Reading Race

Aldon Lynn Nielsen

Reading Race:

Reading Race Norman K Denzin, 2002-03-29 In this insightful book one of America's leading commentators on culture and society turns his gaze upon cinematic race relations examining the relationship between film race and culture Acute richly illustrated and timely the book deepens our understanding of the politics of race and the symbolic complexity of segregation and discrimination

Reading Race Clare Bradford, 2013-05-09 How do children's books relate to the cultures that produce them and how do they influence those cultures In *Reading Race* Clare Bradford looks at representations of Australia's indigenous peoples in texts for children She shows how these varying representations have helped to colour the attitudes beliefs and assumptions of different generations of Australians To what extent have children's books enabled readers to understand Aboriginal culture relations between Aboriginal and non Aboriginal people and relationships between Aboriginality and national identity Bradford draws on examples from popular and literary children's books of all genres fiction non fiction picture books and school texts She reveals that many children's books display the tensions and uncertainties inherent in relations between Aboriginal and non Aboriginal people Bradford also uncovers the different ideologies of race that have informed Australian children's texts from the nineteenth century to currently popular writers demonstrating cultural shifts in the representation of Aboriginality over time The result is a ground breaking and intelligent picture of how Australian children's books by both white and Aboriginal writers have negotiated the matter of race *Reading Race* will enhance the ways in which we come to read and understand the complex and delicate issues around Aboriginal white relations It will be an invaluable resource in the fields of post colonial studies Indigenous and Aboriginal studies literary and cultural studies and children's literature

Reading Race Aldon Lynn Nielsen, 1988 *Reading Race* examines the work of twentieth century white American poets from Carl Sandburg to Adrienne Rich from Ezra Pound to Allen Ginsberg revealing within their poetry and casual writings a body of literature that transmits racism even as it sometimes speaks against it Tracing the persistence of racial discourse Aldon Nielsen argues that white Americans throughout their history have used a language of their own primacy a language that treats blacks as an abstract other an aggregate nonwhite to be acted upon and determined by whites White discourse drapes over blacks an intricate veil of images and understandings assertions of inferiority metaphors of exoticism similes of animals tropes of fertility nothingness and death through which whites read race and beneath which blacks remain imprisoned Words Nielsen writes create and maintain relationships of power as surely as do prisons and arms Speaking of the discourse of race in America Nielsen identifies dead metaphors words images ideas that operate in much the same way as the charged detail of Pound or the objective correlative of T S Eliot Embedded in the language they are instantly recognizable to the native speaker Poets when they draw upon these metaphors demand racist thinking in order to be understood

Reading Race in American Poetry Aldon Lynn Nielsen, 2000 Here inter racial poets and critics join together to analyze the role that race plays in the reading and writing of American poetry

