Reading In Christian Communities:

Reading in Christian Communities Rowan A. Greer, 2002 The essays in this book honor and extend the work of Rowan A. Greer Walter H. Gray Professor Emeritus of Anglican Studies at Yale University Divinity School by exploring the connections between textual interpretation and the formation of religious identity. A diverse and prestigious group of biblical scholars, church historians, and theologians study the function that scripture plays in the creation and maintenance of faith communities and the ways that communal locations in turn shape the interpretation of scripture. The first part of the book examines specific examples of ancient biblical interpretation as a means of creating, maintaining, and challenging Christian identity in the pluralistic ancient world. Authors study acts of interpretation in the Martyrdom of Polycarp, the Physiologus, Gnostic literature, the fifth-century mosaic of the Church of Hosios David in Thessaloniki, and in the works of Irenaeus, Origen, Augustine, John Chrysostom, and Porphyry of Tyre. Reading scripture emerges as a strategy for locating the reader and his or her community with respect to other Christians, Jews, and pagans. Part 2 of the volume considers the general problem of interpretation within Christian communities, whether ancient or modern, as they face the task of maintaining a coherent identity in a multicultural environment. Contributors to this book, all students, colleagues, and friends of Rowan Greer, are Charles A. Bobertz, David Brakke, Mary Rose D'Angelo, Stanley Hauerwas, Martha Meeks, Wayne Meeks, Frederick Norris, Richard Norris, Alan Scott, Arthur Bradford Shippee, Michael Bland Simmons, and Frederick Weidmann. [Public Reading in Early Christianity](#) Dan Näselsqvist, 2015-11-02 In *Public Reading in Early Christianity: Lectors, Manuscripts, and Sound in the Oral Delivery of John 1:4*, Dan Näselsqvist investigates the oral delivery of New Testament writings in early Christian communities of the first two centuries C.E. He examines the role of lectors and public reading in the Greek and Roman world as well as in early Christianity. Näselsqvist introduces a method of sound analysis which utilizes the correspondence between composition and delivery in ancient literary writings to retrieve information about oral delivery from the sound structures of the text being read aloud. Finally, he applies the method of sound analysis to John 1:4 and presents the implications for our understanding of public reading and the Gospel of John. *Reading Otherwise* Gerald O. West, 2007 Paperback edition is available from the Society of Biblical Literature www.sbl-site.org. *Material Aspects of Reading in Ancient and Medieval Cultures* Anna Krauß, Jonas Leipziger, Friederike Schücking-Jungblut, 2020-05-05 This publication seeks to endeavour the relationship between material artefacts and reading practices in ancient and medieval cultures. While the acts of reception of written artefacts in former times are irretrievably lost, some of the involved artefacts are preserved and might comprise hints to the ancient reading practices. In form of case studies, the contributions to this volume examine various forms of written artefacts as to their implications on modes of reading. Analyzing different Qumran scrolls, codices, Tefillin, Mezuzot, magical texts, tablets, bricks, and statues, as well as meta-textual and iconographic aspects, the articles inquire the possibilities of how to correlate material aspects to assumed modes of reception and practices of reading. The contributions stem from

Egyptology Papyrology Qumran Studies Biblical Studies Jewish Studies Ancient Christianity and Islamic Studies In total this volume contributes to the research on practices of reception in times past and demonstrates the potential hidden in text bearing artefacts

The Spiral Gospel Rob James,2022-09-29 How did the author of the Gospel of Luke intend it to be read In The Spiral Gospel Rob James shows that the assumptions many modern readers bring to the text that it claims to be historically factual or merely regurgitates existing stories are not those of antiquity Building on the central insight that it was written for a community who would have used it as their pre eminent text James argues convincingly for a continuous cyclical reading of Luke s narrative The evidence for this view and

also its consequences can be seen in the gospel's intratextuality Context is given at the end of the gospel that informs the beginning and there are countless other intratextual elements throughout the text that are most readily noticeable on a second or subsequent reading This deliberate creative interweaving on the author's part opens up new levels of appreciation and faith for those who read in the way Luke's first audience received his work

Reading the Bible Badly Karl Allen Kuhn, 2020-08-31 Reading the Bible Badly exposes how American Christians misunderstand and misuse the Bible reading Scripture through lenses that distort its true character As Americans we often read the Bible's stories and instruction unmindful of their historical and cultural settings disregarding the testimony of our spiritual ancestors and finding mostly a mirror image of our own values and selves in Scripture Some of us insist that the Bible must be the inerrant word of God historically factual in every way and doctrinally infallible and overlook so much of what makes Scripture beautiful and relevant Others follow a lectionary that dices and splices Scripture into bite size morsels for Sunday worship divorces passages from their biblical settings strikes verses deemed offensive and undermines the literary artistry that is the lifeblood of Scripture's profound revelation Many of us read the Bible in fear warping our witness to Jesus and tragically neglecting Scripture's ever persistent call to compassion hospitality and love We come to the Bible looking for simple rules that affirm our sense of right and wrong while missing the point of what Jesus taught about wisdom and true righteousness Reading the Bible Badly challenges Christians to set aside their misaligned lenses that they may encounter the Bible more fully and faithfully

Listening, Religion, and Democracy in Contemporary Boston William W. Young III, 2018-11-01 This book is a study of religious practices of listening in the Boston area Through ethnographic study of a variety of religious communities with an extensive focus on Quaker listening it argues that religious practice shapes our

habits of listening by creating a plurality of regimes of listening across Boston's landscape. These practices moreover cultivate specific dispositions as well as distinct patterns of religious and democratic virtues. Through these dispositions and virtues, religious listening facilitates a diverse range of forms of democratic engagement and varied contributions to the pursuit of social justice. William Young provides an innovative interpretation of these religious practices. It argues that insofar as religious listening helps practitioners to extend and amplify their listening and makes them more responsive to their communities, it creates a social mode of embodied receptivity and agency. Through both their listening and their actions, these groups express their conceptions of divinity, embodying divine attributes and activity within the sociopolitical realm, serving as God's ears within the world. It is by interpreting their practices as creating modes of social discipline, reception, and agency that the book explicates the full significance of religious listening in its adaptations and extensions of our aural capacities and their implications for sociopolitical life.
