American Linguistics in Transition Frederick J. Newmeyer, 2022-06-16 This volume is devoted to a major chapter in the history of linguistics in the United States the period from the 1930s to the 1980s and focuses primarily on the transition from post Bloomfieldian structural linguistics to early generative grammar The first three chapters in the book discuss the rise of structuralism in the 1930s the interplay between American and European structuralism and the publication of Joos's *Readings in Linguistics* in 1957 Later chapters explore the beginnings of generative grammar and the reaction to it from structural linguists how generativists made their ideas more widely known the response to generativism in Europe and the resistance to the new theory by leading structuralists which continued into the 1980s The final chapter demonstrates that contrary to what has often been claimed generative grammarians were not in fact organizationally dominant in the field in the United States in the 1970s and 1980s English Teaching Forum , 1963

Report of the President of the Johns Hopkins University, Baltimore, Maryland Johns Hopkins University, 1929 **Report of the Johns Hopkins University** Johns Hopkins University, 1900 *Linguistic Reconstruction* Anthony Fox, 1995 How and why are languages constantly changing Historical linguistics seeks to find out by going beyond the history of individual languages to discover the general principles which underlie language change But our evidence is severely limited Most of the world's languages are still unwritten and even in areas with long written traditions such as Europe and the Near East documentary evidence stretches only a little way back along the path of the historical development of languages How then can we uncover our long linguistic prehistory and what can it tell us about language change This new textbook is an accessible general guide for students with an elementary knowledge of linguistics to the methods and theoretical bases of linguistic reconstruction and of newer less well established principles such as the application of linguistic universals and language typology and quantitative techniques Finally he reviews the principles for establishing language relationships and for uncovering information about the homelands and cultures of the prehistoric speakers of reconstructed languages **University of Michigan Official Publication** , 1963