and the role that poetry plays in our understanding of race Arthur's Reading Race Marc Brown,1996-06-11 Arthur promises to buy ice cream for his little sister D W if she can read ten words The twosome race to the park where D W is quick to recognize signs such as ZOO DON T WALK POLICE and ICE CREAM When she reads WET PAINT before her big brother does Arthur is in for a colorful surprise **The Reading Race** Abby Klein,2013-08-27 For use in schools and libraries only Freddy s class is competing in a read a thon and the student who reads for the most minutes will win five free books and the class will win an author visit too Freddy plans to win this contest even if it means staying up all night **Minoritized Women Reading Race and Ethnicity** Mitzi J. Smith,Jin Young Choi,2020-09-24 Nonwhite women primarily appear as marginalized voices if at all in volumes that address constructions of race ethnicity and early Christian texts Employing an intersectional approach the contributors analyze historical cultural literary and ideological constructions of racial ethnic identities which intersect with gender sexuality class religion slavery and or power Given their small numbers in academic biblical studies this book represents a critical mass of nonwhite women scholars and offers a critique of dominant knowledge production Filling a significant epistemological gap this seminal text provides provocative innovative and critical insights into constructions of race ethnicity in ancient and modern texts and contexts The Reading Race ,2013 *Reading Families* Catherine Compton-Lilly,2003 This dynamic text offers a rare glimpse into the literacy development of urban children and their families role in it Based on the author s candid interviews with her first grade students their parents and grandparents this book challenges the stereotypical view that urban parents don t care about their children s education By listening closely to the voices of her students and their families the author helps us to move beyond negative assumptions revealing complexities that have previously been undocumented Racial Worldmaking Mark C. Jerng,2017-11-07 When does racial description become racism Critical race studies has not come up with good answers to this question because it has overemphasized the visibility of race According to dominant theories of racial formation we see race on bodies and persons and then link those perceptions to unjust practices of racial inequality Racial Worldmaking argues that we do not just see race We are taught when where and how to notice race by a set of narrative and interpretive strategies These strategies are named racial worldmaking because they get us to notice race not just at the level of the biological representation of bodies or the social categorization of persons Rather they get us to embed race into our expectations for how the world operates As Mark C Jerng shows us these strategies find their most powerful expression in popular genre fiction science fiction romance and fantasy Taking up the work of H G Wells Margaret Mitchell Samuel Delany Philip K Dick and others Racial Worldmaking rethinks racial formation in relation to both African American and Asian American studies as well as how scholars have addressed the relationships between literary representation and racial ideology In doing so it engages questions central to our current moment In what ways do we participate in racist worlds and how can we imagine and build one that is anti racist

Habits of Whiteness Terrance MacMullan,2022-03-01 Habits of Whiteness A Pragmatist Reconstruction second edition

offers a revised and updated look at the concept of whiteness in the United States Lauded when it was first published and even more relevant today *Habits of Whiteness* offers a distinctive way to talk about race and racism by focusing on racial habits and how to change them Author Terrance MacMullan examines how the concept of racial whiteness has undermined attempts to create a truly democratic society in the United States By getting to the core of the racism that lives on in unrecognized habits MacMullan argues that it is possible for white people to recognize the distance between their color blind ideals and their actual behavior Revitalizing the work of W E B Du Bois and John Dewey MacMullan demonstrates how it is possible to reconstruct racial habits and close fissures between people This second edition of *Habits of Whiteness* also contains a new introduction which looks closely at race relations during the Obama and Trump presidencies including such recent challenges as police brutality in 2020 white supremacy and the Capitol insurrection Its persuasive analysis of the impulses of whiteness ultimately reorganizes them into something more compatible with our country s increasingly multicultural heritage

Racialization and Language Michele Back, Virginia Zavala, 2018-09-03 Drawing on frameworks from applied linguistics and critical discourse analysis this volume employs a linguistics approach to understanding race and racism in Latin America with a particular focus on Peru Building on recent debates in Peru on cultural and biological definitions of race the book seeks to re examine the relationship between race and culture not as a dichotomy but as one rooted in and shaped by specific historical moments Similarly the volume uses this discussion as a jumping off point from which to explore notions of identity informed by language as used in local context rather than as a fixed social category Offering new perspectives on discursive practices of race and racism in Peru and Latin America this collection is key reading for students and researchers in sociolinguistics applied linguistics anthropology and Latin American studies

Revisiting Racialized Voice David G Holmes, 2007-09-03 *Revisiting Racialized Voice* African American Ethos in Language and Literature argues that past misconceptions about black

identity and voice codified from the 1870s through the 1920s inform contemporary assumptions about African American authorship and ethos Tracing elements of racial consciousness in the works of Frederick Douglass Charles Chesnutt W E B DuBois Zora Neale Hurston and others David G Holmes urges a revisiting of narratives from this period to strengthen and advance notions about racialized writing and to shape contemporary composition pedagogies Pointing to the intersection of African American identity literature and rhetoric Revisiting Racialized Voice begins to construct rhetorically workable yet ideologically flexible definitions of black voice Holmes maintains that political pressure to embrace color blindness endangers scholars ability to uncover links between racialized discourses of the past and those of the present and he calls instead for a reassessment of the material realities and theoretical assumptions race represents and with which it has been associated
