Set on a similar but different world than we know, people with strange and powerful abilities have risen up to protect the normal population. These people use their gifts for the greater good. Organized and controlled under a single banner, they are the Ultra Heroes. Most people with these Ultra Powers are initially unaware that they are gifted with this power as it lies dormant and undisturbed until it's needed or forced to the surface. This is the story of one such person who seeks answers to the tragedy that gave birth to his new and unique abilities. It is the journey of a man conflicted by his intentions to do good but whose actions while trying to protect himself and his friends lead him down a darker path. *Forty Days and Forty Nights* Patrick Allen, 2024-11-21. Forty days and nights is a time of hardship and trial, but it is also a time of transition and hope. Hardships change people. Trying times always do. So often, however, people focus on the hardship or trial and forget that there is a journey to be embraced. They are on their way home, but they focus on the pain of the present rather than on the hope of a new landing place. When that is where they center, they can easily lose their way. People can live with the confidence that while trying times do take them somewhere, God is already there and at work long before they arrive.
