It Must Be Art! Michael Fishel, 2018-09-15 Collection of works by artists who published psychedelic posters with Big O Posters Features hundreds of works by 19 artists including Martin Sharp Roger Dean and H R Giger Posters and art for glam rock hippie music counterculture literature film and more **Rudolf Hausner** Wieland Schmied, 1970 A catalog of paintings and prints by the Austrian artist Rudolf Hausner , *Psychoanalytic Perspectives on Art*, V. 3 Mary M. Gedo, 2013-05-13 This new hardcover annual offers a unique scholarly format an interdisciplinary dialogue that it is hoped will foster the development of a sound useful methodology for applying psychoanalytic insight to art and artists The series provides a medium for those who study art those who interpret it and occasionally those who create it formally to explore the meaning of an artistic work as the direct reflection of the inner world of its creator Within each volume individual topics are addressed by either an art historian or a psychoanalyst with a response frequently tendered by an expert from the other field Reviews of important books of cross disciplinary interest are treated in a similar manner and include rebuttals by the authors themselves It is precisely this exchange of ideas among scholars with difference perspectives on the meaning of a work of art that sets PPA apart from the standard art history publication Its depth of scholarship coupled with its innovative format make it a fascinating addition to the burgeoning field of psychoanalytic studies of art history *Adam und Anima : Rudolf Hausner 80 Jahre* Rudolf *Hausner, 1995 **Art and architecture of the early 20th century** Dorothea Eimert, 2024-11-12 The beginning of the twentieth century was a period marked by intense aesthetic and ideological research Caught up in the chaos of historical world conflicts artists went beyond the simple role of witnesses to become true players in the unstable atmosphere Well aware of their influence painters sculptors and architects each with their own media attempted to inform the public about contemporary issues or solve problems caused by cultures advancing at a rapid assembly line speed Picasso s masterpiece Guernica remains to this day the ultimate symbol of pacifistic revolts Lavishly illustrated this book will help the reader understand the period when artists adjusted to the accelerating pace of their world by creating works of timeless modernity Roots of Theological Anti-Semitism Anders Gerdmar, 2009 Exploring the link between German biblical interpretation and anti Semitism this book is a fresh comprehensive study of leading German exegetes concluding that although Nazism brought anti Semitic exegesis to a head age old thought structures provided powerful legitimation for oppression Conceptions of Postwar German Masculinity Roy Jerome, 2001-05-16 Examines masculinity in German culture society and literature from 1945 to the present **Martin Kippenberger** Chris Reitz, 2023-06-06 An illuminating study of the work of artist Martin Kippenberger whose art expressed the enthusiasms and frustrations of the West German middle class Martin Kippenberger Everything Is Everywhere is the first scholarly monograph in English on West German artist Martin Kippenberger 1953 1997 one of the most prominent German artists of the 1980s In this book Chris Reitz shows that the condition of Kippenberger s art was an endless enthusiastic searching constrained by the impossibility of fulfillment A

child during West Germany's Wirtschaftswunder the economic miracle of the 1950s and 1960s and a young adult during the economic recession and political tumult of the 1970s Kippenberger belonged to the first truly postwar generation But largely uninterested in the legacy of National Socialism that had occupied his predecessors Kippenberger instead pursued a hyperproductive artistic practice that reflected the dreams and fears of the ascendent 1980s West German middle class Kippenberger's ambitions took him everywhere he founded a museum in Greece invested in a fashion business and a restaurant and even bought a gas station in Brazil He made art in a dizzying range of genres from paintings to poetry from posters to stickers He made art out of his appetites too producing art on the theme of his own alcoholism Intensely entrepreneurial Kippenberger carried out an artistic practice in which his diverse endeavors and the people who joined him in them were all connected in a sprawling network Reitz deftly presents Kippenberger's career as an allegory of the neoliberal networks of capital technology and culture that spanned Europe and America in the 1980s
