Readings in Anthropology Vol 1 Morton H. Fried, 1971 **Foundation of Education I , Latin American**

Readings for a Cultural Age E. Santi, 2016-10-18 Gathered in one volume are seven of the best essays written in the last fifteen years or so by the eminent Latin Americanist Enrico Mario Sant The essays cover a wide range of topics in Latin American poetry narrative film and intellectual history and also explore Spanish Peninsular subject matter the Spanish Generation of 98 s response to Spain s loss of Cuba in the Spanish American War of 1898 The essays are introduced by a long text in which the author develops a bracing critique of some dominant trends in current critical practice and spells out an alternative methodology *The Reading of Theoretical Texts* Peter Ekegren, 2002-01-04 Since the structuralist debates of the 1970s the field of textual analysis has largely remained the preserve of literary theorists Social scientists while accepting that observation is theory laden have tended to take the meaning of texts as given and to explain differences of interpretation either in terms of ignorance or bias In this important contribution to methodological debate Peter Ekegren uses developments within literary criticism philosophy and critical theory to reclaim this study for the social sciences and to illuminate the ways in which different readings of a single text are created and defended Studies in Ibo Political Systems Ikenna Nzimiro, 1972 The Pawnee Ghost Dance Hand Game Alexander Lesser, 1996-01-01 The Ghost Dance religion that swept through the Plains Indian tribes in the early 1890s was embraced wholeheartedly by the Pawnees It was a message of hope to a people devastated by the attacks of enemy tribes the encroachment of white settlers and the outbreak of epidemics For the Pawnees who were looking to the U S government and trying unsuccessfully to farm their land the Ghost Dance movement promised salvation a restoration of the Indian dead the buffalo and the old times Alexander Lesser shows how the Ghost Dance brought about a partial revival of traditional Pawnee culture and its dances and songs The ancient guessing hand game remembered best by a tribe starved for the joy of play became an important part of the Ghost Dance ritual What had been a gambling game a representation of warfare played by men was transformed into a sacred game played by both sexes as an expression of faith or good fortune Lesser surveys the history of the Pawnee Indians and their relations with the federal government and describes in detail the Ghost Dance hand games that were the chief intellectual product of Pawnee culture from the onset of the messianic movement to the original publication of this book in 1933 Citing such authorities as James Mooney and Stewart Culin Lesser produced an enduring classic now introduced by Alice Beck Kehoe a professor of anthropology at Marquette University and the author of *The Ghost Dance Ethnohistory and Revitalization* **Process and Pattern in Culture** Robert A. Manners, 2017-07-12 This festschrift commemorates Julian H Steward The essays were contributed by former students colleagues and other anthropologists whose research or thinking has been influenced by him There was no preconceived attempt to give the volume any greater sense of unity or to impose upon the contributors any restrictions as to subject matter On the contrary each author was urged to write on an anthropological topic of greatest

current interest to himself Many of the essays could be placed just as handily within a division other than the one to which they have arbitrarily been assigned in the book This kind of interchangeability may reflect in some measure the interrelatedness of Steward's contributions to anthropological theory The broad relevance of all the selections to Steward's work could reflect also the extent to which his interests continue to be reflected in the work of anthropologists influenced by him It could also reflect a parallelism of theoretical concerns within the profession that stem from the cultural ambience that produced Steward himself Parallelisms and convergence are aspects of the kind of cultural determinism which has claimed Steward's attention during the many years that he fought a fairly lonely battle to establish the respectability of evolutionism in anthropology Now that respectability has been achieved with an almost bandwagon fervor it is clear that Steward as much as anyone else in anthropology was responsible for the change The essays in this collection are at once a vindication of his patience an evidence of the high status he enjoys among anthropologists and a testimony to the impact of his unusual creativity on his colleagues

Ganesha Statuary of the Kadiri and Singhasari Periods Edi Sedyawati, 2021-11-01 **Survey Research in the Social Sciences** Charles Y. Glock, John Bennett, 1967-12-31 Survey research was for a long time thought of primarily as a sociological tool It is relatively recently that this research method has been adopted by other social sciences and related professional disciplines The amount and quality of its use however vary considerably from field to field This volume describes the elementary logic of survey design and analysis and provides for each discipline an evaluation of how survey research has been used and conceivably may be used to deal with the central problems of each field

Marriage in Human Society Manis Kumar Raha, 2023-01-01 Marriage as an institution was introduced among the human beings possible thousands of years ago Human being possible started with promiscuity and then moved to the structured forms of marriages It took no doubt many many years From one form of marriage is human being diversified marriage form into several During last couple of century or more several changes have taken place in marriage pattern forms methods ceremonies etc Still during recent decades only some anthropologists and other social scientists have showed much interest to study marriage These Three Volumes deals with marriage in different parts of the world and its different forms and types in great details But much emphasis has been given on different multiple marriages particularly polyandry its sub types and regions of origin and development of polyandry as practiced in different countries including India Emphasis has also been given on the question of determination and allocation of paternity and decline of polyandry and some other multiple marriages In this study special stress has been given on some of the marriage that is sexuality reproductively and paternity Also provide very good idea about different aspects of marriage and its types and forms The publisher and author of this book will be extremely happy if the reader considers this book as an important contribution to anthropology and other social sciences These volumes are useful for all those who are interested in Sociology Tribal Studies Anthropology and other Social Sciences
