**Kingdom to Commune** Patricia Appelbaum, 2009-03-01 American religious pacifism is usually explained in terms of its practitioners ethical and philosophical commitments Patricia Appelbaum argues that Protestant pacifism which constituted the religious center of the large scale peace movement in the United States after World War I is best understood as a culture that developed dynamically in the broader context of American religious historical and social currents Exploring piety practice and material religion Appelbaum describes a surprisingly complex culture of Protestant pacifism expressed through social networks iconography vernacular theology individual spiritual practice storytelling identity rituals and cooperative living Between World War I and the Vietnam War she contends a paradigm shift took place in the Protestant pacifist movement Pacifism moved from a mainstream position to a sectarian and marginal one from an embrace of modernity to skepticism about it and from a Christian center to a purely pacifist one with an informal flexible theology The book begins and ends with biographical profiles of two very different pacifists Harold Gray and Marjorie Swann Their stories distill the changing religious culture of American pacifism revealed in Kingdom to Commune      **Identity, Attachment and Resilience** Antonia Bifulco, 2017-09-06 Identity Attachment and Resilience provides a timely foray into the new field of psychology and genealogy exploring the relationship between family history and identity The field encompasses family narratives and researches family history to increase our understanding of cultural and personal identity as well as our sense of self It draws on emotional geography and history to provide rich yet personalised contexts for family experience In this book Antonia Bifulco researches three generations of her own Czechowski family beginning in Poland in the late nineteenth century and moving on to post WWII England She focuses on key family members and places to describe individual

experience against the socio political backdrop of both World Wars Utilising letters journals and handwritten biographies of family members the book undertakes an analysis of impacts on identity sense of self attachment family ties and resilience coping under adversity drawing out timely wider themes of immigration and European identity Representing a novel approach for psychologists linking family narrative to social context and intergenerational impacts Identity Attachment and Resilience describes Eastern European upheaval over the twentieth century to explain why Polish communities have settled in England With particular relevance for Polish families seeking to understand their cultural heritage and identity this unique account will be of great interest to any reader interested in family narratives immigration and identity It will appeal to students and researchers of psychology history and social sciences      **Subject Catalog, 1979** Library of Congress,1979

The End of Strife Leland Johnson,2014-11-10 The purpose of this book is to explain both the causes for the social and cultural breakdown s in today s world as well as the solutions to our societal regression The causes come from multiple fronts and did not develop in a matter of days weeks months years decades or even generations The degenerative process that has led humanity to the suicidal path it is currently embarked upon has taken several centuries of progressive corruption to reach this point However there is a way to reverse course and heal our society again returning it to its former strength and health The way in which a true peace can be realized in this world will be explained It must be admitted that what it takes to achieve a more universal peace is difficult and burdensome on people for many and various reasons However when the reader looks at the state of the world today it is hopeful that they will choose the difficult and burdensome road required in order to maintain a peaceful civilization rather than the bloody chaos and anarchy transpiring in today s world      *The United States Catalog* Mary Burnham,Carol Hurd,1928      **Library of Congress Catalogs** Library of Congress,1980
