Worobec, June Pachuta Farris, 2015-03-26 This is the first comprehensive multidisciplinary and multilingual bibliography on Women and Gender in East Central Europe and the Balkans Vol 1 and The Lands of the Former Soviet Union Vol 2 over the past millennium The coverage encompasses the relevant territories of the Russian Hapsburg and Ottoman empires Germany and Greece and the Jewish and Roma diasporas Topics range from legal status and marital customs to economic participation and gender roles plus unparalleled documentation of women writers and artists and autobiographical works of all kinds The volumes include approximately 30 000 bibliographic entries on works published through the end of 2000 as well as web sites and unpublished dissertations Many of the individual entries are annotated with brief descriptions of major works and the tables of contents for collections and anthologies The entries are cross referenced and each volume includes indexes **Entering History** Silke von der Emde, 2004 This book offers a thorough examination of the novels of Irmtraud Morgner 1933 1990 one of the most talented compelling and overlooked writers within East German feminist and avant garde circles Using a combination of theoretical approaches including Adorno's aesthetic theories and Bakhtinian analyses of dialogism and the carnivalesque the author traces Morgner's engagement with postmodernist aesthetic strategies back to her efforts beginning in the early 1970s to pose questions about effective political practices Morgner's work sheds new light on the fraught relationship between GDR intellectuals and the state a hotly debated topic that marks most recent attempts to understand literary culture in the German Democratic Republic Situating Morgner's fiction at the intersection of postmodern and feminist theory this study also offers new evidence for viewing literature from the GDR as significantly more complex and aesthetically interesting than has been previously assumed **Medieval German Voices in the 21st Century**, 2021-11-08 As witnessed by a tremendous upsurge in medieval research academic meetings innovative interpretive approaches enrolment numbers and

public interest Medieval Studies are proving once again to be a vibrant field of investigations both inside and outside of academia Nevertheless there is a tendency among colleagues and administrators in the field of Germanistik German Studies to exclude the earlier period as an exotic and irrelevant subject matter The contributors to this volume all of whom teach at North American universities make a strong case for the paradigmatic function of medieval German literature for the general field of Germanistik and argue that many of the most recent changes in our discipline related to the German Studies paradigm have been foreshadowed by Medieval Studies where interdisciplinarity comparative approaches the consideration of Mentalitätsgeschichte theology history art history even gender studies and the history of everyday life have often constituted the *conditio sine qua non* Some of the authors in this volume argue for the relevance of medieval German literature by investigating concrete cases taken from the Middle Ages others show how modern German literature has been deeply influenced by medieval texts The purpose of this volume is not to privilege medieval literature over modern literature but instead to reclaim the premodern period as an important and relevant field of investigation within contemporary German Studies

Freipass Volker Neuhaus, 2015 **Strategies Under Surveillance** Geoffrey Westgate, 2021-11-01 In this study Geoffrey Westgate offers a new understanding of Irmtraud Morgner by reading her as a specifically East German writer Through close analysis of her works the early journalism and socialist realism the socialist modernism of the banned *Rumba auf einen Herbst* the largely neglected but key texts of the late 1960s the major novels *Beatriz* and *Amanda* and the final uncompleted work *Das heroische Testament* the book examines the literary strategies Morgner adopted with respect to pivotal cultural political developments in the GDR The first to consider the trajectory of Morgner's career as a whole the study uncovers texts which have not appeared in bibliographies of her writings and draws on new biographical material including the writer's Nachlaß In addition the author uses archival material from the GDR Ministerium für Kultur and Ministerium für Staatssicherheit to illustrate how Morgner's texts were censored and how the writer was monitored by the secret police The book therefore provides a case study of official GDR Autorenpolitik and also shows that Morgner's oeuvre cannot be fully understood unless it is viewed in the context of this state control and surveillance Morgner's writings bear complex but eloquent testimony to the possibilities for literature in a dictatorship
