Staging and Stage Décor: Perspectives on European Theater 1500-1950 Bárbara Mujica, 2023-05-09 Staging and Stage Décor Perspectives on European Theater 1500-1950 is a compendium of essays by an international array of theater specialists The Introduction provides an overview of theater décor and architecture from ancient Greece through the Renaissance and beyond while the articles that follow explore a variety of topics such as the development of lighting techniques in early modern Italy the staging of convent theater in Portugal performance spaces at Versailles the reconstruction of the Globe theater and Shrovetide plays in Germany This volume also offers insight into little studied subjects such as the early productions of Brecht and the spread of Russian theater to Japan The focus on performance and performance space across centuries and continents makes this a truly unique volume

Women's Somatic Training in Early Modern Spanish Theater Elizabeth Marie Cruz Petersen, 2016-11-03 Drawing from early modern plays and treatises on the precepts and practices of the acting process this study shows how the early modern Spanish actress subscribed to various somatic practices in an effort to prepare for a role It provides today's reader not only another perspective to the performance aspect of early modern plays but also a better understanding of how the woman of the theater succeeded in a highly scrutinized profession Elizabeth Marie Cruz Petersen examines examples of comedias from playwrights such as Lope de Vega Luis Velez de Guevara Tirso de Molina and Ana Caro historical documents and treatises to demonstrate that the women of the stage transformed their bodies and their social and cultural environment in order to succeed in early modern Spanish theater Women's Somatic Training in Early Modern Spanish Theater is the first full length in depth study of women actors in seventeenth century Spain Unique in the field of comedia studies it approaches the topic from a performance perspective using somaesthetics as a tool to explain how an artist's lived experiences and emotions unite in the interpretation of art reconfiguring her self via the transformation of habit

The Comedia in English Susan Paun De García, Donald R. Larson, Donald Larson, 2008 The bringing of Spanish seventeenth century verse plays to the contemporary English speaking stage involves a number of fundamental questions Are verse translations preferable to prose and if so what kind of verse To what degree should translations aim to be faithful Which kinds of plays work and which do not Which values and customs of the past present no difficulties for contemporary audiences and which need to be decoded in performance Which kinds of staging are suitable and which are not To what degree if any should one aim for authenticity in staging In this volume a group of translators directors and scholars explores these and related questions Jacket
