across North America in one of the largest Midwestern criminal syndicates in history before they were brought to heel Like the works of Sinclair Lewis Boatright's story exposes a rift in the wholesome Midwestern stereotype and furthers our understanding of nineteenth and twentieth century American society
