Swartz,2018-04-27 Moving beyond the content integration approach of multicultural education this text powerfully advocates for the importance of curriculum built upon authentic knowledge construction informed by the Black intellectual tradition and an African episteme By retrieving examining and reconnecting the continuity of African Diasporan heritage with school knowledge this volume aims to repair the rupture that has silenced this cultural memory in standard historiography in general and in PK 12 curriculum content and pedagogy in particular This ethically informed curriculum approach not only allows students of African ancestry to understand where they fit in the world but also makes the accomplishments and teachings of our collective ancestors available for the benefit of all King and Swartz provide readers with a process for making overt and explicit the values actions thoughts and behaviors reflected in an African episteme that serves as the foundation for African Diasporan sociohistorical phenomenon events With such knowledge teachers can conceptualize curriculum and shape instruction that locates people in all cultures as subjects with agency whose actions embody their ongoing cultural legacy **In Search of the Kuskokwim and Other Great Endeavors** Stephen Josiah Spurr,2010 The United States knew relatively little about Alaska prior to the turn of the century when the Klondike Gold Rush was about to attract thousands of stampedeers north many of them spilling over into Alaska as more gold was discovered on the Yukon River and her tributaries The government had few reliable maps of the vast territory it had purchased from Russia thirty years before The U S government commissioned J Edward Spurr a geologist author and explorer from New England to mount two expeditions to explore and inventory Alaska traveling thousand miles by canoe and on foot without benefit of telephones radios airplanes The effort almost killed him but his efforts helped provide detail to
