**The End of the Church?** Hannah Marije Altorf, John Reuben Davies, Tibor Fabiny, Michael Fuller, Trevor Hart, Alison Jack, Elisabeth Jay, Lori A . Kanitz, Vassiliki Kolocotroni, Ann Loades, Margaret Masson, Donald Orr, Jeremy J . *The Way of Suffering* Jerome Miller, 1989-01-01 This book can best be described as an extended meditation on suffering phenomenological in method and dialectical in point of view The angle the author takes is that of moral self examination rather than conventional scholarly inquiry and his aim is to think through and evaluate a fundamental claim of our culture from Aeschylus to Solzhenitsyn that suffering is the greatest spiritual teacher To bring the argument closer to home Professor Miller focuses on the experience of crisis as the undermining of our attempts at all costs to keep control of our lives This leads him to discuss topics such as the nature of vulnerability the difference as sketched by Heidegger between ordinary fear and metaphysical dread the ordinary avoidance of suffering and the heroic willingness to embrace it exemplified by Nietzsche s Thus Spake Zarathustra But this is a philosophical essay not a historical monograph

and Miller's goal is to lead the reader ever deeper in to the heart of crisis where all our illusions about control are stripped away and we forced to face like Oedipus the harshest reality of all that even our existence is not something we can claim as our own. It is here and only here Miller claims the issue of religious conversion can be and must be seriously faced. This is a demanding book as exhilarating as it is relentless in its unmasking of the evasions and duplicities with which we shore up our day to day lives. The late William F Lynch SJ author of *Christ and Apollo* called it a profoundly moral study of man. To read it is to risk changing your life.

*Israel's Armed Forces in Comparative Perspective* Stuart A. Cohen, 2010-01-21 This edited book constitutes the first detailed attempt at a comparative international analysis of the transformations that are currently affecting the composition of the Israel Defense Forces IDF and their place in Israeli society. Focusing primarily on deviations from the traditional norm of universal military service the book compares the emergence of a new type of citizen army in Israel with the formats that have in recent decades become evident in other western democracies. In addition these essays correct the conventional tendency to concentrate almost exclusively on the influences stimulating military institutional change in the West and thereby to overlook the equally important factors that retard its momentum. By contrast this volume deliberately highlights the brakes as well as the accelerators in current processes thereby presenting a far more faithful picture of their complexity. This book will be of much interest to students of Israeli politics military studies Middle Eastern politics security studies and IR in general. Stuart Cohen is a senior research associate of the BESA Begin Sadat Center for Strategic Studies and also teaches political studies at Bar Ilan University Israel. His most recent book is *Israel and its Army From Cohesion to Confusion* Routledge 2008.
