**Volkswagens of the World - A Comprehensive International Guide to Volkswagens Not Built in Germany ... and the Unusual Ones That Were** Simon Glen, A comprehensive guide to all the Volkswagens not built in Germany and the unusual ones that were Covers type designations chassis numbers VW options and much more **The Book of the Volkswagen Type 3** Simon Glen, This book tells the definitive international story of the Volkswagen Type 3 Simon Glen writes from first hand experience having owned seven Type 3s five Variants a 1500 Notchback and a 1500S Karmann Ghia which have been driven through Africa Europe Australia and New Zealand Covering the Type 3 s 20 year production span and detailing Type 3 Notchbacks Fastbacks Variants and the Karmann Ghia this book provides a fascinating insight into the history and production of these classic cars *Porsche 914 And 914-6* Brian Long,2006 Launched in 1969 the 914 series went through many problems and many changes before production came to an end in 1976 It was constantly improved during its short life but time just ran out for the model It is interesting to note that until the Boxster made its debut it remained Porsche s only mid engined production car although the company s racing models had been built with this layout for some years The 914 also had a fine competition history something that is often overlooked or run down because it wasn t as brilliant as that of the 911 s But by normal standards it was indeed a fine history There were also a large number of specials built on the 914 chassis and both of these aspects have been covered in detail The 914 series has often been cited as the forgotten Porsche but there is a growing band of enthusiasts who only have eyes for the model The handling is of course

a major factor contributing towards the enjoyment of the type but a large number of people like the styling and the fact that for so many years this was the most affordable of all Porsches to own and run Now the times have changed and the model has appreciated not only in value but in terms of awareness as well The 914 6 has become particularly desirable and it is hoped that this book will go some way towards explaining the 914 s various merits **Federal Register** ,1992-07-02
