Populism Vs Plutocracy Willis A. Carto, 1996

Right-Wing Populism in America Chip Berlet, Matthew N.

Lyons, 2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America Confronting Right Wing Extremism and Terrorism in the USA

George Michael, 2003-09-02 This book examines the response to right wing extremism in the US from both the government and non governmental organisations It provides a detailed portrait of the contemporary extreme right in the US including interviews with several of the movement s leading figures from groups such as the Ku Klux Klan Militias American Renaissance and the White Aryan Resistance The author also explains how the activities of these racist groups have been curbed due to the campaigning efforts of anti racist and anti fascist watchdogs who have helped to shape and influence government policy **The Barnes Review**, 2005 *The White Separatist Movement in the United States* Betty A.

Dobratz, Stephanie L. Shanks-Meile, 2000 The result is a compelling book that chronicles the history ideology and strategies of the white separatist movement *The Socialist Party of America* Jack Ross (Historian), 2015 At a time when the word socialist is but one of numerous political epithets that are generally divorced from the historical context of America s political history The Socialist Party of America presents a new mature understanding of America s most important minor political party of the twentieth century From the party s origins in the labor and populist movements at the end of the nineteenth century to its heyday with the charismatic Eugene V Debs and to its persistence through the Depression and the Second World War under the steady leadership of America s conscience Norman Thomas The Socialist Party of America guides readers through the party s twilight ultimate demise and the successor groups that arose following its collapse Based on archival research Jack Ross s study challenges the orthodoxies of both sides of the historiographical debate as well as assumptions about the Socialist Party in historical memory Ross similarly covers the related emergence of neoconservatism

and other facets of contemporary American politics and assesses some of the more sensational charges from the right about contemporary liberalism and the radicalism of Barack Obama The Ruling Elite Deanna Spingola, 2012 The U S government complicit with the well connected corporations since the so called Civil War continues to wage war and destruction Lincoln s revolutionary war supported by Marx and Engels caused at least 618 222 and perhaps as many as 700 000 deaths including about 50 000 Confederate civilians Soldiers who were fighting dying and killing during that war were in training for future wars If Americans could kill fellow citizens then they would use force against foreign citizens in behalf of the government That war foreshadowed the devastating global warfare that followed with the Spanish American War two World Wars Korea Vietnam the First Gulf War and the current wars in the Middle East They do not include the bombings in the Baltic and elsewhere or the CIA s covert warfare wherein millions of people died In the First World War soldiers killed 9 911 000 people in action and wounded 21 219 500 people while 7 750 000 people were missing in action for a total of 38 880 500 In the Second World War there were over 24 000 000 military deaths and 49 000 000 civilian deaths totaling 73 000 000 deaths not including the number of wounded or missing That is 82 911 000 deaths in two world wars The real question is WHY *Voodoo Histories* David Aaronovitch, 2010-02-04 Meticulous in its research forensic in its reasoning robust in its argument and often hilarious in its debunking a highly entertaining rumble with the century s major conspiracy theorists and their theories John Lahr National Book Critics Circle Award winning author of Tennessee Williams From an award winning journalist a history so funny so true so scary it s bound to be called a conspiracy Our age is obsessed by the idea of conspiracy We see it everywhere from Pearl Harbor to 9 11 from the assassination of Kennedy to the death of Diana In this age of terrorism we live in the role of conspiracy is a serious one one that can fuel radical or fringe elements to violence For David Aaronovitch there came a time when he started to see a pattern among these inflammatory theories these theories used similarly murky methods with which to insinuate their claims they linked themselves to the supposed conspiracies of the past it happened then so it can happen now they carefully manipulated their evidence to hide its holes they relied on the authority of dubious academic sources Most important they elevated their believers to membership of an elite a group of people able to see beyond lies to a higher reality But why believe something that entails stretching the bounds of probability so far In this entertaining and enlightening book he examines why people believe conspiracy theories and makes an argument for a true skepticism one based on a thorough knowledge of history and a strong dose of common sense **Willis Carto and the American Far Right** George Michael, 2008 In addition to his role in Youth for Wallace Carto has made other forays into electoral politics including his involvement with the Populist Party in the mid 1980s and his support for the political career of David Duke After the Liberty Lobby was forced to disband in 2001 in the wake of a damaging civil suit he quickly reconstituted the organization as the publisher of the American Free Press **BOOK JACKET** **Conspiracies and Conspiracy Theories in American History** Christopher R. Fee, Jeffrey B. Webb, 2019-05-24 This up to date introduction to

