American Jewish Loss After the Holocaust Laura Levitt,2007-11 Many of us belong to communities that have been scarred by terrible calamities And many of us come from families that have suffered grievous losses How we reflect on these legacies of loss and the ways they inform each other are the questions Laura Levitt takes up in this provocative and passionate book An American Jew whose family was not directly affected by the Holocaust Levitt grapples with the challenges of contending with ordinary Jewish loss She suggests that although the memory of the Holocaust may seem to overshadow all other kinds of loss for American Jews it can also open up possibilities for engaging these more personal and everyday legacies Weaving in discussions of her own family stories and writing in a manner that is both deeply personal and erudite Levitt shows what happens when public and private losses are seen next to each other and what happens when difficult works of art or commemoration such as museum exhibits or films are seen alongside ordinary family stories about more intimate losses In so doing she illuminates how through these ordinary stories we may create an alternative model for confronting Holocaust memory in Jewish culture

Normore,2015-04-01 Inclusive Practices and Social Justice Leadership for Special Populations in Urban Settings A Moral Imperative is comprised of a collection of chapters written by educators who refuse to let the voices of dissent remain marginalized in our discussion of education in the 21st century education Drawing from the authors extensive experience in educational research and practice coupled with their commitment to inclusion of special populations and social justice they urge readers to examine how educational policies are produced for the least advantaged in our schools Effective inclusionary practices most certainly benefit all students including English language learners those who face gender discrimination those who are in the foster care system and those who are Gay Lesbian Bisexual or Transgendered This collection presents a broader theoretical inclusive framework rooted in social justice which we assert offers the best practices for a greater number of students who are at risk of minimal academic success This broader conceptualization of inclusive schools adds to extant discourses about students with exceptional needs and provides effective strategies school leaders operating from a social justice framework can implement to create more inclusive school environments for all students especially those in urban centers It is hoped that lessons learned will improve the preparation and practice of school leaders thus improve educational outcomes for students from special populations Countering Terrorism and Insurgency in the 21st Century

know about effectively countering terrorism What are the characteristics of successful or unsuccessful counterterrorism campaigns What do we need to learn in order to do this better Countering Terrorism and Insurgency in the 21st Century addresses these and related questions contributing to national security policy as well as to our understanding of the terrorist threat and how it can be defeated Volume 1 Strategic and Tactical Considerations examines issues of hard power soft power and intelligence counterintelligence Volume 2 Sources and Facilitators covers state failure border controls democracy promotion networks and trade and trafficking and societal issues Volume 3 Lessons Learned from Combating Terrorism and Insurgency includes case studies of counterterrorism operations e g the hijacking of the Achille Lauro the 1993 bombing of the World Trade Center and the capture of key terrorist suspects like Ramzi Youssef and Khalid Sheikh Mohamad and case studies of long term efforts to combat terrorism e g the Basques in Spain the Tamil Tigers in Sri Lanka Israel s struggle against Palestinian terror organizations Peru and Sendero Luminoso and Japan and Aum Shinrikyo
