Reading Matters A Reading Connect:

Reading Matters Ulrich Marzolph, 2023 The present book is a special gift for a special colleague and friend Defined as an Unfestschrift it gives colleagues students and friends of Regina Bendix an opportunity to express their esteem for Regina's inspiration cooperation leadership and friendship in an adequate and lasting manner The title of the present book Reading Matters is as close as possible to an English equivalent of the beautiful German double entendre Erlesenes meaning both something read a reading and something exquisite Presenting matters for reading the Unfestschrift unites short contributions about readings that mattered in some way or another for the contributors readings that had an impact on their understanding of whatever they were at some time or presently are interested in The term readings is understood widely Since most of the invited contributors are academics the term implies in the first place readings of an academic or scholarly nature In a wider notion however readings also refer to any other piece of literature the perception of a piece of art a painting a sculpture a performance listening to music appreciating a folkloric performance or a fieldwork experience or just anything else whose reading or individual perception has been meaningful for the contributors in different ways Contrary to a strictly scholarly treatment of a given topic in which the author often disappears behind the subject the presentations unveil and highlight the contributor's personal involvement and thus a dimension of crucial importance for ethnographers such as the dedicatee
