Readings About Children's Literature:

Readings in Children's Literature National Seminar on Children's Literature 2nd State College of Victoria at Frankston, 1980 **Only Connect** Sheila A. Egoff, Gordon Thomas Stubbs, L. F. Ashley, 1969 **Children as Readers in Children's Literature** Evelyn Arizpe, Vivienne Smith, 2015-10-05 We are fascinated by text and we are fascinated by reading. Is this because we are in a time of textual change? Given that young people always seem to be in the vanguard of technological change, questions about what and how they read are the subject of intense debate. *Children as Readers in Children's Literature* explores these questions by looking at the literature that is written for children and young people to see what it tells us about them as readers. The contributors to this book are a group of distinguished children's literature scholars, literacy and media specialists who contemplate the multiple images of children as readers and how they reflect the power and purpose of texts and literacy. Contributors to this wide-ranging text consider how books shape the readers we become; cognitive and affective responses to representation of books and reading; the relationship between love stories and reading as a cultural activity; reading as protection and enlightenment; picturebooks as stage sets for acts of reading; readers' perceptions of a writer. This portrayal of books and reading also reveals adults' beliefs about childhood and literacy and how they are changing. It is a theme of crucial significance in the shaping of future generations of readers given these beliefs influence not only ideas about the teaching of literature but also about the role of digital technologies. This text is a must read for any individual interested in the importance of keeping literature alive through reading. *Readings about Children's Literature* Evelyn Rose Robinson, 1966 **Readings on children's literature** Sheila A. Egoff, G. T. Stubbs, 1969 **An Introduction to the World of Children's Books** Margaret Richardson Marshall, 1982 **Children's Literature** Barbara D. Stoodt, Linda B. Amspaugh, Jane Hunt, 1996 Suggested Readings for a Course in Children's Literature Corinne Brown, 1918 Readings in Children's Literature Brian Murphy, 1980 **Reading Children's Literature: A Critical Introduction - Second Edition** Carrie Hintz, Eric L. Tribunella, 2019-03-28 *Reading Children's Literature* offers insights into the major discussions and debates currently animating the field of children's literature. Informed by recent scholarship and interest in cultural studies and critical theory, it is a compact core text that introduces students to the historical contexts, genres and issues of children's literature. A beautifully designed and illustrated supplement to individual literary works assigned, it also provides apparatus that makes it a complete resource for working with children's literature during and after the course. The second edition includes a new chapter on children's literature and popular culture, including film, television and merchandising, and has been updated throughout to reflect recent scholarship and new offerings in children's media.

The Pleasures of Children's Literature Perry Nodelman, 1996 *The Pleasures of Children's Literature* is about children's literature: all the many kinds of poems and stories adults produce for audiences younger than themselves, from board books for babies through picture books for toddlers and novels for adolescents. Only Correct: Readings on Children's Literature

Sheila Egoff,1969 **Reading the Child in Children's Literature** David Rudd,2013-10-30 David Rudd takes a lively and controversial look at the critical representation of the child in children s literature arguing for a more open and eclectic approach one that celebrates the diverse power appeal and possibilities of children s literature Drawing on psychoanalytically informed perspectives Rudd shows how theory can be both exciting and liberating He offers fresh and stimulating close readings of key texts ranging from established classics such as Alice in Wonderland Peter Pan and Winnie the Pooh to more modern works including novels Peter Pan in Scarlet and The Children s Book and picture books Zoo The Missing Piece and Where the Wild Things Are Sophisticated yet highly approachable this is an essential read for anyone with an interest in the study of children s literature Children's Catalog H.W.
