Readings In Sociology Custom Publishing:

Things Are Not What They Seem Dennis D. Waskul, Pearson Custom Publishing, 2001-06 **Beyond the Prison Industrial Complex** Kevin Wehr, Elyshia Aseltine, 2013-06-26 This short text ideal for Social Problems and Criminal Justice courses examines the American prison system its conditions and its impact on society Wehr and Aseltine define the prison industrial complex and explain how the current prison system is a contemporary social problem They conclude by using California as a case study and propose alternatives and alterations to the prison system Life and Death Decisions Sheldon Ekland-Olson, 2013-01-25 Issues of Life and Death such as abortion assisted suicide capital punishment and others are among the most contentious in many societies Whose rights are protected How do these rights and protections change over time and who makes those decisions Based on the author's award winning and hugely popular undergraduate course at the University of Texas this book explores these questions and the fundamentally sociological processes which underlie the quest for morality and justice in human societies The Author's goal is not to advocate any particular moral high ground but to shed light on the social movements and social processes which are at the root of these seemingly personal moral questions Under 200 printed pages this slim paperback is priced and sized to be easily assigned in a variety of undergraduate courses that touch on the social bases underlying these contested and contentious issues Social Problems Eric Bonds, 2014-06-05 This short book lays out a new definition for what constitutes a social problem the violation of a group's human rights which are understood as commonly upheld standards about what people deserve and should be protected from in life Evaluating U S society from an international human rights perspective Bonds also stresses that human rights are necessarily political and can therefore never be part of a purely objective exercise to assess wellbeing in a particular society His approach recognizes that there is no one single interpretation of what rights mean and that different groups with differing interests are going to promote divergent views some better than others This book is ideal for undergraduate sociology courses on social problems as well as courses on social justice and human rights Unequal Prospects Tay K. McNamara, John B. Williamson, 2013 In light of the recent financial crisis and changing economic landscape McNamara and Williamson present and analyze the possibility of working longer Including a range of potential policies e.g. further increasing the age of eligibility for full Social Security benefits allocating more government resources to retraining and job search assistance for older workers this is one of the major approaches currently being discussed by policy analysts inside and outside of the government Emphasizing the role of inequalities and diversity among older adults this book provides a framework for thinking about the advantages and disadvantages of working past the current retirement age This book is for Sociology of Aging Social Inequalities and Social Problems courses **The Promise of Sociology** Rob Beamish, 2010-08-01 Unlike most introductory texts that take a topical approach to studying sociology this smart challenging and accessibly written text looks at the core principles of the discipline making links to a contemporary context Both students and instructors will find in these pages a fresh and original approach

to teaching sociology Beamish begins by providing a sociological profile of today's students juxtaposing their collective biography against the current historical moment. He builds on this discussion by introducing Mills's concept of the sociological imagination and outlining a method for thinking sociologically; then he uses Hitchcock's film *Psycho* to illustrate the difference between psychological and sociological analysis. Having established the usefulness of sociological thinking, Beamish moves back to the classical theorists, outlining in depth their important contributions to sociology. He concludes the book by applying concepts from the classical tradition to a sociological discussion of culture, ending with an analysis of Bob Dylan's artistry to illustrate how these concepts have an enduring quality in contemporary times. **Readings in**

Introduction to Sociology Pearson Custom Publishing, 1997-08

Readings in Sociology Pearson Custom

Publishing, 1999-07 **The World of Wal-Mart** Nick Copeland, Christine Labuski, 2013-01-04 This book demonstrates the usefulness of anthropological concepts by taking a critical look at Wal-Mart and the American Dream. Rather than singling Wal-Mart out for criticism, the authors treat it as a product of a socio-political order that it also helps to shape. The book attributes Wal-Mart's success to the failure of American and global society to make the Dream available to everyone. It shows how decades of neoliberal economic policies have exposed contradictions at the heart of the Dream, creating an opening for Wal-Mart. The company's success has generated a host of negative externalities, however, fueling popular ambivalence and organized opposition. The book also describes the strategies that Wal-Mart uses to maintain legitimacy: fend off unions, enter new markets, and cultivate an aura of benevolence and ordinariness despite these externalities. It focuses on Wal-Mart's efforts to forge symbolic and affective inclusion and their self-promotion as a free market solution to social problems of poverty, inequality, and environmental destruction. Finally, the book contrasts the conceptions of freedom and human rights that underlie Wal-Mart's business model to the alternative visions of freedom forwarded by their critics. *Torture* Lisa Hajjar, 2013-01-04 Torture is indisputably abhorrent. Why, you might ask, would you even want to think or read about torture? That is a very good question, and one this book addresses in a compelling and enlightening way. Torture is a very important issue, not least because millions of people around the world have been subjected to this odious practice, and many are enduring torture right now as you read these words.

