## COMMON GAMES PRINTABLE POSTER

### Darts

#### COMMON GAMES

##### 301

PLAYERS: 2+

GAME GOAL: Get to zero first.

Set up the scoreboard with each player starting at 301 (use 501 or 701 for a longer game). Determine a starting player.

Each round every player throws three darts. Subtract the sum of the dart throws from your total, then pass the darts to the next player.

You must hit the exact number of points in order to win - i.e. if you have 18 points left, you could hit the single 18, double 9, or triple 6 to win. If you go over, you bust and lose all points for that turn. If you bust on throw 1 or 2, you forfeit the rest of your throws.

First player to zero wins!

Extra rules - you can add "doubling in" and/or "doubling out" which means you must hit a double spot in order to start the game (doubling in) or end the game (doubling out). The double bullseye counts as a double.
