Run Gently Run Long:

Run Gently, Run Long Joe Henderson, 1978-06-01 **Running** Lindsey A. Freeman, 2023-02-10 In *Running* former NCAA Division I track athlete Lindsey A. Freeman presents the feminist and queer handbook of running that she always wanted but could never find. For Freeman, running is full of joy, desire, and indulgence in the pleasure and weirdness of having a body. It allows for a space of freedom to move and be moved. Through tender storytelling of a lifetime wearing running shoes, Freeman considers injury and recovery, what it means to run as a visibly queer person, and how the release found in running comes from a desire to touch something that cannot be accessed when still. *Running* invites us to run through life, legging it out the best we can with heart and style.

Best Runs Joe Henderson, 1999 Explains that running is about much more than going farther and faster; it's about having your best possible experience each and every time out.

Going Far Joe Henderson, 2011-11 **Cross-Country Running & Racing** Jeff Galloway, 2010-10-07 Annotation This book presents all the training necessary to train for cross country races. Trail Running Jeff Galloway, 2015-01-15 If you want to experience the real freedom of running in a natural surrounding, and if the ever-repeating runs in the streets start to bore you, trail running is the right way to improve your running experience. The charm of starting trail running is to find your own way on lonely mountain hiking trails and to set your own goals, because no trail run can be compared to another. Running guru Jeff Galloway offers his own approach of getting started with his unique way of guaranteeing an injury-free running style. With his Run Walk Run method, Jeff helps beginners to start trail running the right way. Advanced runners can use a specialized training program which will help them prevent overtraining injuries and other calamities you can encounter during intense training sessions. The book covers a wide range of trail running equipment, especially covering the whole range of trail running shoes. If you want to jump start your trail run, this is your complete guide.

Cross-Country Running Jeff Galloway, 2023-05-01 In this new edition, Olympian and running coach Jeff Galloway brings his proven Run Walk Run method to cross country running. Using his method and following the training plans provided, every cross country runner will improve performance, recover faster, and reduce the risk of injury. Jeff Galloway explains how to build endurance, train and race on hills, run on varied terrain, implement speed training, and race strategies, all while maximizing performance. He gives action plans for teamwork training and developing race methods, and he also covers injury prevention and treatment that gets an injured runner back racing in no time. The training programs incorporate Galloway's Magic Mile, the best way to check and monitor training progress, and are suitable for high school and college runners. Runners are also given the tools to set realistic pacing goals for long runs and races and to reach peak performance in the 5K, 1500m, 2000m, and 10K. Every cross country runner and coach needs this book.
