## Reading Strands:

A Reading and Language Intervention for Children with Down Syndrome - Teacher's Handbook Kelly Burgoyne, Fiona Duff, Paula Clarke, Glynnis Smith, Sue Buckley, Margaret Snowling, Charles Hulme, 2012-12-11 The Reading and Language Intervention for Children with Down Syndrome RLI teaches language and literacy skills following evidence based principles adapted to meet the children's specific learning needs. It is designed for pupils with Down syndrome aged 5 to 11 years. The intervention is suitable for beginning readers through to those with reading ages up to 8 years and for students with a wide range of language abilities. Teaching is adapted to meet individual needs through initial assessments of skills and regular monitoring of progress. Together with two accompanying DVDs illustrating teaching techniques and a CD of resources, the handbook offers teachers and teaching assistants the detailed guidance, assessment tools and example teaching materials needed to implement the intervention. Kim Bailey, Chris Jakicic, 2013-07-23 Leverage teamwork to integrate the CCSS into your curriculum and build on a foundational knowledge of PLCs. You'll gain a comprehensive understanding of the shifts required to implement the standards in core content areas and find valuable tips and strategies for creating strong collaborative practices. Identify the essential standards, determine learning targets, define proficiency, learn how to design rigorous assessments and more. *Reading Under Control* Judith Graham, Alison Kelly, 2015-09-29 Now in an updated third edition, this best-selling textbook introduces primary teachers to the key issues in how to teach reading. The authors celebrate reading as an important, exhilarating part of the curriculum with the potential to transform lives, whilst also giving a balanced handling of contentious issues. Strongly rooted in classroom practice. *Reading Assessment* Melissa Lee Farrall, 2012-06-05 A groundbreaking, integrated approach to reading assessment that addresses each child's unique Learning Profile. Fifteen to twenty percent of our nation's children have reading difficulties. Educational evaluators must be able to use progress monitoring and diagnostic tools effectively to identify students who may be at risk, evaluate the effectiveness of school-wide reading programs, and suggest interventions that will improve reading skills. Written from a strengths-based perspective, *Reading Assessment: Linking Language, Literacy, and Cognition* is the first book of its kind to present a research-based, integrated review of reading, cognition, and oral language testing and assessment. Author Melissa Lee Farrall explores the theoretical underpinnings of reading, language, and literacy, explains the background of debates surrounding these topics, and provides detailed information and administration tips on the wide range of reading inventories and standardized tests that may be used in a reading psychoeducational assessment. With a focus on how to craft professional evaluation reports that illuminate a student's strengths, not just weaknesses, *Reading Assessment* enables school psychologists and diagnosticians, reading specialists, and special education professionals to conduct evaluations and develop effective interdisciplinary remedial recommendations and interventions. Clear, engaging, and inviting, *Reading Assessment* features case examples and practice exercises. Chapter opening reviews of each theory, strengths, weaknesses, and potential problems of tests and their

interpretations Chapter ending review questions that foster skill development and critical thinking Comprehensive information on more than 50 different assessment tests Reading Assessment is an invaluable resource that helps professionals gain the knowledge and skills to confidently interpret test results and prepare detailed and effective evaluation reports designed to meet each child's unique needs as a learner *Handbook of Reading Research* P. David Pearson, Rebecca Barr, Michael L. Kamil, Peter Mosenthal, Elizabeth B. Moje, Peter Afflerbach, Patricia Enciso, Nonie K. Lesaux, 1996 The Handbook of Reading Research is the research handbook for the field Each volume has come to define the field for the period of time it covers When taken as a set the four volumes provide a definitive history of reading research Back of cover volume 4 *Teaching Reading* Douglas Fisher, Nancy Frey, Diane Lapp, 2022-08-29 The comprehensive guide you can trust for evidence based reading practices It's settled science developing skilled readers can enhance students' lives That's why renowned educators Douglas Fisher Nancy Frey and Diane Lapp wrote this resource with the urgency of a code blue in an ER because too many children for many reasons struggle with learning to become strong readers Designed to be a one stop shop for best practices Teaching Reading is concise encyclopedic and essential Thirteen interactive modules provide easy to read ideas to support you teaching every child to read very well You will learn how to Focus on two critical aspects of reading word recognition and language comprehension Select the best activities to support students in grades K-6 to learn letters and sound relationships Provide developing readers with the most effective oral written and reading experiences Recharge your confidence and craft with uplifting new research findings from neuroscience cognitive science and child development Clear up confusions about phonics progressions reading fluency morphology text selection grammar and more Develop background knowledge vocabulary and comprehension instruction Be up to date on how to help students attain deeper levels of comprehension by applying Theory of Mind and other cutting edge ideas Reading is a thrilling but complex process It involves a heady mix of skills schema self concept and social dimensions To give all students the chance to reap its rewards we need a go big kind of resource This is it **Understanding and Teaching Reading** Emerald Dechant, 2013-09-13 In the words of Aldous Huxley Every man who knows how to read has it in his power to magnify himself to multiply the ways in which he exists to make his life full significant and interesting Few people question the value of reading in fact most extol its virtues As our culture becomes more complex reading plays an increasingly greater role in satisfying personal needs and in promoting social awareness and growth In the last 20 years the teaching of this invaluable skill has focused so intensely on comprehension and prediction from context that it has lost sight of the significance of automaticity and fluency in the word identification process Reading is a synthesis of word recognition and comprehension thus this text is about these basic processes and their integration A common plea from teachers today is that research and psychology be translated into teaching behavior Therefore the aim of this book is twofold one to identify report organize and discuss those bits of data research and theory that are most relevant to the teacher's understanding of the reading process

and two to help educators to interpret and apply theory and research data to everyday classroom teaching as well as to the problems encountered frequently in developmental and remedial teaching      **Resources in Education** ,1988-12
