Silverstein,2011-01-31 In contrast to much of the Muslim world a majority of Turks consider Islam to be primarily a matter of personal choice and private belief How did such an arrangement come about

Moreover most observant Muslims in Turkey do not see such a conception and practice of Islam as illegitimate Why not Islam and Modernity in Turkey addresses these questions through an ethnographic study of Islamic discourses and practices and their articulation with mass media in Turkey against the background of late Ottoman and early Republican precedents This ground breaking book sheds new light on issues of commensurability and difference in culture religion and history and reformulates our understanding of Islam secularism and public life in Turkey the Muslim world and Europe *Islam* Yijiu JIN,2017-01-09 This important collection of articles by leading Chinese scholars of Islamic studies reflects current thinking about the past and present condition of Islam in China It has a strong focus on China s north west the most important region for the study of Islam in China Most contributions relate to the Hui Chinese speaking Muslims of Gansu and Qinghai provinces and the Ningxia Hui Autonomous Region but there are also chapters on the Uyghurs of Xinjiang An important feature of this book is the attention paid to the Sufi orders the role of these networks which embody an inner directed and mystical aspect of Islam is crucial to the understanding of Muslim communities in both historical and contemporary China