The White Racial Frame Joe R. Feagin, 2013-08-21 In this book Joe Feagin extends the systemic racism framework in previous Routledge books by developing an innovative concept: the white racial frame. Now four centuries old, this white racial frame encompasses not only the stereotyping, bigotry, and racist ideology emphasized in other theories of race, but also the visual images, array of emotions, sounds of accented language, interlinking interpretations and narratives, and inclinations to discriminate that are still central to the frame's everyday operations. Deeply imbedded in American minds and institutions, this white racial frame has for centuries functioned as a broad worldview, one essential to the routine legitimation, scripting, and maintenance of systemic racism in the United States. Here Feagin examines how and why this white racial frame emerged in North America, how and why it has evolved socially over time, which racial

groups are framed within it how it has operated in the past and in the present for both white Americans and Americans of color and how the latter have long responded with strategies of resistance that include enduring counter frames In this new edition Feagin has included much new interview material and other data from recent research studies on framing issues related to white black Latino and Asian Americans and on society generally The book also includes a new discussion of the impact of the white frame on popular culture including on movies video games and television programs as well as a discussion of the white racial frame s significant impacts on public policymaking immigration the environment health care and crime and imprisonment issues Readings in Civil Sociology Edward Alsworth Ross,Mrs. Mary Edna McCaull

Bohlman,1926 **Social Work and Social Welfare** Marla Berg-Weger,2012-12-19 Social Work and Social Welfare An Invitation is a nationally recognized best selling text and unique website for US Introductory Social Work and Social Welfare courses It provides students with the knowledge skills and values that are essential for working with individuals families groups organizations communities and public policy in a variety of practice settings This new third edition is an up to date profile of the world in which today s social workers practice with current demographic statistical legislative policy and research information sensitive discussions of contemporary ethical issues and new rst person narratives from social workers in a variety of elds The call to become engaged in some of society s most challenging issues is clearer than in previous editions *Crime and Networks* Carlo Morselli,2013-10-08 This innovative collection of original essays showcases the use of

social networks in the analysis and understanding of various forms of crime More than any other past research endeavor the seventeen chapters in this book apply to criminology the many conceptual and methodological options from social network analysis Crime and Networks is the only book of its kind that looks at the use of networks in understanding crime and can be used for advanced undergraduate and beginner s graduate level courses in criminal justice and criminology **Readings in**

Introductory Sociology Pearson Custom Publishing,1998-01 *Chapters 6-9: The Practice of Generalist Social Work, Third Edition ,* **Through the Global Lens** Michael Strada,2021-04-14 Through the Global Lens uses a global perspective to analyze human affairs This text looks at each of the six social sciences sociology anthropology political science economics psychology and geography and uses case studies feature film analyses maps and photos to highlight important historical events and concepts throughout Readings in Urban Sociology Scott Elias William Bedford,1927 **The Pains of Mass**

Imprisonment Benjamin Fleury-Steiner,Jamie G Longazel,2013-10-01 This concise and engaging book presents a critical perspective on the correctional system and the process of incarceration in the United States Fleury Steiner and Longazel emphasize the magnitude of mass imprisonment in the United States especially of people of color not by objective statistics and trends but by the voices and lived experiences of individuals who live their harsh conditions on a daily basis This is an ideal book for courses in corrections social problems criminology and prisoner re entry **Social Policy for Effective**

Practice Rosemary Chapin,2014-03-05 For use as a text in foundations generalist social policy courses either at the

baccalaureate or master s level this book examines the process of defining need analyzing social policy and developing new policy A clear philosophical base and a common theoretical framework underlie the discussion of each component of the policy process Four themes are interwoven throughout the book the importance of thinking critically about social policy the benefits of using the strengths perspective in policy analysis and development the critical role social policy plays in all areas of practice and the absolute responsibility of every social worker to engage in policy practice Routledgesw com now contains 6 cases the Sanchez Case has been revised to include much more policy content Instructor materials include extra readings PowerPoints test questions annotated links syllabi and EPAS guidelines The book is also customizable on Routledge Custom Gateway
