History of Ethics Daniel Star, Roger Crisp, 2019-05-06 Is there an objective moral standard that applies to all our actions To what extent should I sacrifice my own interests for the sake of others How might philosophers of the past help us think about contemporary ethical problems As the most recent addition to the Blackwell Readings in Philosophy series *History of Ethics Essential Readings with Commentary* brings together rich and varied excerpts of canonical work and contemporary scholarship to span the history of Western moral philosophy in one volume Editors Star and Crisp noted scholars in their fields expertly introduce the readings to illuminate the main philosophical ideas and arguments in each selection and connect them to broader themes These detailed and incisive editorial commentaries make the primary source texts accessible to students while guiding them chronologically through the history of Western ethics Structured around a thematic table of contents divided into three distinct sections *History of Ethics* charts patterns in the development of ethical thought across time to highlight connections between intellectual movements Selections range from the work of well known figures such as Plato Aristotle Nietzsche and Mill to the work of philosophers often overlooked by such anthologies including Butler Smith Sidgwick Anscombe Foot and Frankena Star and Crisp skillfully arrange the collection to connect readings to contemporary issues and interests by featuring examples such as Aquinas on self defense and the doctrine of double effect Kant on virtue and Mill's *The Subjection of Women* Written for students and scholars of ethics *History of Ethics* is a comprehensive collection of readings with expert editorial commentary that curates the most important and influential work in the history of ethics in the Western world

Catalog Washburn University of Topeka, 1906 *Political Readings of Descartes in Continental Thought* Alon Segev, 2019-08-22 Descartes philosophy plays a special role in the works of both renowned and marginal writers in the Continental Tradition particularly in their views on society and politics This is the first book length study to consider political responses to Descartes in 19th and 20th century European thinkers Alon Segev shows how on the one hand Continental authors utilize Descartes philosophy to advance the core ideas of Enlightenment and to combat the movements and systems of Capitalism Materialism Absolutism Fascism Nazism and Neo Paganism however on the other hand Segev also demonstrates that Continental authors have also discerned in Descartes philosophy the main source of all these maladies of modernity These opposing views are examined as they are unfolded in known and forgotten texts by authors such as Vico Sorel Nietzsche Husserl and Heidegger and by lesser known figures such as Baader Borkenau and B hm By exploring celebrated and overlooked texts and authors Alon Segev both details the Cartesian influence on the touchstone thinkers of

political modernity and also fills a wide historical gap in the research providing a significant contribution to the discussion about the crises of the contemporary social and political world In short this book enables us through Descartes to assess the advantages and shortcomings of modern society *Calendar* University of Saskatchewan,1924