the complex world of conspiracies and conspiracy theories provides insight into why millions of people are so ready to believe the worst about our political legal religious and financial institutions Unsupported theories provide simple explanations for catastrophes that are otherwise difficult to understand from the U S Civil War to the Stock Market Crash of 1929 to the terrorist attacks on the World Trade Center in New York Ideas about shadowy networks that operate behind a cloak of secrecy including real organizations like the CIA and the Mafia and imagined ones like the Illuminati additionally provide a way for people to criticize prevailing political and economic arrangements while for society s disadvantaged and forgotten groups conspiracy theories make their suffering and alienation comprehensible and provide a focal point for their economic or political frustrations These volumes detail the highly controversial and influential phenomena of conspiracies and conspiracy theories in American society Through interpretive essays and factual accounts of various people organizations and ideas the reader will gain a much greater appreciation for a set of beliefs about political scheming covert intelligence gathering and criminal rings that has held its grip on the minds of millions of American citizens and encouraged them to believe that the conspiracies may run deeper and with a global reach The Third Rome Matthew Raphael Johnson,2004 Academic historians liberals and communists have been fashioning a fantasy world around Russian history for nearly 100 years spreading slander and myth about an entire population Few nations rulers or peoples have been subject to such merciless attacks as the Russians have Now however all of that has changed Here s the first book in English that sets out to defend the history of Tsarist Russia from St Vladimir to Tsar St Nicholas II Russia before bloody Bolshevism Il dossier "Bilderberg" Franco Ferrari,2015-08-13 Che cos il Bilderberg Un gruppo un club un potere occulto il governo segreto del mondo Quando stato fondato da chi e per quali obbiettivi Per rispondere a queste domande l autore ha scelto di cercare la verit seguendo tutte le piste C chi ritiene che il Bilderberg sia l espressione degli Illuminati chi vi vede la longa manus della finanza ebraica mentre altri lo denunciano come strumento della Sinarchia internazionale Non manca chi lo considera l organizzazione politica della classe dominante transnazionale ed infine chi pensa sia solo una riunione noiosa nella quale non succede nulla di interessante Richiamandosi al consiglio di Sherlock Holmes secondo il quale prima di elaborare una teoria occorre cercare di conoscere i fatti l autore ha ricostruito i diversi punti di vista sul ruolo di questo gruppo misterioso e criticato Ha cercato di distinguere le fantasie dalla realt e di arrivare ad una prima provvisoria conclusione Spetter al lettore decidere se condividerla o contestarla [?] [?] [?] [?] [?] [?],2006 [?] [?] [?] [?] [?] [?] ,1999 [?] [?] [?] ,2002

analyses the emergence formation reproduction and resistance to a left wing populist project in a major world oil producer For readers who seek to understand the historical economical and sociological contexts that gave rise to a 38 year old mestizo mulato Lieutenant Colonel who stormed the presidential palace in a bloody coup d tat in 1992 subsequently returned to the same palace in 1998 but this time as a democratically elected President and has been in power since this book is the right place to start In spite of opposition attempts to oust President Hugo Chavez and his political machinery from power this socialism of the twenty first century hegemonic project has succeeded in creating an institutional structure designed to improve the lives of the previously excluded population An in depth fieldwork study of a Cuban healthcare programme named Barrio Adentro deep in the slums in Venezuela s poor and rural areas and the nonviolence Manos Blancas white hands opposition student movement provides a descriptive and analytical account of people s problems from both sides in a deeply polarised society The concluding chapter of this book examines Chavez s intention to stay in power until 2031 An original resource for scholars students and general readers this book not only furthers our understanding populism in Venezuela but also provides a sound method to analyse populist practices in other contexts *Populism: the Critical Issues* Sheldon Hackney,1971 **Populism Vs. Plutocracy** Gordon Press Publishers,1996-11 Contemporary Authoritarianism in Southeast Asia William Case,2013-09-27 Over the past two decades book length analyses of politics in Southeast Asia like those addressing other parts of the developing world have focused closely on democratic change election events and institution building But recently democracy s fortunes have ebbed in the region In the Philippines the progenitor of people power democracy has been diminished by electoral cheating and gross human rights violations In Thailand though the former Prime Minister Thaksin Shinawatra scored successive electoral victories he so committed executive abuses that he served up the pretext by which royalist elements in the military might mount a coup one that even gained favour with the new middle class And in Indonesia lauded today as the region s only democracy still standing the government s writ over the security forces has remained weak with military commanders nestling in unaccountable domains there to conduct their shadowy business dealings Elsewhere dominant single parties persist in Malaysia Singapore Vietnam Cambodia and Laos while a military junta perpetuates its brutal control over Burma This volume the first to bring together a series of country cases and comparative narratives about the recent revival of authoritarian rule in Southeast Asia identifies the structural and voluntarist dynamics that underlie this trend and the institutional patterns that are taking shape This book was published as a special issue of The Pacific Review
