*Running Dog Maintenance* Penny Taylor, 2012-10 Lurchers and sighthounds have seen a huge rise in popularity over the past 40 years and where once the lurcher was the shadowy unseen tool of the poacher it now enjoys a more legitimate role as a modern day pest control aid as well as being valued as a companion and family pet The pure sighthound breeds have always had their aficionados whether as workers pets or show and racing dogs this book is written with all running dogs in mind the term by which the author refers to lurchers and sighthounds alike in this book Running dogs are athletes which need committed care and understanding if they are to remain sound and healthy in their work and the author has drawn upon her many years experience with working lurchers in order to compile a useful reference book for fellow owners Written in a down to earth style this manual explains how to rear feed and prepare the running dog for a healthy life whether that involves strenuous work competition or as a companion animal how to avoid injury where possible and how to recognise specific types of injury when they do occur how to treat them yourself and when to see the vet Running Dog Don

Manickavasagam, 2020-05-26 All the memories of a man in his life whether it might be of heart warming or heart breaking should not go buried along with his last breath but should leave some inputs to his family members relatives and friends to make them aware of his past life track for their future guidance At the same time if the same man happens to be a person who had served in any public service organization then his memories should not go vanished away along with his soul However such memories should necessarily leave a lesson to his successors and all the common public to learn the morals and to realize the things as to how the problems are raised in societies and how the same could be prevented Unlike the other departmental officials of the government services the police officials would not have an opportunity of second innings to continue their services in any other sector after their retirement as the police service is entirely different from other services of the governing bodies like technical educational medical and commercial services Because of this most of the retired police officials would feel themselves isolated and spend the remaining part of their lifetime in a lackadaisical manner
