Wheeler, 1981 Five of Coleridge's major poems are given fresh scrutiny in this arresting study One of its unusual features is the attention given the Preface to Kubla Khan the Gloss to The Ancient Mariner

and other prose accompaniments to the poems usually dismissed as extraneous Devices such as these the author argues are strategically employed by Coleridge in an effort to engage the reader in a fully imaginative response Kathleen Wheeler elucidates the texts in terms of aesthetic experience and also in terms of the philosophical principles that inform them showing how Coleridge's theories of mind and imagination function within the poems and shape their design A subtle and gifted reader of poetry she enriches our understanding of poems we thought we knew well and provides insights along the way into the creative process

Flaubert and Don Quijote Soledad Fox, 2010-06-04 Tells the story of how Flaubert's admiration for Cervantes Don Quijote unfolded and how profoundly it shaped and influenced Flaubert's ambition and his approach to all his major works beginning with his breakthrough novel *Madame Bovary* *The Portable Emerson* Ralph Waldo Emerson, 2014-12-30 This volume edited by Carl Bode in collaboration with Malcolm Cowley presents the essential Emerson selected from works that eloquently express the philosophy of a worldly idealist The Portable Emerson comprises essays including History Self Reliance The Over Soul Circles and The Poet Emerson's first book *Nature* in its entirety twenty two poems including Uriel The Humble Bee and Give All to Love orations including The American Scholar The Fugitive Slave Law and John Brown English Traits complete and biographical essays on Plato Napoleon Henry David Thoreau Thomas Carlyle and others

Faith, Hope and Poetry Malcolm Guite, 2020-04-15 Faith Hope and Poetry explores the poetic imagination as a way of knowing a way of seeing reality more clearly Presenting a series of critical appreciations of English poetry from Anglo Saxon times to the present day Malcolm Guite applies the insights of poetry to contemporary issues and the contribution poetry can make to our religious knowing and the way we do theology This book is not solely concerned with overtly religious poetry but attends to the paradoxical ways in which the poetry of doubt and despair also enriches theology Developing an original analysis and application of the poetic vision of Coleridge Larkin and Seamus Heaney in the final chapters Guite builds towards a substantial theology of imagination and provides unique insights into truth that complement and enrich more strictly rational ways of knowing Readers of this book will return to their reading of poetry equipped with new insights and enthusiasm and will be challenged to integrate imaginative ways of knowing into their other academic and intellectual pursuits

Coleridge's Ancient Mariner J. C. C. Mays, 2016-10-27 This is the first book length study to read the Ancient Mariner as poetry in Coleridge's own particular sense of the word Coleridge's complicated relationship with the Mariner as an experimental poem lies in its origin as a joint project with Wordsworth J C C Mays traces the changes in the several versions published in Coleridge's lifetime and shows how Wordsworth's troubled reaction to the poem influenced its subsequent interpretation This is also the first book to situate the Mariner in the context of the entirety of Coleridge's prose and verse now available in the Bollingen Collected edition and Notebooks that is not only in relation to other poems like The Ballad of the Dark Lady and Alice du Clu's but also to ideas in his literary criticism especially *Biographia Literaria* philosophy and theology Using a combination of close reading and broad historical considerations reception theory and book history

Mays surveys the poem's continuing life in illustrated editions and educational textbooks its passage through the vicissitudes of New Criticism and critical theory and in a final chapter its surprising affinities with some experimental poems of the present time The Portable Poetry Workshop Nigel McLoughlin, 2017-09-16 This book explores the art of poetry writing from a practice based perspective showing how form trope and theory inform the practical craft of writing poems It is divided into three key sections Form and structure covering sonnets ballads blank verse and more Trope and device introducing topics such as irony imagery and voice Poetics and practice which discusses the writing of poets such as Robert Frost Amy Lowell and Frank O'Hara Each chapter unpacks a particular concept or form using examples to display it in practice The book is filled with exercises to get you writing and hints and tips for effective re writing and for avoiding common pitfalls Written by published poets many of whom teach writing or literature The Portable Poetry Workshop will push you to explore beyond your creative writing boundaries **Crisis and Creativity in the New Literatures in English**, 2021-11-15

Imagination under Pressure, 1789-1832 John Whale, 2000-07-07 This ambitious study first published in 2000 offers a radical reassessment of one of the most important concepts of the Romantic period the imagination In contrast to traditional accounts John Whale locates the Romantic imagination within the period's lively and often antagonistic polemics on aesthetics and politics In particular he focuses on the different versions of imagination produced within British writing in response to the cultural crises of the French Revolution and the ideology of utilitarianism Through detailed analysis of key texts by Burke Paine Wollstonecraft Bentham Hazlitt Cobbett and Coleridge *Imagination under Pressure* seeks to restore the role of imagination as a more positive force within cultural critique The book concludes with a chapter on the afterlife of the Coleridgean imagination in the work of John Stuart Mill and I A Richards As a whole it represents a timely and inventive contribution to the ongoing redefinition of Romantic literary and political culture **Coleridge's Dejection Ode** J.C.C. Mays, 2019-01-22 Coleridge's Dejection Ode completes J C C Mays analysis of Coleridge's poetry following Coleridge's *Ancient Mariner* Palgrave 2016 and Coleridge's *Experimental Poetics* Palgrave 2013 Dejection An Ode stands alone in Coleridge's oeuvre written at a time of personal crisis it reaches far back and deeply into his thinking in an attempt to find a poetic solution to ideas and problems he had mulled over for a long time Mays reveals how the poem also marks the opening of the second half of Coleridge's career as both poet and thinker In three central chapters Mays examines the new style that evolved in the process of writing the Ode the technical means of metrics rhyme and grammar language and allusion and symbol and structure He recounts the complex sometimes controversial critical history of the Ode and suggests an editorial solution to the problem created by the Letter to Sara Hutchinson re evaluates the position of Wordsworth in the poem apropos the political statement it makes clarifies the distinction between the views on Imagination expressed and those contained in *Biographia Literaria* and traces the links of the concept dejection as it underpins Coleridge's late poems

Coleridge, the Damaged Archangel Norman Fruman, 1971 Provides insight into the personal life and career of the English
