Reading Rainbow Guide To Children's:

Reading Rainbow Guide to Children's Books Twila Christensen Liggett, Cynthia Mayer Benfield, 1994 Lists selected titles from the PBS Reading Rainbow program Reading Rainbow Guide to Children's Books Twila Christensen Liggett, Cynthia Mayer Benfield, 1996 Children's Literature Barbara Stoodt, 1996 **Multicultural and Ethnic Children's Literature in the United States** Donna L. Gilton, 2020-02-18 This edition of *Multicultural and Ethnic Children's Literature in the United States* addresses both quantitative and more qualitative changes in this field over the last decade. Quantitative changes include more authors, books, and publishers; book review sources, booklists, and awards; organizations, institutions, and websites; and criticism and other scholarship. Qualitative changes include more support for new and emerging writers and illustrators; promotion of multicultural literature both in the U.S. and around the world, as well as developments in global literature; developments in the literatures described throughout this book, as well as in research supporting this literature; the impact of technology; characteristics and activities of four adult audiences that use and promote multicultural children's literature; and changes in leaders and their organizations. This is still a single reference source for busy and involved librarians, teachers, parents, scholars, publishers, distributors, and community leaders. Most books on multicultural children's literature are written especially for teachers, librarians, and scholars. They may be introductions to the literature selection tools, teaching guides, or very theoretical books on choosing, evaluating, and using these materials. *Multicultural and Ethnic Children's Literature in the United States* focuses much more on the history of the development of this literature from the nineteenth century to the present day. This book provides much more of a cultural and political context for the early development of this literature. It emphasizes the self-determining viewpoints and activities of diverse people as they produce materials for the young. *Multicultural and Ethnic Children's Literature* describes organizations, events, activities, and other contributions of diverse writers, illustrators, publishers, researchers, scholars, librarians, educators, and parents. It also describes trends in the research on the literature. It elaborates more on ways in which diversity is still an issue in publishing companies and an extended list of related industries. It describes related literature from outside of the U.S. and makes connections to traditional global literature. Last, *Multicultural and Ethnic Children's Literature* shows the impact of multiculturalism on education, libraries, and the mainstream culture in general. While the other books on multiculturalism focus on how to find, evaluate, and use multicultural materials especially in schools and libraries, this book is concerned over whether and how books are produced in the first place and how this material impacts the broader society. In many ways, it supplements other books on multicultural children's literature. *Creating Reading Rainbow* Barbara Irwin, Tony Buttino, Pam Johnson, 2024-06-18 Reading Rainbow is one of the most successful PBS children's series in television history, earning numerous national and international awards, including 26 Emmys and a Peabody Award. But perhaps more important than anything else, Reading Rainbow helped generations of children cultivate a love for books. Reading Rainbow is very much a story of humble

beginnings and enormous perseverance Over five summers Tony Buttino Sr and his colleagues at WNED TV the public television station in Buffalo New York worked in collaboration with educators and librarians to experiment with summer reading programs But after trialing these programs the WNED team realized there was a big need for a new children s literacy series and believed they could create a new show with local and national collaborators and friends After fits and starts and enough twists and turns to fill a children s book Reading Rainbow premiered in the summer of 1983 and captured the attention of 6.5 million young viewers Creating Reading Rainbow explores the many intriguing and homespun stories that when woven together reveal how this groundbreaking and iconic television series came to be What led to the series being called Reading Rainbow How did the road to Reading Rainbow wind its way through Mister Rogers Neighborhood How did a public television station in Buffalo spearhead a movement in education and spark the passion for reading in millions of children And what does lasagna have to do with it

Shapers of American Childhood Kathy Merlock Jackson, Mark I. West, 2018-09-24 The experience of growing up in the U S is shaped by many forces Relationships with parents and teachers are deeply personal and definitive Social and economic contexts are broader and harder to quantify Key individuals in public life have also had a marked impact on American childhood These 18 new essays examine the influence of pivotal figures in the culture of 20th and 21st century childhood and child rearing from Benjamin Spock and Walt Disney to Ruth Handler
